

Contingent Income Auto-Callable Yield Notes

Fully and Unconditionally Guaranteed by Bank of America Corporation

Terms of the Notes

The Contingent Income Auto-Callable Yield Notes Linked to the Least Performing of the common stock of Adobe Inc., the common stock of Lowe's Companies, Inc., the common stock of PepsiCo, Inc. and the common stock of Starbucks Corporation (the "Notes") provide a monthly Contingent Coupon Payment of \$9.1667 on the applicable Contingent Payment Date if, on the related monthly Observation Date, the Observation Value of each Underlying Stock is greater than or equal to its Coupon Barrier. Beginning in November 2020, if the Observation Value of each Underlying Stock is greater than or equal to its Starting Value on the relevant Observation Date occurring each quarter, the Notes will be automatically called, in whole but not in part, at an amount equal to 100% of the principal amount, together with the relevant Contingent Coupon Payment. No further amounts will be payable following an Automatic Call. If the Notes are not automatically called, at maturity you will receive the Redemption Amount, calculated as described under "Redemption Amount Determination".

Risk Factors

- Your investment may result in a loss; there is no guaranteed return of principal.
- Your return on the Notes is limited to the return represented by the Contingent Coupon Payments, if any, over the term of the Notes.
- The Notes are subject to a potential Automatic Call, which would limit your ability to receive the Contingent Coupon Payments over the full term of the Notes.
- You may not receive any Contingent Coupon Payments and the Notes do not provide for any regular fixed coupon payments.
- Your return on the Notes may be less than the yield on a conventional debt security of comparable maturity.
- Any payment on the Notes is subject to our credit risk and the credit risk of the Guarantor, and any actual or perceived changes in our or the Guarantor's creditworthiness are expected to affect the value of the Notes.
- The public offering price you pay for the Notes will exceed their initial estimated value.
- We cannot assure you that a trading market for your Notes will ever develop or be maintained.
- The Contingent Coupon Payment, Early Redemption Amount or Redemption Amount, as applicable, will not reflect the prices of the Underlying Stocks other than on the Observation Dates or the Valuation Date, as applicable.
- Because the Notes are linked to the least performing (and not the average performance) of the Underlying Stocks, you may not receive any return on the Notes and may lose some or all of your principal amount even if the Observation Value or Ending Value of one Underlying Stock is always greater than or equal to its Coupon Barrier or its Threshold Value, as applicable.
- The terms of the Notes will not be adjusted for all corporate events that could affect an issuer of an Underlying Stock.

You may revoke your offer to purchase the Notes at any time prior to the time at which we accept such offer on the date the Notes are priced. We reserve the right to change the terms of, or reject any offer to purchase, the Notes prior to their issuance. In the event of any changes to the terms of the Notes, we will notify you and you will be asked to accept such changes in connection with your purchase. You may also choose to reject such changes in which case we may reject your offer to purchase.
