DESCRIPTION OF NOTES

GENERAL

The Notes are to be issued as a series of Senior Debt Securities under the Senior Indenture, dated as of April 1, 1983, as amended and restated, which is more fully described in the accompanying Prospectus. The Notes will mature on February 9, 2000.

The Notes will bear interest from February 9, 1995, payable semiannually on February 9 and August 9 of each year (each an "Interest Payment Date"), commencing August 9, 1995, to the persons in whose names the Notes are registered on the preceding January 25 and July 25, respectively.

The Notes are not subject to redemption by the Company prior to maturity.

The Notes will be issued in denominations of \$1,000 and integral multiples thereof.

DEPOSITORY

Upon issuance, all Notes will be represented by one or more fully registered global securities (the "Global Notes"). Each such Global Note will be deposited with, or on behalf of, The Depository Trust Company as Depository (the "Depository"), and registered in the name of the Depository or a nominee thereof. Unless and until it is exchanged in whole or in part for Notes in definitive form, no Global Note may be transferred except as a whole by the Depository to a nominee of such Depository or by a nominee of such Depository to such Depository or another nominee of such Depository or by such Depository or any such nominee to a successor of such Depository or a nominee of such successor.

The Depository has advised the Company as follows: The Depository is a limited-purpose trust company organized under the Banking Law of the State of New York, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. The Depository was created to hold securities of its participants ("Participants") and to facilitate the clearance and settlement of securities transactions among its Participants in such securities through electronic book-entry changes in accounts of the Participants, thereby eliminating the need for physical movement of securities certificates. The Depository's Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations, including the Underwriters. The Depository is owned by a number of Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. Access to the Depository's book-entry system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly ("Indirect Participants").

Purchases of Notes must be made by or through Participants, which will receive a credit on the records of the Depository. The ownership interest of each actual purchaser of each Note (the "Beneficial Owner") is in turn to be recorded on the Participants' or Indirect Participants' records. Beneficial Owners will not receive

S-2

written confirmation from the Depository of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Participant or Indirect Participant through which the Beneficial Owner entered into the transaction. Ownership of beneficial interests in Global Notes will be shown on, and the transfer of such ownership interests will be effected only through, records maintained by the Depository (with respect to interests of Participants) and on the records of Participants (with respect to interests of persons held through Participants). The laws of some states may require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to own, transfer or pledge beneficial interests in Global Notes.

So long as the Depository, or its nominee, is the registered owner of a Global Note, the Depository or its nominee, as the case may be, will be

considered the sole owner or Holder of the Notes represented by such Global Note for all purposes under the Senior Indenture. Except as provided below, Beneficial Owners of a Global Note will not be entitled to have the Notes represented by such Global Note registered in their names, will not receive or be entitled to receive physical delivery of the Notes in definitive form and will not be considered the owners or Holders thereof under the Senior Indenture. Accordingly, each Person owning a beneficial interest in a Global Note must rely on the procedures of the Depository and, if such Person is not a Participant, on the procedures of the Participant through which such Person owns its interest, to exercise any rights of a Holder under the Senior Indenture. The Company understands that under existing industry practices, in the event that the Company requests any action of Holders or that an owner of a beneficial interest in such a Global Note desires to give or take any action which a Holder is entitled to give or take under the Senior Indenture, the Depository would authorize the Participants holding the relevant beneficial interests to give or take such action, and such Participants would authorize Beneficial Owners owning through such Participants to give or take such action or would otherwise act upon the instructions of Beneficial Owners. Conveyance of notices and other communications by the Depository to Participants, by Participants to Indirect Participants, and by Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Payment of the principal of, and interest on, Notes registered in the name of the Depository or its nominee will be made to the Depository or its nominee, as the case may be, as the Holder of the Global Note or Notes representing such Notes. None of the Company, the Trustee or any other agent of the Company or agent of the Trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests or for supervising or reviewing any records relating to such beneficial ownership interests. The Company expects that the Depository, upon receipt of any payment of principal or interest in respect of a Global Note, will credit the accounts of the Participants with payments in amounts proportionate to their respective holdings in principal amount of beneficial interest in such Global Note as shown on the record of the Depository. The Company also expects that payments by Participants to Beneficial Owners will be governed by standing customer instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participants.

If (x) the Depository is at any time unwilling or unable to continue as Depository and a successor depository is not appointed by the Company within 60 days, or (y) the Company executes and delivers to the Trustee a Company Order to the effect that the Global Notes shall be exchangeable, or (z) an Event of Default has occurred and is continuing with respect to the Notes, the Global Note or Notes will be exchangeable for Notes in definitive form of like tenor and of an equal aggregate principal amount, in denominations of \$1,000 and integral multiples thereof. Such definitive Notes shall be registered in such name or names as the Depository shall instruct the Trustee. It is expected that such instructions may be based upon directions received by the Depository from Participants with respect to ownership of beneficial interests in Global Notes.

SAME-DAY SETTLEMENT AND PAYMENT

Settlement for the Notes will be made by the Underwriters in immediately available funds. All payments of principal and interest on the Notes will be made by the Company in immediately available funds so long as the Notes are maintained in book-entry form.

S-3

Secondary trading in long-term notes and debentures of corporate issuers is generally settled in clearing house or next-day funds. In contrast, the Notes will trade in the Depository's Same-Day Funds Settlement System and secondary trading activity in the Notes will therefore be required by the Depository to settle in immediately available funds. No assurance can be given as to the effect, if any, of settlement in immediately available funds on trading activity in the Notes.

UNDERWRITING

The Underwriters named below (the "Underwriters") have each severally agreed, subject to the terms and conditions of the Underwriting Agreement and a Terms Agreement, to purchase from the Company the principal amount of Notes set forth opposite their respective names. The Underwriters are committed to purchase all of the Notes if any of the Notes are purchased.

THE COMPANY WILL PROVIDE WITHOUT CHARGE TO EACH PERSON TO WHOM THIS PROSPECTUS IS DELIVERED, ON WRITTEN OR ORAL REQUEST OF SUCH PERSON, A COPY (WITHOUT EXHIBITS OTHER THAN EXHIBITS SPECIFICALLY INCORPORATED BY REFERENCE) OF ANY OR ALL DOCUMENTS INCORPORATED BY REFERENCE INTO THIS PROSPECTUS. RUSSO, SECRETARY, MERRILL LYNCH & CO., INC., 100 CHURCH STREET, 12TH FLOOR, NEW YORK, NEW YORK 10080-6512; TELEPHONE NUMBER (212) 602-8435.

Merrill Lynch & Co., Inc. is a holding company that, through its subsidiaries and affiliates, provides investment, financing, insurance and related services worldwide. Its principal subsidiary, Merrill Lynch, Pierce, Fenner & Smith Incorporated ("MLPF&S"), is one of the largest securities firms in the world. MLPF&S is a broker in securities, options contracts, commodity and financial futures contracts, a distributor of selected insurance products, a dealer in options and in corporate and municipal securities and an investment banking

firm. Merrill Lynch Government Securities Inc. is a primary dealer in obligations issued by the U.S. Government or agencies thereof or guaranteed or insured by Federal agencies or instrumentalities. Merrill Lynch Capital Services, Inc., Merrill Lynch Derivative Products, Inc., and Merrill Lynch Capital Markets PLC are the Company's primary derivative subsidiaries which enter into interest rate and currency swaps and other derivative transactions. Merrill Lynch Asset Management, L.P. manages mutual funds and provides investment advisory services. Other subsidiaries provide financial services outside the United States similar to those of MLPF&S and are engaged in such other activities as international banking, lending and providing other investment and financing services. The Company's insurance underwriting and marketing operations consist of the underwriting of life insurance and annuity products through subsidiaries of Merrill Lynch Insurance Group, Inc., and the sale of life insurance and annuities through Merrill Lynch Life Agency Inc. and other life insurance agencies associated with MLPF&S.

The principal executive office of the Company is located at World Financial Center, North Tower, 250 Vesey Street, New York, New York 10281; its telephone number is (212) 449-1000.

