Bank of America will have the largest wealth management business in the world with nearly 20,000 financial advisors and approximately \$2.5 trillion in client assets. Global investment management capabilities will include approximately 50 percent ownership in BlackRock Inc. which had \$1.26 trillion in assets under management at September 30. Bank of America had \$564 billion in assets under management at September 30.

The combination also adds strengths in global debt underwriting, global equities and global merger and acquisition advice. After the acquisition, Bank of America would be the number one global debt underwriter, the top underwriter of global equity and the fourth-largest adviser on announced global mergers and acquisitions based on pro forma 2008 results through November 30.

Proposals to approve the issuance of shares of Bank of America common stock for the purposes of the transaction; to approve an amendment to the 2003 Key Associate Stock Plan, as amended and restated; to adopt an amendment to the Bank of America amended and restated certificate of incorporation to increase the number of authorized shares of Bank of America common stock; and to adjourn the meeting, were approved at the special meeting. The acquisition is expected to close by the end of the year, pending the satisfaction of customary approvals and closing conditions.
