Item 4. Mine Safety Disclosures.

Not Applicable.

Substitute information provided in accordance with General Instruction J to Form 10-K:

Item 1112(b) of Regulation AB. Significant Obligors of Pool Assets (Financial Information).

The primary asset of BA Credit Card Trust is the collateral certificate, Series 2001-D, representing an undivided interest in BA Master Credit Card Trust II, whose assets include the receivables arising in a portfolio of unsecured consumer revolving credit card accounts. BA Master Credit Card Trust II, therefore, may be considered a significant obligor in relation to BA Credit Card Trust. Pursuant to Instruction 3.b. to Item 1112(b) of Regulation AB, the information required by Instruction J to Form 10-K in respect of BA Master Credit Card Trust II has been disclosed in this report on Form 10-K in lieu of the information otherwise contemplated by Item 1112(b).

The pool assets held by BA Master Credit Card Trust II do not include any significant obligors.

Item 1114(b)(2) of Regulation AB: Credit Enhancement and Other Support, Except for Certain Derivatives Instruments (Financial Information).

Based on the standards set forth in Item 1114(b)(2) of Regulation AB, no information is required in response to this Item.

Item 1115(b) of Regulation AB: Certain Derivatives Instruments (Financial Information).

Based on the standards set forth in Item 1115(b) of Regulation AB, no information is required in response to this Item.

Item 1117 of Regulation AB: Legal Proceedings.

Industry Developments

FIA Card Services, National Association ("FIA") issues credit cards on MasterCard's and Visa's networks. MasterCard and Visa are subject to settlement obligations relating to certain litigations and continue to be subject to significant ongoing litigations, including class actions, and increased competition. These settlements and litigations are based on, among other things, claimed violations of United States federal antitrust laws, claims that currency conversion fees were wrongly applied on purchases of goods and services in foreign countries, and claims alleging that the interchange charged by MasterCard and Visa is impermissible. The costs associated with these settlements, litigations and other matters could cause MasterCard and Visa to invest less in their networks and marketing efforts and could adversely affect the interchange paid to their member banks, including FIA.

Litigation

In 2005, a group of merchants filed a series of putative class actions and individual actions directed at interchange fees associated with Visa and MasterCard payment card transactions. These actions, which were consolidated in the U.S. District Court for the Eastern District of New York under the caption *In Re Payment Card Interchange Fee and Merchant Discount Anti-Trust Litigation*, named Visa, MasterCard and several banks and bank holding companies, including Bank of America Corporation, as defendants. Plaintiffs alleged that defendants conspired to fix the level of default interchange rates, which represent the fee an issuing bank charges an acquiring bank on every transaction. Plaintiffs also challenged as unreasonable

restraints of trade under Section 1 of the Sherman Act certain rules of Visa and MasterCard related to merchant acceptance of payment cards at the point of sale. Plaintiffs sought unspecified damages and injunctive relief based on their assertion that interchange would be lower or eliminated absent the alleged conduct.

On October 19, 2012, defendants, including Bank of America Corporation, entered an agreement to settle the class plaintiffs' claims. The defendants also separately agreed to resolve the claims brought by a group of individual retailers that opted out of the class to pursue independent litigation. The settlement agreements provide for, among other things, (i) payments by defendants to the class and individual plaintiffs totaling approximately \$6.6 billion; (ii) distribution to class merchants of an amount equal to 10 basis points of default interchange across all Visa and MasterCard credit card transactions for a period of eight consecutive months, which period began on July 29, 2013, which otherwise would have been paid to Visa and MasterCard issuers, including Bank of America Corporation, and which effectively reduces credit interchange for that period of time; and (iii) modifications to certain Visa and MasterCard rules regarding merchant point of sale practices.

The court granted final approval of the class settlement agreement on December 13, 2013. Several class members have appealed to the U.S. Court of Appeals for the Second Circuit. In addition, a number of the class members opted out of the settlement of their past damages claims. The cash portion of the settlement has been adjusted downward as a result of these opt outs, subject to certain conditions.

A number of actions have been filed by merchant class members who opted out of the settlement. Bank of America Corporation has been named as a defendant in some of these opt out suits and, as a result of various sharing agreements from the main Interchange litigation, remains liable for any settlement or judgment in opt out suits where it is not named as a defendant. All but one of the opt out suits filed to date have been consolidated in the U.S. District Court for the Eastern District of New York. On July 18, 2014, the court denied defendants' motion to dismiss the opt out complaints, including the complaint in the consolidated proceedings naming Bank of America Corporation as a defendant.