USE OF PROCEEDS

The Company intends to use the net proceeds from the sale of the Securities for general corporate purposes. Such uses may include the funding of investments in, or extensions of credit to, its subsidiaries, the funding of assets held by the Company or its subsidiaries, including securities inventories, customer receivables and loans (including business loans, home equity loans and loans in connection with investment banking-related merger and acquisition activities) and the lengthening of the average maturity of the Company's borrowings (including the refunding of maturing indebtedness). The precise amount and timing of investments in, and extensions of credit to, its subsidiaries will depend upon their funding requirements and the availability of other funds to the Company and its subsidiaries. Pending such applications, the net proceeds will be temporarily invested or applied to the reduction of short-term indebtedness. A substantial portion of the proceeds from the sale of any Currency Warrants or Index Warrants may be used to hedge market risks with respect to such Warrants. Management of the Company expects that it will, on a recurrent basis, engage in additional financings as the need arises to finance the growth of the Company or to lengthen the average maturity of its borrowings. To the extent that Securities being purchased for resale by MLPF&S are not resold, the aggregate proceeds to the Company and its subsidiaries would be reduced.

SUMMARY FINANCIAL INFORMATION

The following summary of consolidated financial information was derived from, and is qualified in its entirety by reference to, the financial statements and other information and data contained in the Company's Annual Report on Form 10-K for the year ended December 31, 1993 and Current Report on Form 8-K, dated January 23, 1995. See "Incorporation of Certain Documents by Reference." The Current Report on Form 8-K, dated January 23, 1995 (which includes unaudited preliminary financial information for the year ended December 30, 1994) and the other documents incorporated herein by reference will be superseded by the Company's Annual Report on Form 10-K for the year ended December 30, 1994. In the opinion of management of the Company, all adjustments, consisting only of normal recurring accruals, necessary for a fair statement of the 1994 results of operations have been included. The year-end results include 52 weeks for 1990, 1991, 1992, and 1994 and 53 weeks for 1993.

The Company conducts its business in highly volatile markets. Consequently, the Company's results can be affected by many factors, including general market conditions, the liquidity of secondary markets, the level and volatility of interest rates and currency values, the valuation of securities positions, competitive conditions, and the size, number, and timing of transactions. In periods of unfavorable market activity, profitability can be adversely affected because certain expenses remain relatively fixed. As a result, net earnings and revenues can vary significantly from period to period.

- (1) Net earnings for 1992 were reduced by \$58,580,000 to reflect the adoption of Statement of Financial Accounting Standards ("SFAS") No. 106, "Employers' Accounting for Postretirement Benefits Other Than Pensions" and SFAS No. 109, "Accounting for Income Taxes". Net earnings for 1993 were reduced by \$35,420,000 to reflect the adoption of SFAS No. 112, "Employers' Accounting for Postemployment Benefits".
- (2) For the purpose of calculating the ratio of earnings to fixed charges, "earnings" consists of earnings from continuing operations before income taxes and fixed charges. "Fixed charges" consists of interest costs and that portion of rentals estimated to be representative of the interest factor. The ratio of earnings to fixed charges for the year ended December 30, 1994 is not available as of the date of this Prospectus. In 1989, fixed charges exceeded pretax earnings before fixed charges by \$187,564,000.
- (3) Balance sheet information for the year ended December 30, 1994 is not available as of the date of this Prospectus. At September 30, 1994, total assets, long-term borrowings, and stockholders' equity were \$168,394,906,000, \$15,847,957,000, and \$5,704,751,000, respectively. On January 1, 1994, the Company adopted Financial Accounting Standards Board Interpretation No. 39, "Offsetting of Amounts Related to Certain Contracts", which increased assets and liabilities at September 30, 1994 by approximately \$12,000,000,000.
- (4) To finance its diverse activities, the Company and certain of its subsidiaries borrow substantial amounts of short-term funds on a regular basis. Although the amount of short-term borrowings significantly varies with the level of general business activity, on September 30, 1994, \$362,240,000 of bank loans and \$13,599,697,000 of commercial paper were outstanding. In addition, certain of the Company's subsidiaries lend securities and enter into repurchase agreements to obtain financing. At September 30, 1994, cash deposits for securities loaned and securities sold under agreements to repurchase amounted to \$2,128,231,000 and \$56,635,531,000, respectively. From October 1, 1994 to January 27, 1995, long-term borrowings, net of new issuances and resales, decreased in the amount of approximately \$1,567,662,000.
- (5) Stockholders' equity for 1993 was increased by \$21,355,000 to reflect the adoption of SFAS No. 115, "Accounting for Certain Investments in Debt and Equity Securities".

FISCAL YEAR 1994

Financial markets, strong for the last three years and the first six weeks of 1994, changed significantly after inflationary fears prompted the Federal Reserve to increase short-term interest rates in February 1994. As the U.S. economy continued to expand, the Federal Reserve acted to further curb inflation and to moderate growth by increasing short-term interest rates five additional times during the year. The combination of rising interest rates, a weaker U.S. dollar, unsettled global stock, bond, and currency markets, reduced foreign investment in U.S. financial markets, and overall investor caution contributed to lower earnings for most U.S. securities firms. These conditions affected the Company's 1994 fourth quarter and full year results. Net earnings for the 1994 fourth quarter were \$161.6 million, down 30% from the 1994 third quarter and down 53% from the 1993 fourth quarter.

Net earnings for 1994 were \$1,016.8 million, down 25% from record 1993 earnings of \$1,358.9 million. Net earnings for 1993 included a \$35.4 million cumulative effect charge (net of \$25.1 million of applicable income tax benefits) related to the adoption of Statement of Financial Accounting Standards No. 112, "Employers' Accounting for Postemployment Benefits". Earnings for 1993 before the cumulative effect of the change in accounting principle were \$1,394.4 million. Earnings per common share in 1994 were \$4.75 primary and \$4.74 fully diluted, compared with \$5.98 primary and \$5.95 fully diluted (\$6.14 primary and \$6.11 fully diluted before the accounting change) in 1993. As previously reported, 1993 results included a non-recurring pretax lease charge totaling \$103.0 million (\$59.7 million after income taxes) related to the Company's decision not to occupy certain space at the World Financial Center

Headquarters ("Headquarters") facility. This space was sublet in 1994.

Total revenues were \$18,233 million, up 10% from 1993. Net revenues (revenues after interest expense) totaled \$9,625 million in 1994, down 9% from 1993.

Commission revenues were \$2,871 million, virtually unchanged from \$2,894 million in 1993. Higher commission revenues from mutual funds and commodity transactions were offset by lower commission revenues from transactions in listed securities and money market instruments. Sales of mutual funds, particularly front-end funds, declined as investors were less active due to uncertain markets and rising interest rates. For the first time since 1974, both stock and bond mutual funds fell in value industrywide, on average, in the same year. Distribution fees, related to deferred charge funds, benefited from strong mutual fund sales in prior periods, while redemption fees increased as investors repositioned their portfolios primarily from fixed-income funds to stock and money market funds. Commissions on listed securities transactions decreased due to a decline in the relative amount of business by retail clients versus institutional clients. Other commission revenues declined principally as a result of lower commissions from money market instruments, partially offset by higher revenues from commodity transactions.

Interest and dividend revenues increased 35% to \$9,578 million from \$7,099 million in 1993. Interest expense, including dividend expense, rose 43% to \$8,609 million from \$6,030 million in 1993. Net interest and dividend profit decreased 9% to \$969 million due to a significant increase in short-term interest rates, year over year, leading to a substantial flattening of the yield curve. The change in the yield curve, the relationship between interest rates and maturities, is attributable to short-term interest rates rising faster than long-term interest rates in 1994. As a result, interest spreads declined, while financing and hedging costs increased from a year ago.

Principal transactions revenues fell 20% to \$2,335 million from the 1993 record \$2,920 million as a result of rising interest rates, a declining U.S. dollar, and volatile world financial markets. Revenues from taxable fixed-income securities, equities and equity derivatives, and foreign exchange and commodities decreased, while interest rate and currency swaps, and municipal securities revenues increased. Taxable fixed-income revenues declined 52% to \$462 million due primarily to lower revenues from corporate bonds and preferred stock, non-U.S. governments and agency securities, and high-yield bonds. Equities and equity derivatives revenues decreased 36% to \$456 million, reflecting lower trading results in virtually all categories, including a loss in convertible securities. Foreign exchange and commodities trading revenues, in the

5

aggregate, declined 31% to \$109 million. Weakness in the U.S. dollar versus other major currencies depressed foreign exchange trading, while commodities trading revenues benefited from increased volume. Interest rate and currency swaps revenues advanced 21% to \$920 million reflecting higher revenues from U.S. dollar denominated swap trading activities, particularly those related to structured financing transactions. Municipal securities trading revenues increased 20% to \$388 million due to strong retail investor demand for tax-exempt investments.

