

## Terms of the Notes

The Enhanced Return Notes provide you a leveraged return, subject to the Max Return, if the Ending Value of the Underlying, which is the S&P 500® Index, is greater than or equal to the Starting Value. If the Ending Value is less than the Starting Value but greater than or equal to the Threshold Value, you will lose 1% of the principal amount for each 1% that the Ending Value is less than the Threshold Value and will lose some or a significant portion of your investment. The Notes will not pay interest. At maturity, you will receive the Redemption Amount, calculated as described under "Redemption Amount Determination".