Regulatory Developments

On April 7, 2014, FIA and Bank of America, National Association ("Bank of America") entered into separate Consent Orders with the Office of the Comptroller of the Currency (the "OCC") and the Consumer Financial Protection Bureau (the "CFPB"). The Consent Order with the OCC resolves its investigation into billing and fulfillment practices concerning identity theft protection products, including those marketed and billed by vendors. The Consent Order with the CFPB resolves its investigation into billing and fulfillment practices concerning identity theft protection products, including those marketed and billed by vendors, and also resolves its investigation into marketing, sales and fulfillment practices concerning certain credit card debt cancellation products. Pursuant to the Consent Orders, FIA and Bank of America paid, in April 2014, \$45 million in civil monetary penalties and will provide approximately \$738 million in refunds to affected consumers, a substantial amount of which has previously been refunded to consumers. The penalties and customer refund payments are covered by previously established reserves. In addition, each of FIA and Bank of America has agreed to certain enhancements in its vendor, third-party provider and risk management programs for certain products.

Legal Proceedings Involving The Bank of New York Mellon

In the ordinary course of business, The Bank of New York Mellon is named as a defendant in or made a party to pending and potential legal actions. In connection with its role as trustee of certain residential mortgage-backed securitization ("RMBS") transactions, The Bank of New York Mellon was named as a defendant in a lawsuit brought in New York State court on June 18, 2014 by a group of institutional investors. This lawsuit alleges that the trustee had expansive duties under the governing agreements, including the duty to investigate and pursue breach of representation and warranty claims against other parties to the RMBS transactions. While it is inherently difficult to predict the eventual outcomes of pending actions, The Bank of New York Mellon denies liability and intends to defend the litigation vigorously.

The Bank of New York Mellon has provided us with the information in the paragraph above in response to the requirements of Regulation AB. Other than the above paragraph and the information concerning The Bank of New York Mellon specified in this Form 10-K under the caption *Item 1122 of Regulation AB: Compliance with Applicable Servicing Criteria* and in Exhibit 33.2 to this Form 10-K, The Bank of New York Mellon has not participated in the preparation of, and is not responsible for, any other information contained in this Form 10-K.

Substitute information provided in accordance with General Instruction J to Form 10-K:

Item 1119 of Regulation AB: Affiliations and Certain Relationships and Related Transactions

Information required by Item 1119 of Regulation AB has been omitted from this report on Form 10-K in reliance on the Instruction to Item 1119.

Item 1122 of Regulation AB: Compliance with Applicable Servicing Criteria.

(a) **Item 1122 Reports:** Each of FIA, with respect to itself and its affiliated servicing participants, and The Bank of New York Mellon (each, a "Servicing Participant") has been identified by the registrant as a party participating in the servicing function with respect to the pool assets held by each of BA Master Credit Card Trust II and BA Credit Card Trust. Each Servicing Participant has completed a report on assessment of compliance with the servicing criteria applicable to such Servicing Participant (each, a "Report on Assessment"), which Reports on Assessment are attached as exhibits to this Form 10-K. In addition, each of the Servicing Participants has provided an attestation report (each, an "Attestation Report") by a registered independent public accounting firm regarding its related Report on Assessment. Each Attestation Report is attached as an exhibit to this Form 10-K.

A Servicing Participant may engage one or more vendors to perform specific and limited activities that address all or a portion of one or more servicing criteria applicable to such Servicing Participant. Each Servicing Participant indicates that it has instituted policies and procedures to monitor whether its vendors' activities comply in all material respects with such servicing criteria, and has elected to take responsibility for assessing compliance with the servicing criteria applicable to its vendors' activities in such Servicing Participant's Report on Assessment.

Except as disclosed below, no Report on Assessment or related Attestation Report has identified (i) any material instance of noncompliance with the servicing criteria identified in such Report on Assessment as applicable to the related Servicing Participant or (ii) any material deficiency in such Servicing Participant's policies and procedures to monitor vendor compliance.