Investment banking revenues were \$1,239 million, down 32% from \$1,831 million in 1993 due primarily to the effects of rising interest rates and reduced demand. Underwriting revenues were down in almost all categories, with significant decreases in equities, corporate bonds and preferred stock, and convertible securities. Strategic services revenues, which include merger and acquisition fees, and advisory fees, benefited from increased merger and acquisition advisory assignments in various industries.

Asset management and portfolio services fees rose 12% from \$1,558 million, in 1993 to a record \$1,739 million. Asset management fees advanced due primarily to an increase in stock funds under management. Portfolio service fees advanced due to the continued growth in the number of Asset Power (Registered Trademark) accounts, a product with fees and transaction limits based on asset levels, and increased revenues from the ML Consults (Registered Trademark) product.

Other revenues were \$471 million, up 65% from \$285 million in 1993. The increase in other revenues was attributable to net realized gains on investments related to merchant banking activities of \$81 million, compared with unrealized losses of \$133 million in 1993.

Non-interest expenses were \$7,895 million, down 3% from \$8,133 million in the year-ago period. Excluding the 1993 non-recurring lease charge totaling \$103.0 million, non-interest expenses declined 2%.

Compensation and benefits expense, which represented approximately 63% of total non-interest expenses, declined 6% due principally to lower incentive and production-related compensation. Compensation and benefits expense, as a percentage of net revenues, was 51.5% in 1994, compared with 49.8% in 1993.

Occupancy costs declined 24% (7% excluding the 1993 non-recurring lease charge) benefiting from continued relocation of support staff to lower cost facilities and reduced space requirements at the Headquarters facility. Other facilities costs, which include communications and equipment rental, and depreciation and amortization, were up 9% due to increased use of market data services and higher depreciation expense from the acquisition of technology-related equipment.

Advertising and market development expenses were down 1% with discretionary costs decreasing as business conditions became less favorable. Lower sales promotion and advertising costs were mostly offset by increased travel related to international business activities. Professional fees increased 26% due to the use of management and systems consultants to upgrade technology and processing capabilities, and higher legal fees. Brokerage, clearing, and exchange fees increased 20% reflecting higher international equity volume and expanded risk management activities related to volatile global markets. Other expenses increased 1% from 1993.

Income tax expense totaled \$713 million in 1994, down 31% from \$1,030 million in 1993. The effective tax rate was 41.2% in 1994 versus 42.5% in 1993 primarily due to lower state income taxes.

The Company filed a Current Report on Form 8-K dated January 12, 1995, describing an action commenced against the Company by Orange County, California (the "County") and the Orange County Investment Pools (the "Pools"). See "Incorporation of Certain Documents by Reference". The County and the Pools seek relief in excess of \$2 billion in connection with various securities transactions between the County and/or the Pools and the Company and its subsidiaries. Other actions have also been commenced against the Company and its subsidiaries arising out of the Company's dealings with the County Treasurer and the Pools.

6

The Company will vigorously contest these actions and believes it has meritorious defenses. Although the ultimate outcome of these actions cannot be ascertained at this time, it is the opinion of management that the resolution of these actions will not have a material adverse effect on the consolidated financial condition or operating results of the Company for the year ended December 30, 1994.

The Company has also received inquiries from various governmental entities examining the underlying events and is cooperating with these inquiries.

CERTAIN BALANCE SHEET INFORMATION AS OF SEPTEMBER 30, 1994

Balance sheet information as of December 30, 1994 is not available as of the date of this Prospectus. On January 1, 1994, the Company adopted Financial Accounting Standards Board Interpretation No. 39 ("Interpretation No. 39"), "Offsetting of Amounts Related to Certain Contracts". Interpretation No. 39 affects the financial statement presentation of balances related to swap, forward, and other similar exchange or conditional type contracts, and certain unconditional type contracts. Prior to the adoption of Interpretation No. 39, the Company followed industry practice in reporting balances related to certain types of contracts on a net basis. Unrealized gains and losses for swap, forward, and other similar contracts were reported net on the balance sheet by contract type, while certain receivables and payables related to resale and repurchase agreements were reported net by counterparty. The effect of Interpretation No. 39 increased assets and liabilities at September 30, 1994 by approximately \$12.0 billion.

The Company believes that its equity base is adequate relative to the level and composition of its assets and the mix of its business.

In the normal course of business, the Company underwrites, trades, and holds non-investment grade securities in connection with its market-making, investment banking, and derivative structuring activities. These activities are subject to risks related to the creditworthiness of the issuers and the liquidity of the market for such securities, in addition to the usual risks associated with investing in, extending credit, underwriting, and trading in investment grade instruments.

At September 30, 1994, the fair value of long and short non-investment grade trading inventories amounted to \$3,271 million and \$496 million, respectively, and in the aggregate (i.e., the sum of long and short trading inventories), represented 4.2% of aggregate consolidated trading inventories.

At September 30, 1994, the carrying value of extensions of credit provided to corporations entering into leveraged transactions aggregated \$283 million (excluding unutilized revolving lines of credit and other lending commitments of \$131 million), consisting primarily of senior term and subordinated financings to 37 medium-sized corporations. At September 30, 1994, the Company had no bridge loans outstanding. Loans to highly leveraged corporations are carried at unpaid principal balance less a reserve for

estimated losses. The allowance for loan losses is estimated based on a review of each loan, and consideration of economic, market, and credit conditions. Subsequent to September 30, 1994, the Company assigned \$116 million of a \$126 million commitment to third parties. As part of this transaction, a \$38 million loan receivable was repaid. The Company has also funded \$8 million of its remaining \$10 million commitment. Direct equity investments made in conjunction with the Company's investment and merchant banking activities aggregated \$284 million at September 30, 1994, representing investments in 81 enterprises. Equity investments in privately-held corporations for which sale is restricted by government or contractual requirements are carried at the lower of cost or estimated net realizable value. At September 30, 1994, the Company held interests in partnerships, totaling \$98 million (recorded on the cost basis), that invest in highly leveraged transactions and non-investment grade securities. Prior to July 1, 1994, the Company had a co-investment arrangement to enter into direct equity investments. At September 30, 1994, the additional co-investment commitments were \$7 million. At September 30, 1994, the Company also committed to invest an additional \$74 million in partnerships that invest in leveraged transactions. Subsequent to September 30, 1994, the

7

Company committed to provide up to \$52 million of financing to a non-investment grade counterparty of which \$45 million has been funded.

The Company's insurance subsidiaries hold non-investment grade securities. At September 30, 1994, non-investment grade insurance investments were \$386 million, representing 6.4% of total insurance investments. At September 30, 1994, non-investment grade securities of insurance subsidiaries were classified as trading or available-for-sale and were carried at fair value.

At September 30, 1994, the largest non-investment grade concentration consisted of various issues of a Latin American sovereign totaling \$271 million, of which \$74 million represented on-balance-sheet hedges for off-balance-sheet instruments. No single industry sector accounted for more than 15% of total non-investment grade positions. At September 30, 1994, the Company held an aggregate carrying value of \$254 million in debt and equity securities of issuers in various stages of bankruptcy proceedings. Approximately 59% of this amount resulted from the Company's market-making activities.

