

Pricing Supplement dated November 13, 2017.

BofA Finance LLC

\$6,589,000

Leveraged Basket-Linked Notes due May 16, 2019

Fully and Unconditionally Guaranteed by

Bank of America Corporation

The notes do not bear interest. The amount that you will be paid on your notes on the stated maturity date (May 16, 2019) is based on the performance of a weighted basket comprised of the EURO STOXX 50[®] Index (37% weighting), the FTSE[®] 100 Index (23% weighting), the TOPIX[®] (23% weighting), the Swiss Market Index (9% weighting) and the S&P[®]/ASX 200 Index (8% weighting), as measured from the trade date (November 13, 2017) to and including the determination date (May 13, 2019, subject to adjustment). The initial basket level is 100 and the final basket level will equal the sum of the products, as calculated for each basket underlier, of: (i) the final index level divided by (ii) the initial index level (EURO STOXX 50[®] Index (3,574.52), the FTSE[®] 100 Index (7,415.18), the TOPIX[®] (1,783.49), the Swiss Market Index (9,162.74) and the S&P[®]/ASX 200 Index (6,021.772)) multiplied by (iii) the applicable initial weighted value for the basket underlier. If the final basket level on the determination date is greater than the initial basket level, the return on your notes will be positive, subject to the maximum settlement amount (\$1,305.40 for each \$1,000 face amount of your notes). If the final basket level declines from the initial basket level, you will be exposed to any decrease in the final basket level. In this case, the return on your notes will be negative. You may lose some or all of your investment in the notes.

To determine your payment at maturity, we will calculate the basket return, which is the percentage increase or decrease in the final basket level from the initial basket level. On the stated maturity date, for each \$1,000 face amount of your notes, you will receive an amount in cash equal to:

- if the basket return is *zero* or *positive* (the final basket level is *equal to* the initial basket level or *greater* than the initial basket level), the sum of (i) \$1,000 plus (ii) the product of (a) \$1,000 times (b) 3.0 times (c) the basket return, subject to the maximum settlement amount; or
- if the basket return is *negative* (the final basket level is *less* than the initial basket level), the sum of (i) \$1,000 plus (ii) the product of (a) the basket return times (b) \$1,000. This amount will be less than \$1,000.

Declines in one basket underlier may offset increases in the other basket underliers. Due to the unequal weighting of each basket underlier, the performances of the EURO STOXX 50[®] Index, the FTSE[®] 100 Index and the TOPIX[®] will have a significantly larger impact on your return on the notes than the performance of the Swiss Market Index or the S&P[®]/ASX 200 Index.

The notes will not be listed on any securities exchange. Investment in the notes involves certain risks, including the credit risk of BofA Finance LLC (“BofA Finance”), as issuer of the notes, and the credit risk of Bank of America Corporation (“BAC” or the “Guarantor”), as guarantor of the notes. Potential purchasers of the notes should consider the information in “Risk Factors” beginning on page PS-17 of this pricing supplement, page PS-5 of the accompanying product supplement, page S-4 of the accompanying prospectus supplement, and page 7 of the accompanying prospectus.

As of the trade date, the initial estimated value of the notes is \$970.90 per \$1,000 in face amount. See “Summary Information” beginning on page PS-6 of this pricing supplement, “Risk Factors” beginning on page PS-17 of this pricing supplement and “Structuring the Notes” on page PS-45 of this pricing supplement for additional information. The actual value of your notes at any time will reflect many factors and cannot be predicted with accuracy.

INVESTMENT THESIS

You should be willing to:

- forgo gains greater than a Maximum Settlement Amount of 130.540% of the face amount in exchange for 3x leveraged upside participation if the Basket Return is positive.
- forgo interest payments and accept the risk of losing your entire investment in exchange for the potential to earn 300% of any positive Basket Return up to a Maximum Settlement Amount of 130.540% of the face amount.

Your maximum return on your notes will not be greater than the return represented by the Maximum Settlement Amount, which such return is 30.540%. You could lose all or a portion of your investment if the Basket Return is negative.

DETERMINING THE CASH SETTLEMENT AMOUNT

At maturity, for each \$1,000 face amount, the investor will receive (in each case as a percentage of the face amount):

- if the Final Basket Level is greater than or *equal to* 100.00% of the Initial Basket Level, 100.00% *plus* 300.00% *times* the Basket Return, subject to a Maximum Settlement Amount of 130.540%;
- if the Final Basket Level is less than the Initial Basket Level, 100.00% *minus* 1.00% for each 1.00% that the Final Basket Level has declined below the Initial Basket Level.

If the Final Basket Level declines from the Initial Basket Level, the return on the notes will be negative, and the investor could lose their entire investment in the notes.
