Endnotes to Monthly Certificateholders' Statement.

† Current Consolidated Payment Prioritization Methodology Not Fully Comparable with Previous Payment Prioritization Methodologies

Prior to February 5, 2015, BANA utilized two payment prioritization methodologies when servicing credit card accounts -- the daily trust payment methodology and the cardholder cycle payment methodology. For more detailed information regarding these two payment prioritization methodologies, see "Endnotes to Monthly Certificateholders' Statement" in the Monthly Certificateholders' Statement relating to the Monthly Period ending February 28, 2015, included as Exhibit 99.1 to the Form 10-D filed by BA Credit Card Trust with the Securities Exchange Commission on March 16, 2015.

Effective February 5, 2015, BANA implemented a system initiative that consolidated the methodologies into a single payment prioritization methodology. As a result, performance and related metrics reported in these indicated items for the Master Trust II portfolio for the period to which this Monthly Certificateholders' Statement relates were produced by utilizing only BANA's consolidated payment prioritization methodology. Therefore, the performance and related metrics reported in these indicated items are not fully comparable to the same performance and related metrics reported for the Master Trust II Portfolio for periods ending (i) on or prior to February 4, 2015, which were produced using the daily trust payment methodology and (ii) between February 5, 2015 and February 28, 2015, which were produced using a combination of the daily trust payment methodology (for the period from February 1, 2015 through February 4, 2015) and the consolidated payment prioritization methodology (for the period from February 5, 2015 through February 28, 2015).

IN WITNESS WHEREOF, the undersigned has duly executed this certificate this 7th day of October, 2015.

Endnotes to Schedule to Monthly Noteholders' Statement.

† Current Consolidated Payment Prioritization Methodology Not Fully Comparable with Previous Payment Prioritization Methodologies

Prior to February 5, 2015, BANA utilized two payment prioritization methodologies when servicing credit card accounts -- the daily trust payment methodology and the cardholder cycle payment methodology. For more detailed information regarding these two payment prioritization methodologies, see "Endnotes to Monthly Certificateholders' Statement" in the Monthly Certificateholders' Statement relating to the Monthly Period ending February 28, 2015, included as Exhibit 99.1 to the Form 10-D filed by BA Credit Card Trust with the Securities Exchange Commission on March 16, 2015.

Effective February 5, 2015, BANA implemented a system initiative that consolidated the methodologies into a single payment prioritization methodology. As a result, performance and related metrics reported in these indicated items for the Master Trust II portfolio for the period to which this Schedule to Monthly Noteholders' Statement relates were produced by utilizing only BANA's consolidated payment prioritization methodology. Therefore, the performance and related metrics reported in these indicated items are not fully comparable to the same performance and related metrics reported for the Master Trust II Portfolio for periods ending (i) on or prior to February 4, 2015, which were produced using the daily trust payment methodology and (ii) between February 5, 2015 and February 28, 2015, which were produced using a combination of the daily trust payment methodology (for the period from February 1, 2015 through February 4, 2015) and the consolidated payment prioritization methodology (for the period from February 5, 2015 through February 28, 2015).

IN WITNESS WHEREOF, the undersigned has duly executed and delivered this Monthly Noteholders' Statement this 7th day of October, 2015.