DESCRIPTION OF DEBT SECURITIES

Unless otherwise specified in a Prospectus Supplement, the Senior Debt Securities are to be issued under an indenture (the "Chemical Indenture"), dated as of April 1, 1983, as amended and restated, between the Company and Chemical Bank (successor by merger to Manufacturers Hanover Trust Company), as trustee or issued under an indenture (the "Chase Indenture"), dated as of October 1, 1993 between the Company and The Chase Manhattan Bank, N.A. as trustee (each, a "Senior Debt Trustee"). The Chemical Indenture and the Chase Indenture are referred to herein as the "Senior Indentures". The Subordinated Debt Securities are to be issued under an indenture (the "Subordinated Indenture"), dated as of August 1, 1991, between the Company and Chemical Bank (successor by merger to Manufacturers Hanover Trust Company), as trustee (the "Subordinated Debt Trustee"). The Senior Debt Securities and Subordinated Debt Securities may also be issued under one or more other indentures (each, a "Subsequent Indenture") and have one or more other trustees (each, a "Subsequent Trustee"). Any Subsequent Indenture relating to Senior Debt Securities will have terms and conditions identical in all material respects to the above-referenced Senior Indentures and any Subsequent Indenture relating to Subordinated Debt Securities will have terms and conditions identical in all material respects to the above-referenced Subordinated Indenture, including, but not limited to, the applicable terms and conditions described below. Any Subsequent Indenture relating to a series of Debt Securities, and the trustee with respect thereto, will be identified in the applicable Prospectus Supplement. The Senior Indentures, the Subordinated Indenture and any Subsequent Indentures (whether senior or subordinated) are referred to herein as the "Indentures"; and the Senior Debt Trustees, the Subordinated Debt Trustee and any Subsequent Trustees are referred to herein as the "Trustees". A copy of each Indenture is filed (or, in the case of a Subsequent Indenture, will be filed) as an exhibit to the registration statements relating to the Securities (collectively, the "Registration Statement"). The following summaries of certain provisions of the Indentures do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all provisions of the respective Indentures, including the definitions therein of certain terms.

GENERAL

Each Indenture provides that Debt Securities (Senior Debt Securities in the case of the Senior Indentures or a Subsequent Indenture for Senior Debt Securities, and Subordinated Debt Securities in the case of the Subordinated Indenture or a Subsequent Indenture for Subordinated Debt Securities) may be issued thereunder, without limitation as to aggregate principal amount, in one or more series, by the Company from time to time upon satisfaction of certain conditions precedent, including the delivery by the Company to the applicable

Trustee of a resolution of the Board of Directors, or the Executive Committee thereof, of the Company which fixes or provides for the establishment of terms of such Debt Securities, including: (1) the aggregate principal amount of such Debt Securities and whether there is any limit upon the aggregate principal

8

amount of such Debt Securities that may be subsequently issued; (2) the date on which such Debt Securities will mature; (3) the principal amount payable with respect to such Debt Securities whether at maturity or upon earlier acceleration, and whether such principal amount will be determined with reference to an index, formula or other method; (4) the rate or rates per annum (which may be fixed or variable) at which such Debt Securities will bear interest, if any; (5) the dates on which such interest, if any, will be payable; (6) the provisions for redemption of such Debt Securities, if any, the redemption price and any remarketing arrangements relating thereto; (7) the sinking fund requirements, if any, with respect to such Debt Securities; (8) whether such Debt Securities are denominated or provide for payment in United States dollars or a foreign currency or units of two or more of such foreign currencies; (9) the form (registered or bearer or both) in which such Debt Securities may be issued and any restrictions applicable to the exchange of one form for another and to the offer, sale and delivery of such Debt Securities in either form; (10) whether and under what circumstances the Company will pay additional amounts ("Additional Amounts") in respect of such Debt Securities held by a person who is not a U.S. person (as defined in the Prospectus Supplement, as applicable) in respect of specified taxes, assessments or other governmental charges and whether the Company has the option to redeem the affected Debt Securities rather than pay such Additional Amounts; (11) whether such Debt Securities are to be issued in global form; (12) the title of the Debt Securities and the series of which such Debt Securities shall be a part; and (13) the denominations of such Debt Securities. Reference is made to the Prospectus Supplement for the terms of the Debt Securities being offered thereby, including whether such Debt Securities are Senior Debt Securities or Subordinated Debt Securities. Debt Securities may also be issued under the Indentures upon the exercise of Debt Warrants. See "Description of Debt Warrants". Nothing in the Indentures or in the terms of the Debt Securities will prohibit the issuance of securities representing subordinated indebtedness that is senior or junior to the Subordinated Debt Securities.

The Debt Securities will be issued, to the extent provided in the Prospectus Supplement, in fully registered form without coupons, and/or in bearer form with or without coupons, and in denominations set forth in the Prospectus Supplement. No service charge will be made for any registration of transfer of registered Debt Securities or exchange of Debt Securities, but the Company may require payment of a sum sufficient to cover any tax or other governmental charges that may be imposed in connection therewith. Each Indenture provides that Debt Securities issued thereunder may be issued in global form. If any series of Debt Securities is issuable in global form, the applicable Prospectus Supplement will describe the circumstances, if any, under which beneficial owners of interest in any such global Debt Securities may exchange such interests for Debt Securities of such series and of like tenor and principal amount in any authorized form and denomination. Principal of, and any premium, Additional Amounts and interest on, a global Debt Security will be payable in the manner described in the applicable Prospectus Supplement.

The provisions of the Indentures described above provide the Company with the ability, in addition to the ability to issue Debt Securities with terms different from those of Debt Securities previously issued, to "reopen" a previous issue of a series of Debt Securities and issue additional Debt Securities of such series.

The Senior Debt Securities will be unsecured and will rank pari passu with all other unsecured and unsubordinated indebtedness of the Company. The Subordinated Debt Securities will be unsecured and will be subordinated to all existing and future Senior Indebtedness (as defined below) of the Company. Since the Company is a holding company, the right of the Company, and hence the right of creditors of the Company (including the Holders of the Debt Securities), to participate in any distribution of the assets of any subsidiary upon its liquidation or reorganization or otherwise is necessarily subject to the prior claims of creditors of the subsidiary, except to the extent that claims of the Company itself as a creditor of the subsidiary may be recognized. In addition, dividends, loans and advances from certain subsidiaries, including MLPF&S, to the Company are restricted by net capital requirements under the Securities Exchange Act of 1934 and under rules of certain exchanges and other regulatory bodies.

Principal and interest, premium and Additional Amounts, if any, will be payable in the manner, at the places and subject to the restrictions set forth in the applicable Indenture, the Debt Securities and the Prospectus Supplement relating thereto, provided that payment of any interest and any Additional Amounts

9

may be made at the option of the Company by check mailed to the holders of registered Debt Securities at their registered addresses.

Debt Securities may be presented for exchange, and registered Debt Securities may be presented for transfer, in the manner, at the places and subject to the restrictions set forth in the applicable Indenture, the Debt Securities and the Prospectus Supplement relating thereto. Debt Securities in bearer form and the coupons, if any, pertaining thereto will be transferable by delivery. No service charge will be made for any transfer or exchange of Debt Securities, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

MERGER AND CONSOLIDATION

The Company may consolidate or merge with or into any other corporation, and the Company may sell, lease or convey all or substantially all of its assets to any corporation, provided that (i) the corporation (if other than the Company) formed by or resulting from any such consolidation or merger or which shall have received such assets shall be a corporation organized and existing under the laws of the United States of America or a state thereof and shall assume payment of the principal of, and any premium, Additional Amounts or interest on, the Debt Securities and the performance and observance of all of the covenants and conditions of the Indentures to be performed or observed by the Company, and (ii) the Company or such successor corporation, as the case may be, shall not immediately thereafter be in default under the Indentures.

MODIFICATION AND WAIVER

Modification and amendment of each Indenture may be effected by the Company and the applicable Trustee with the consent of the Holders of 66 2/3% in principal amount of the Outstanding Debt Securities of each series issued pursuant to such Indenture and affected thereby, provided that no such modification or amendment may, without the consent of the Holder of each Outstanding Debt Security affected thereby, (a) change the Stated Maturity of, or any installment of interest or Additional Amounts on, any Debt Security or any premium payable on the redemption thereof, or change the Redemption Price; (b) reduce the principal amount of, or the interest or Additional Amounts payable on, any Debt Security or reduce the amount of principal which could be declared due and payable prior to the Stated Maturity; (c) change the place or currency of any payment of principal of, or any premium, interest or Additional Amounts on, any Debt Security; (d) impair the right to institute suit for the enforcement of any payment on or with respect to any Debt Security; (e) reduce the percentage in principal amount of the Outstanding Debt Securities of any series, the consent of whose Holders is required to modify or amend such Indenture; or (f) modify the foregoing requirements or reduce the percentage of Outstanding Debt Securities necessary to waive any past default to less than a majority. No modification or amendment of the Subordinated Indenture or any Subsequent Indenture for Subordinated Debt Securities may adversely affect the rights of any Holder of Senior Indebtedness without the consent of such Holder. Except with respect to certain fundamental provisions, the Holders of at least a majority in principal amount of Outstanding Debt Securities of any series may, with respect to such series, waive past defaults under the applicable Indenture and waive compliance by the Company with certain provisions of such Indenture.