Exceptions:

FIA Card Services, National Association: FIA's Report on Assessment and the related Attestation Report prepared by PricewaterhouseCoopers LLP have identified material noncompliance with one servicing criterion applicable to FIA -- servicing criterion 1122(d)(4)(v), which contemplates that FIA's records regarding the pool assets agree with its records with respect to an obligor's unpaid principal balance.

FIA currently utilizes two payment prioritization methodologies when servicing credit card accounts. The cardholder cycle payment methodology is utilized for customer calculations such as balance subject to finance charge, finance charges billed, and statement balance reporting functions. The daily trust payment methodology is utilized for reporting on the assets in the BA Master Credit Card Trust II portfolio. FIA believes that these two methodologies have been utilized since approximately 1996.

The two current methodologies agree on the total outstanding balance for each credit card account, but they vary with respect to the component principal receivable and finance charge receivable balances. This variance is primarily due to differences in the prioritization applied to payments and credit adjustments under each of the two methodologies. Please refer to "*Variances in Trust Reporting Compared with Cardholder Reporting*" in the endnotes to Exhibit 99.1 in the registrant's distribution report on Form 10-D, filed with the SEC on September 15, 2014, for a description of the two payment prioritization methodologies utilized by FIA, their differences, and the resulting variance as of the end of the August 2014 Monthly Period.

FIA has begun to implement a systems initiative that will consolidate these methodologies into a single payment prioritization methodology. This initiative was originally expected to be completed by mid-2014 but has been delayed, and is currently expected to be completed by early-2015. Upon completion of this initiative, this consolidated methodology will prioritize payments and credit adjustments to balances similar to the cardholder methodology but will do so on a daily basis similar to the trust methodology.

The Bank of New York Mellon: The Bank of New York Mellon's Report on Assessment and the related Attestation Report prepared by KPMG LLP have identified material noncompliance with one servicing criterion applicable to The Bank of New York Mellon:

- Servicing criterion 1122(d)(3)(ii) contemplates that amounts due to investors are allocated and remitted in accordance with timeframes, distribution priority and other terms set forth in the transaction agreements.

Noncompliance: The Bank of New York Mellon indicates that during the reporting period, for an automotive transaction in its platform, certain amounts due to the related investors were not remitted in accordance with the timeframes set forth in the related transaction agreements.

Remediation: The Bank of New York Mellon further indicates that when its management became aware of such instance, the transaction was properly set up on The Bank of New York Mellon's automated payment system and other controls designed to prevent such occurrences in the future were implemented. Notice of the failure was made available to investors in the transaction through the facilities of DTC on August 21, 2013 and on a Form 10-D filed through the SEC's EDGAR service on the same date, and investors were offered compensation for the one day remittance delay. The investor report was not revised as it accurately reflected the amounts due to investors and available for payment on the payment due date.

The Bank of New York Mellon has also confirmed that none of the identified instances of noncompliance involved the servicing of pool assets held by either BA Master Credit Card Trust II or by BA Credit Card Trust.

We have not independently verified the accuracy of The Bank of New York Mellon's assertions or the adequacy of its remediation efforts.

Platform-Level Reports:

Regulations of the SEC require that each servicing participant complete a report on assessment at a "platform" level, meaning that the transactions covered by the report on assessment should include all asset-backed securities transactions involving such servicing participant that are backed by the same asset type. Subsequent guidance from the SEC staff identifies additional parameters that a servicing participant may apply to define and further limit its platform. For example, a servicing participant may define its platform to include only transactions that were completed on or after January 1, 2006 (the effective date for Regulation AB) and that were registered with the SEC pursuant to the Securities Act of 1933. Each servicing participant is responsible for defining its own platform, and each platform will naturally differ based on various factors, including the servicing participant's business model, the transactions in which it is involved and the range of activities performed in those transactions.

(b) Other Reports: FIA has completed an assertion letter which states that, as of June 30, 2014, its controls over the functions performed as servicer of BA Master Credit Card Trust II and BA Credit Card Trust are effective in providing reasonable assurance that BA Master Credit Card Trust II and BA Credit Card Trust assets in the possession of or under the control of FIA, as servicer, are safeguarded against loss from unauthorized use or disposition, as specified in the applicable agreements. PricewaterhouseCoopers LLP has produced an accountants report attesting to the fairness of such assertion as of June 30, 2014. Such assertion letter and related accountants report is attached as Exhibit 99.1 to this Form 10-K.