EVENTS OF DEFAULT

Under each Indenture, the following will be Events of Default with respect to Debt Securities of any series issued thereunder: (a) default in the payment of any interest or Additional Amounts upon any Debt Security of that series when due, continued for 30 days; (b) default in the payment of any principal of or premium, if any, on any Debt Security of that series when due; (c) default in the deposit of any sinking fund payment, when due, in respect of any Debt Security of that series; (d) default in the performance of any other covenant of the Company contained in such Indenture for the benefit of such series or in the Debt Securities of such series, continued for 60 days after written notice as provided in such Indenture; (e) certain events in bankruptcy, insolvency or reorganization; and (f) any other Event of Default provided with respect to Debt

Securities of that series. The applicable Trustee or the Holders of 25% in principal amount of the Outstanding Debt Securities of that series may declare the principal amount (or such lesser amount as may be provided for in the Debt Securities of that series) of all Outstanding Debt Securities of that series and the interest accrued thereon and Additional Amounts payable in respect thereof, if any, to be due and payable immediately if an Event of Default with respect to Debt Securities of such series shall occur and be continuing at the time of declaration. At any time after a declaration of acceleration has been made with respect to Debt Securities of any series but before a judgment or decree for payment of money due has been obtained by the applicable Trustee, the Holders of a majority in principal amount of the Outstanding Debt Securities of that series may rescind any declaration of acceleration and its consequences, if all payments due (other than those due as a result of

acceleration) have been made and all Events of Default have been remedied or waived. Any Event of Default with respect to Debt Securities of any series may be waived by the Holders of a majority in principal amount of all Outstanding Debt Securities of that series, except in a case of failure to pay principal of or premium, if any, or interest or Additional Amounts, if any, on any Debt Security of that series for which payment had not been subsequently made or in respect of a covenant or provision which cannot be modified or amended without the consent of the Holder of each Outstanding Debt Security of such series affected.

The Holders of a majority in principal amount of the Outstanding Debt Securities of a series may direct the time, method and place of conducting any proceeding for any remedy available to the applicable Trustee or exercising any trust or power conferred on such Trustee with respect to Debt Securities of such series, provided that such direction shall not be in conflict with any rule of law or the applicable Indenture. Before proceeding to exercise any right or power under an Indenture at the direction of such Holders, the applicable Trustee shall be entitled to receive from such Holders reasonable security or indemnity against the costs, expenses and liabilities which might be incurred by it in complying with any such direction.

The Company will be required to furnish to each Trustee annually a statement as to the fulfillment by the Company of all of its obligations under the applicable Indenture.

SPECIAL TERMS RELATING TO THE SENIOR DEBT SECURITIES

LIMITATIONS UPON LIENS

The Senior Indentures provide that the Company may not, and may not permit any Subsidiary to, create, assume, incur or permit to exist any indebtedness for borrowed money secured by a pledge, lien or other encumbrance (except for certain liens specifically permitted by the Senior Indentures) on the Voting Stock owned directly or indirectly by the Company of any Subsidiary (other than a Subsidiary which, at the time of incurrence of such secured indebtedness, has a net worth of less than \$3,000,000) without making effective provision whereby the Outstanding Senior Debt Securities will be secured equally and ratably with such secured indebtedness.

LIMITATION ON DISPOSITION OF VOTING STOCK OF, AND MERGER AND SALE OF ASSETS BY, MLPF&S

The Senior Indentures provide that the Company may not sell, transfer or otherwise dispose of any Voting Stock of MLPF&S or permit MLPF&S to issue, sell or otherwise dispose of any of its Voting Stock, unless, after giving effect to any such transaction, MLPF&S remains a Controlled Subsidiary (defined in the Senior Indentures to mean a corporation more than 80% of the outstanding shares of Voting Stock of which are owned directly or indirectly by the Company). In addition, the Senior Indentures provide that the Company may not permit MLPF&S to (i) merge or consolidate, unless the surviving company is a Controlled Subsidiary, or (ii) convey or transfer its properties and assets substantially as an entirety, except to one or more Controlled Subsidiaries.

SPECIAL TERMS RELATING TO THE SUBORDINATED DEBT SECURITIES

Upon any distribution of assets of the Company resulting from any dissolution, winding up, liquidation or reorganization, payments on Subordinated Debt Securities are to be subordinated to the extent provided in the Subordinated Indenture in right of payment to the prior payment in full of all Senior Indebtedness, but the obligation of the Company to make payments on the Subordinated Debt Securities will not otherwise be affected. No payment on Subordinated Debt Securities may be made at any time when there is a default in the payment of any principal, premium, interest, Additional Amounts or sinking fund of or on any Senior Indebtedness. Holders of Subordinated Debt Securities will be subrogated to the rights of holders of Senior Indebtedness to the extent of payments made on Senior Indebtedness upon any distribution of assets in any such proceedings out of the distributive shares of Subordinated Debt Securities. By reason of such subordination, in the event of a distribution of assets upon insolvency, certain creditors of the Company may recover more, ratably, than Holders of Subordinated Debt Securities.

Senior Indebtedness is defined in the Subordinated Indenture as the principal of, premium, if any, and unpaid interest on (a) indebtedness of the Company (including indebtedness of others guaranteed by the Company), other than the Subordinated Debt Securities, whether outstanding on the date of execution of the Subordinated Indentures or thereafter created, incurred, assumed or guaranteed, (i) for money owing to banks, (ii) for money borrowed from sources other than banks or (iii) in connection with the acquisition by the Company or a subsidiary of assets of any kind except in the ordinary course of business, unless in the instrument creating or evidencing the same or pursuant to which the same is outstanding it is provided that such indebtedness is not superior in right of payment to the Subordinated Debt Securities, and (b) renewals,

extensions, modifications and refundings of any such indebtedness. As of December 31, 1993, a total of approximately \$30.2 billion of the Company's indebtedness would have been Senior Indebtedness as so defined.

DESCRIPTION OF DEBT WARRANTS

The Company may issue, together with Debt Securities, Currency Warrants or Index Warrants or separately, Debt Warrants for the purchase of Debt Securities. The Debt Warrants are to be issued under Debt Warrant Agreements (each a "Debt Warrant Agreement") to be entered into between the Company and a bank or trust company, as Debt Warrant Agent (the "Debt Warrant Agent"), all as shall be set forth in the Prospectus Supplement relating to Debt Warrants being offered thereby. A copy of the form of Debt Warrant Agreement, including the form of Warrant Certificates representing the Debt Warrants (the "Debt Warrant Certificates"), reflecting the alternative provisions to be included in the Debt Warrant Agreements that will be entered into with respect to particular offerings of Debt Warrants, is filed as an exhibit to the Registration Statement. The following summaries of certain provisions of the Debt Warrant Agreement and the Debt Warrant Certificates do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all the provisions of the Debt Warrant Agreement and the Debt Warrant Certificates, respectively, including the definitions therein of certain terms.

GENERAL

The applicable Prospectus Supplement will describe the terms of Debt Warrants offered thereby, the Debt Warrant Agreement relating to such Debt Warrants and the Debt Warrant Certificates representing such Debt Warrants, including the following: (1) the designation, aggregate principal amount, price at which such principal amount may be purchased upon exercise and terms of the Debt Securities purchasable upon exercise of such Debt Warrants, including whether such Debt Securities are Senior Debt Securities or Subordinated Debt Securities, and the procedures and conditions relating to the exercise of such Debt Warrants; (2) the designation and terms of any related Debt Securities with which such Debt Warrants are issued, including whether such Debt Securities are Senior Debt Securities or Subordinated Debt Securities, the number of such Debt Warrants issued with each such Debt Security, and the Indenture under which the

12

Debt Securities will be issued; (3) the date, if any, on and after which such Debt Warrants and the related Debt Securities will be separately transferable; (4) the date on which the right to exercise such Debt Warrants shall commence and the date on which such right shall expire (the "Expiration Date"); (5) if the Debt Securities purchasable upon exercise of such Debt Warrants are original issue discount Debt Securities, a discussion of Federal income tax considerations applicable thereto; and (6) whether the Debt Warrants represented by the Debt Warrant Certificates will be issued in registered or bearer form, and, if registered, where they may be transferred and registered.

Debt Warrant Certificates will be exchangeable for new Debt Warrant Certificates of different denominations and Debt Warrants may be exercised at the corporate trust office of the Debt Warrant Agent or any other office indicated in the Prospectus Supplement. Prior to the exercise of their Debt Warrants, holders of Debt Warrants will not have any of the rights of Holders of the Debt Securities purchasable upon such exercise and will not be entitled to payments of principal of, and any premium, Additional Amounts or interest on, the Debt Securities purchasable upon such exercise.

EXERCISE OF DEBT WARRANTS

Each Debt Warrant will entitle the Holder to purchase for cash such principal amount of Debt Securities at such exercise price as shall in each case be set forth in, or be determinable as set forth in, the Prospectus Supplement relating to the Debt Warrants offered thereby. Debt Warrants may be exercised at any time up to the close of business on the Expiration Date set forth in the Prospectus Supplement relating to the Debt Warrants offered thereby. After the close of business on the Expiration Date, unexercised Debt Warrants will become void.

Debt Warrants may be exercised as set forth in the Prospectus Supplement relating to the Debt Warrants offered thereby. Upon receipt of payment and the Debt Warrant Certificate properly completed and duly executed at the corporate trust office of the Debt Warrant Agent or any other office indicated in the Prospectus Supplement, the Company will, as soon as practicable, forward the Debt Securities purchasable upon such exercise. If less than all of the Debt Warrants represented by such Debt Warrant Certificate are exercised, a new Debt Warrant Certificate will be issued for the remaining amount of Debt Warrants.

DESCRIPTION OF CURRENCY WARRANTS

The Company may issue, together with Debt Securities, Debt Warrants or Index Warrants or separately, Currency Warrants either in the form of Currency Put Warrants entitling the Holders thereof to receive from the Company the cash

settlement value in U.S. dollars of the right to sell a specified amount of a specified foreign currency or currency units for a specified amount of U.S. dollars, or in the form of Currency Call Warrants entitling the Holders thereof to receive from the Company the cash settlement value in U.S. dollars of the right to purchase a specified amount of a specified foreign currency or units of two or more currencies for a specified amount of U.S. dollars. The Currency Warrants are to be issued under a Currency Put Warrant Agreement or a Currency Call Warrant Agreement, as applicable (each a "Currency Warrant Agreement"), to be entered into between the Company and a bank or trust company, as Currency Warrant Agent (the "Currency Warrant Agent"), all as shall be set forth in the applicable Prospectus Supplement. Copies of the forms of Currency Put Warrant Agreement and Currency Call Warrant Agreement, including the forms of global Warrant Certificates representing the Currency Put Warrants and Currency Call Warrants (the "Currency Warrant Certificates"), reflecting the provisions to be included in the Currency Warrant Agreements that will be entered into with respect to particular offerings of Currency Warrants, are filed as exhibits to the Registration Statement. The following summaries of certain provisions of the Currency Warrant Agreements and the Currency Warrant Certificates do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all the provisions of the Currency Warrant Agreements and the Currency Warrant Certificates, respectively, including the definitions therein of certain terms.

13

GENERAL

The applicable Prospectus Supplement will describe the terms of Currency Warrants offered thereby, the Currency Warrant Agreement relating to such Currency Warrants and the Currency Warrant Certificates representing such Currency Warrants, including the following: (1) whether such Currency Warrants shall be Currency Put Warrants, Currency Call Warrants, or both; (2) the formula for determining the cash settlement value of each Currency Warrant; (3) the procedures and conditions relating to the exercise of such Currency Warrants; (4) the circumstances which will cause the Currency Warrants to be deemed to be automatically exercised; (5) any minimum number of Currency Warrants which must be exercised at any one time, other than upon automatic exercise; and (6) the date on which the right to exercise such Currency Warrants shall commence and the date on which such right shall expire (the "Expiration Date"), provided that the commencement date and the Expiration Date may be the same date.

BOOK-ENTRY PROCEDURES AND SETTLEMENT

Except as may otherwise be provided in an applicable Prospectus Supplement, the Currency Warrants will be issued in the form of global Currency Warrant Certificates, registered in the name of a depository or its nominee. Beneficial owners will not be entitled to receive definitive certificates representing Currency Warrants. Ownership of a Currency Warrant will be recorded on or through the records of the brokerage firm or other entity that maintains a beneficial owner's account. In turn, the total number of Currency Warrants held by an individual brokerage firm for its clients will be maintained on the records of the depository in the name of such brokerage firm or its agent. Transfer of ownership of any Currency Warrant will be effected only through the selling beneficial owner's brokerage firm.

EXERCISE OF CURRENCY WARRANTS

Each Currency Warrant will entitle the Holder to the cash settlement value of such Currency Warrant on the applicable Exercise Date, in each case as such terms will be defined in the applicable Prospectus Supplement. If a Currency Warrant has more than one exercise date and is not exercised prior to 1:30 P.M., New York City time, on the fifth New York Business Day preceding the Expiration Date, Currency Warrants will be deemed automatically exercised.

LISTING

Each issue of Currency Warrants will be listed on a national securities exchange, subject only to official notice of issuance, as a condition of sale of any such Currency Warrants. In the event that the Currency Warrants are delisted from, or permanently suspended from trading on, such exchange, the Expiration Date for such Currency Warrants will be the date such delisting or trading suspension becomes effective and Currency Warrants not previously exercised will be deemed automatically exercised on such Expiration Date. The applicable Currency Warrant Agreement will contain a covenant of the Company not to seek delisting of the Currency Warrants, or suspension of their trading, on such exchange.

DESCRIPTION OF INDEX WARRANTS

The Company may issue from time to time Index Warrants consisting of put warrants (the "Index Put Warrants") or call warrants (the "Index Call Warrants"). The Index Warrants will entitle the holders to receive from the Company a payment or delivery, subject to applicable law, determined by

reference to decreases (in the case of Index Put Warrants) or to increases (in the case of Index Call Warrants) in the level of an index or portfolio based on one or more equity or debt securities (including the price or yield of such securities), any statistical measure of economic or financial performance (including any consumer price, currency or mortgage index) or the price or value of any commodity or any combination thereof (the "Index"). Unless otherwise specified in the accompanying Prospectus Supplement, payments, if any, upon exercise (or deemed exercise) of the Index Warrants will be made in U.S. dollars. The Index Warrants will be offered on terms to be determined at the time of sale. The amount of Index Warrants offered by this

14

Prospectus, other than those Index Warrants which will entitle the holders to receive a payment from the Company determined by reference to increases or decreases in the level of a specified stock or security index or the value of a portfolio of specified stocks or other securities, is currently limited to \$8,300,000,000. This amount may be increased by the Company without the consent of Warrantheholders.

GENERAL

The applicable Prospectus Supplement will describe the Index Warrant Agreement or Index Warrant Trust Indenture (each as defined below), as the case may be, relating to the Index Warrants being offered thereby and the terms of such Index Warrants, including, without limitation: (i) whether the Index Warrants to be issued will be Index Put Warrants, Index Call Warrants or both; (ii) the aggregate number and initial public offering price or purchase price; (iii) the Index for such Index Warrants; (iv) whether the Index Warrants will be deemed exercised as of a specified date or whether the Index Warrants may be exercised during a period and the date on which the right to exercise such Index Warrants commences and the date on which such right expires; (v) the manner in which such Index Warrants may be exercised and any restrictions on, or other special provisions relating to, the exercise of such Index Warrants; (vi) the minimum number, if any, of such Index Warrants exercisable at any one time; (vii) the maximum number, if any, of such Index Warrants that may, subject to the Company's election, be exercised by all Index Warrantheholders (or by any person or entity) on any day; (viii) any provisions permitting an Index Warrantheholder to condition an exercise notice on the absence of certain specified changes in the level of the applicable Index after the exercise date, any provisions permitting the Company to suspend exercise of such Index Warrants based on market conditions or other circumstances and any other special provision relating to the exercise of such Index Warrants; (ix) any provisions for the automatic exercise of such Index Warrants other than at expiration; (x) any provisions permitting the Company to cancel such Index Warrants upon the occurrence of certain events; (xi) any additional circumstances which would constitute an Event of Default with respect to such Index Warrants; (xii) the method of determining (a) the payment or delivery, if any, to be made in connection with the exercise or deemed exercise of such Index Warrants (the "Settlement Value"), (b) the minimum payment or delivery, if any, to be made upon expiration of such Index Warrants (the "Minimum Expiration Value"), (c) the payment or delivery to be made upon the exercise of any right which the Company may have to cancel such Index Warrants and (d) the value of the Index; (xiii) in the case of Index Warrants relating to an Index for which the trading prices of underlying securities, commodities or rates are expressed in a foreign currency, the method of converting amounts in the relevant foreign currency or currencies into U.S. dollars (or such other currency or composite currency in which the Index Warrants are payable); (xiv) the method of providing for a substitute index or otherwise determining the payment or delivery, if any, to be made in connection with the exercise of such Index Warrants if the Index changes or ceases to be made available by its publisher; (xv) the time or times at which payment or delivery, if any, will be made in respect of such Index Warrants following exercise or deemed exercise; (xvi) the national securities exchange on which such Index Warrants will be listed, if any; (xvii) any provisions for issuing such Index Warrants in other than book-entry form; (xviii) if such Index Warrants are not issued in book-entry form, the place or places at which payment or delivery on cancellation, if any, and the Minimum Expiration Value, if any, of such Index Warrants is to be made by the Company; (xix) certain U.S. federal income tax consequences relating to such Index Warrants; and (xx) other specific provisions.

Except as otherwise provided in the applicable Prospectus Supplement, each issue of Index Warrants will contain the terms set forth below.

The Index Warrants which are issued without a Minimum Expiration Value will be issued under one or more index warrant agreements (each, an "Index Warrant Agreement") to be entered into between the Company and a bank or trust company, as warrant agent (the "Index Warrant Agent"), all as described in the Prospectus Supplement relating to such Index Warrants. The Index Warrant Agent will act solely as the agent of the Company under the applicable Index Warrant Agreement and will not assume any obligation or relationship of agency or trust for or with any Index Warrantheholders. A single bank or trust company may act as Index Warrant Agent for more than one issue of Index Warrants.

15

The Index Warrants which are issued with a Minimum Expiration Value will be issued under one or more index warrant trust indentures (each an "Index Warrant Trust Indenture") to be entered into between the Company and a corporation (or other person permitted to so act by the Trust Indenture Act of 1939, as amended from time to time (the "Trust Indenture Act")), to act as trustee (the "Index Warrant Trustee"), all as described in the Prospectus Supplement relative to such Index Warrants. Any Index Warrant Trust Indenture will be qualified under the Trust Indenture Act. To the extent allowed by the Trust Indenture Act, a single qualified corporation may act as Index Warrant Trustee for more than one issue of Index Warrants.

Forms of Index Warrant Agreement and Index Warrant Trust Indenture and the respective global Index Warrant Certificates related thereto are filed as exhibits to the Registration Statement. The summaries herein of certain provisions of the Index Warrant Agreement, the Index Warrant Trust Indenture and global Index Warrant Certificates do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all the provisions of the Index Warrant Agreement, the Index Warrant Trust Indenture and global Index Warrant Certificates, respectively.

The Company will have the right to "reopen" a previous issue of Index Warrants and to issue additional Index Warrants of such issue without the consent of any Index Warrantholder.

The Index Warrants involve a high degree of risk, including the risk that the Index Warrants will expire worthless except for the Minimum Expiration Value, if any, of such Index Warrants. Investors should therefore be prepared to sustain a total loss of the purchase price of the Index Warrants (except for the Minimum Expiration Value, if applicable). Investors who consider purchasing Index Warrants should be experienced with respect to options and option transactions and reach an investment decision only after carefully considering the suitability of the Index Warrants in light of their particular circumstances and the information set forth below and under "Description of Index Warrants" as well as additional information contained in the Prospectus Supplement relating to such Index Warrants.

Unless otherwise provided in the Prospectus Supplement, each Index Warrant will entitle Index Warrantholders to receive from the Company upon exercise the Settlement Value of such Index Warrant. Certain Index Warrants issued pursuant to an Index Warrant Trust Indenture will, if specified in the Prospectus Supplement, entitle the Index Warrantholder to receive from the Company, under certain circumstances specified in the Prospectus Supplement, a payment or delivery equal to the greater of the applicable Settlement Value and a Minimum Expiration Value of such Index Warrants. In addition, certain Index Warrants will, if specified in the Prospectus Supplement, entitle Index Warrantholders to receive from the Company a certain payment or delivery upon cancellation of the Index Warrants by the Company, upon the occurrence of specified events. In addition, if so specified in the Prospectus Supplement, following the occurrence of an extraordinary event, the Settlement Value of an Index Warrant may, at the option of the Company, be determined on a different basis, including in connection with automatic exercise at expiration.

Unless otherwise specified in the related Prospectus Supplement, the Index Warrants will be deemed to be automatically exercised upon expiration or such earlier date that may be specified. Upon such automatic exercise, Index Warrantholders will be entitled to receive a payment or delivery equal to the Settlement Value of the Index Warrants, except that holders of Index Warrants having a Minimum Expiration Value will be entitled to receive a payment or delivery equal to the greater of such Settlement Value and the applicable Minimum Expiration Value. The Minimum Expiration Value may be either a predetermined payment or delivery or a payment or delivery that varies during the term of the Index Warrants in accordance with a schedule or formula. Any Minimum Expiration Value applicable to an issue of Index Warrants, as well as any additional circumstances resulting in the automatic exercise of such Index Warrants, will be specified in the related Prospectus Supplement.

If so specified in the Prospectus Supplement, the Index Warrants may be canceled by the Company, or the exercise or valuation of, or payment or delivery for, such Index Warrants may be delayed or postponed upon the occurrence of an extraordinary event. Any extraordinary events relating to an issue of Index

Warrants will be set forth in the related Prospectus Supplement. Upon cancellation, the related Index Warrantholders will be entitled to receive only the applicable payment or delivery on cancellation specified in such Prospectus Supplement. The payment or delivery on cancellation may be either a predetermined payment or delivery or a payment or delivery that varies during the term of the Index Warrants in accordance with a schedule or formula.

If the Company defaults with respect to any of its obligations under Index Warrants which are issued with a Minimum Expiration Value pursuant to an Index Warrant Trust Indenture, such default may be waived by the Index Warrantholders

of a majority in interest of all outstanding Index Warrants, except a default in the payment or delivery of the Settlement Value, Minimum Expiration Value or cancellation payment or delivery (if applicable) on such Index Warrants or in respect of a covenant or provision of the applicable Index Warrant Trust Indenture which cannot be modified or amended without the consent of the Index Warrantholder of each outstanding Index Warrant affected.

The Index Warrants are unsecured contractual obligations of the Company and will rank pari passu with the Company's other unsecured contractual obligations and with the Company's unsecured and unsubordinated debt. Since the Company is a holding company, the right of the Company, and hence the right of creditors of the Company (including the Holders of the Debt Securities), to participate in any distribution of the assets of any subsidiary upon its liquidation or reorganization or otherwise is necessarily subject to the prior claims of creditors of the subsidiary, except to the extent that claims of the Company itself as a creditor of the subsidiary may be recognized. In addition, dividends, loans and advances from certain subsidiaries, including MLPF&S, to the Company are restricted by net capital requirements under the Securities Exchange Act of 1934 and under rules of certain exchanges and other regulatory bodies.

Certain special United States federal income tax considerations may be applicable to instruments such as the Index Warrants. The related Prospectus Supplement will describe such tax considerations. The summary of United States federal income tax considerations contained in the Prospectus Supplement will be presented for informational purposes only, however, and will not be intended as legal or tax advice to prospective purchasers. Prospective purchasers of Index Warrants are urged to consult their own tax advisors prior to any acquisition of Index Warrants.

BOOK-ENTRY PROCEDURES AND SETTLEMENT

Except as may otherwise be provided in an applicable Prospectus Supplement, Index Warrants will be issued in book-entry form and represented by global Index Warrants, registered in the name of a depository or its nominee. Except as may otherwise be provided in an applicable Prospectus Supplement, Index Warrantholders will not be entitled to receive definitive certificates representing Index Warrants, unless the depository is unwilling or unable to continue as depository or the Company decides to have the Index Warrants represented by definitive certificates. A beneficial owner's interest in an Index Warrant represented by a global Index Warrant will be recorded on or through the records of the brokerage firm or other entity that maintains such beneficial owner's account. In turn, the total number of Index Warrants held by an individual brokerage firm or other entity for its clients will be maintained on the records of the depository in the name of such brokerage firm or other entity or its agent.

LISTING

Unless otherwise indicated in the Prospectus Supplement, the Index Warrants will be listed on a national securities exchange as specified in the Prospectus Supplement. It is expected that such exchange will cease trading an issue of Index Warrants at the close of business on the related expiration date of such Index Warrants.

MODIFICATION

Any Index Warrant Agreement or Index Warrant Trust Indenture and the terms of the related Index Warrants may be amended by the Company and the Index Warrant Agent or Index Warrant Trustee, as the case may be (which amendment shall take the form of a supplemental index warrant agreement or supplemental index warrant trust indenture (collectively referred to as "Supplemental Agreements")), without the consent of the holders of any Index Warrants, for the purpose of (i) curing any ambiguity, or of curing, correcting or supplementing any defective or inconsistent provision contained therein, or of making any other provisions with respect to matters or questions arising under the Index Warrant Agreement or Index Warrant Trust Indenture, as the case may be, which shall not be inconsistent with the provisions thereof or of the Index Warrants, (ii) evidencing the succession of another corporation to the Company and the assumption by any such successor of the covenants of the Company contained in the Index Warrant Agreement or the Index Warrant Trust Indenture, as the case may be, and the Index Warrants, (iii) appointing a successor depository, (iv) evidencing and providing for the acceptance of appointment by a successor Index Warrant Agent or Index Warrant Trustee with respect to the Index Warrants, as the case may be, (v) adding to the covenants of the Company, for the benefit of the Index Warrantholders or surrendering any right or power conferred upon the Company under the Index Warrant Agreement or Index Warrant Trust Indenture, as the case may be, (vi) issuing Index Warrants in definitive form, or (vii) amending the Index Warrant Agreement or Index Warrant Trust Indenture, as the case may be, in any manner which the Company may deem to be necessary or desirable and which will not materially and adversely affect the interests of the Index Warrantholders.

The Company and the Index Warrant Agent may also amend any Index Warrant Agreement or Index Warrant Trust Indenture, as the case may be, and the terms of the related Index Warrants (which amendment shall take the form of a Supplemental Agreement) with the consent of the Index Warrantholders holding not less than 66 2/3% in number of the then outstanding unexercised Index Warrants affected by such amendment, for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Index Warrant Agreement or Index Warrant Trust Indenture, as the case may be, or of modifying in any manner the rights of the Index Warrantholders; provided that no such amendment that (i) changes the determination of the Settlement Value or the payment or delivery to be made on cancellation, if any, or Minimum Expiration Value, if any, of the Index Warrants (or any aspects of such determination) so as to reduce the payment or delivery to be made upon exercise or deemed exercise, (ii) shortens the period of time during which the Index Warrants may be exercised, or otherwise materially and adversely affects the exercise rights of the Index Warrantholders or (iii) reduces the number of outstanding Index Warrants, the consent of whose holders is required for amendment of the Index Warrant Agreement, the Index Warrant Trust Indenture or the terms of the related Index Warrants, may be made without the consent of each Index Warrantholder affected thereby.

EVENT OF DEFAULT

Certain events in bankruptcy, insolvency or reorganization of the Company will constitute an Event of Default with respect to Index Warrants having a Minimum Expiration Value which are issued under an Index Warrant Trust Indenture. Upon the occurrence of an Event of Default, the holders of 25% of unexercised Index Warrants may elect to receive a settlement payment or delivery for such unexercised Index Warrants, which will immediately become due to the Index Warrantholders upon such election in an amount equal to the market value of such Index Warrants (assuming the Company's ability to satisfy its obligations under such Index Warrants as they would become due) as of the date the Company is notified of the intended liquidation, as determined by a nationally recognized securities broker-dealer unaffiliated with the Company and mutually selected by the Company and the Index Warrant Trustee.

18

MERGER, CONSOLIDATION, SALE, LEASE OR OTHER DISPOSITIONS

The Company may consolidate or merge with or into any other corporation and the Company may sell, lease or convey all or substantially all of its assets to any corporation, provided that (i) the corporation (if other than the Company) formed by or resulting from any such consolidation or merger or which shall have received such assets shall be a corporation organized and existing under the laws of the United States of America or a State thereof and shall assume the Company's obligations in respect of the payment or delivery of the Settlement Value (or any Minimum Expiration Value or cancellation payment or delivery, if applicable) with respect to all the unexercised Index Warrants and the performance and observance of all of the covenants and conditions of the Index Warrant Agreement or Index Warrant Trust Indenture, as the case may be, to be performed or observed by the Company, and (ii) the Company or such successor corporation, as the case may be, shall not immediately be in default under the Index Warrant Agreement or Index Warrant Trust Indenture, as the case may be.

ENFORCEABILITY OF RIGHTS BY INDEX WARRANTHOLDERS

Any Index Warrantholder may, without the consent of the related Index Warrant Agent, enforce by appropriate legal action, in and for its own behalf, its right to exercise, and receive payment or delivery for, its Index Warrants.

PLAN OF DISTRIBUTION

The Company may sell Securities (i) through MLPF&S as agent, (ii) to the public through, or through underwriting syndicates managed by, one or more of the firms named on the cover page of this Prospectus or (iii) directly to purchasers. The Prospectus Supplement with respect to the Securities of a particular series describes the terms of the offering of such Securities, including the name of the agent or the name or names of any underwriters, the public offering or purchase price, any discounts and commissions to be allowed or paid to the agent or underwriters, all other items constituting underwriting compensation, the discounts and commissions to be allowed or paid to dealers, if any, and the exchanges, if any, on which the Securities will be listed. Only the agents or underwriters so named in the Prospectus Supplement are agents or underwriters in connection with the Securities offered thereby. Under certain circumstances, the Company may repurchase Securities and reoffer them to the public as set forth above. The Company may also arrange for repurchases and resales of such Securities by dealers.

If so indicated in the Prospectus Supplement, the Company will authorize underwriters to solicit offers by certain institutions to purchase Debt Securities from the Company pursuant to Delayed Delivery Contracts providing

for payment and delivery on the date stated in the Prospectus Supplement. Each such contract will be for an amount not less than, and, unless the Company otherwise agrees, the aggregate principal amount of Debt Securities sold pursuant to such contracts shall not be more than, the respective amounts stated in the Prospectus Supplement. Institutions with whom such contracts, when authorized, may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions, and other institutions, but shall in all cases be subject to the approval of the Company. Delayed Delivery Contracts will not be subject to any conditions except that the purchase by an institution of the Debt Securities covered thereby shall not at the time of delivery be prohibited under the laws of any jurisdiction in the United States to which such institution is subject.

The Company has agreed to indemnify the agent and the several underwriters against certain civil liabilities, including liabilities under the Securities Act of 1933 (the "Act"), or contribute to payments the agent or the underwriters may be required to make in respect thereof.

The distribution of Securities will conform to the requirements set forth in the applicable sections of Schedule E to the By-Laws of the National Association of Securities Dealers, Inc.