Item 1123 of Regulation AB: Servicer Compliance Statement.

FIA has been identified by the registrant as a servicer with respect to the pool assets held by each of BA Master Credit Card Trust II and BA Credit Card Trust. FIA has provided a statement of compliance with the related servicing agreement (the "Compliance Statement"), signed by an authorized officer of FIA. The Compliance Statement is attached as an exhibit to this Form 10-K.

Certification

I, Raymond Conover, certify that:

1. I have reviewed this report on Form 10-K and all reports on Form 10-D required to be filed in respect of the period covered by this report on Form 10-K of BA Credit Card Trust (the "Exchange Act periodic reports");
2. Based on my knowledge, the Exchange Act periodic reports, taken as a whole, do not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, all of the distribution, servicing and other information required to be provided under Form 10-D for the period covered by this report is included in the Exchange Act periodic reports;
4. I am responsible for reviewing the activities performed by the servicer and based on my knowledge and the compliance review conducted in preparing the servicer compliance statement required in this report under Item 1123 of Regulation AB, and except as disclosed in the Exchange Act periodic reports, the servicer has fulfilled its obligations under the servicing agreement in all material respects; and
5. All of the reports on assessment of compliance with servicing criteria for asset-backed securities and their related attestation reports on assessment of compliance with servicing criteria for asset-backed securities required to be included in this report in accordance with Item 1122 of Regulation AB and Exchange Act Rules 13a-18 and 15d-18 have been included as an exhibit to this report, except as otherwise disclosed in this report. Any material instances of noncompliance described in such reports have been disclosed in this report on Form 10-K.

In giving the certifications above, I have reasonably relied on information provided to me by the following unaffiliated parties: The Bank of New York Mellon.

Certification Regarding Compliance with Applicable Servicing Criteria

1. FIA Card Services, National Association (the "Asserting Party" or "FIA"), for itself and on behalf of its affiliated servicing participants, is responsible for assessing compliance as of June 30, 2014 and for the period from July 1, 2013 through June 30, 2014 (the "Reporting Period"), with the servicing criteria applicable to the Asserting Party under paragraph (d) of Item 1122 of Regulation AB, as set forth in Appendix A hereto (such servicing criteria, excluding the criteria listed in the column titled "Inapplicable Servicing Criteria" on Appendix A hereto, the "Applicable Servicing Criteria"). The transactions covered by this report include all asset-backed securities transactions backed by credit card receivables issued by the BA Credit Card Trust on or before June 30, 2014, for which transactions the Asserting Party acted as servicer, that were registered with the Securities and Exchange Commission pursuant to the Securities Act of 1933, as amended, where the related asset-backed securities were outstanding during the Reporting Period (the "Platform"), as listed in Appendix B hereto;
2. The Asserting Party has engaged one vendor (the "Vendor"), who is not considered a "servicer" as defined in Item 1101(j) of Regulation AB, to perform specific, limited or scripted activities, and the Asserting Party elects to take responsibility for assessing compliance with the servicing criteria or portion of the servicing criteria applicable to such Vendor's activities as set forth in Appendix A hereto. The Asserting Party has policies and procedures in place designed to provide reasonable assurance that the Vendor's activities comply in all material respects with the servicing criteria applicable to such Vendor;
3. Except as set forth in paragraph 4 below, the Asserting Party used the criteria set forth in paragraph (d) of Item 1122 of Regulation AB to assess the compliance by the Asserting Party with the Applicable Servicing Criteria as of June 30, 2014 and for the Reporting Period with respect to the Platform taken as a whole;
4. The criteria listed in the column titled "Inapplicable Servicing Criteria" on Appendix A hereto are inapplicable to the Asserting Party based on the activities it performs with respect to the Platform;
5. Except as identified in Appendix C hereto the Asserting Party has complied, in all material respects, with the Applicable Servicing Criteria as of June 30, 2014 and for the Reporting Period with respect to the Platform taken as a whole;
6. The Asserting Party has not identified and is not aware of any material instance of noncompliance by the Vendor with the Applicable Servicing Criteria as of June 30, 2014 and for the Reporting Period with respect to the Platform taken as a whole;
7. The Asserting Party has not identified any material deficiency in its policies and procedures to monitor the compliance by the Vendor with the Applicable Servicing Criteria as of June 30, 2014 and for the Reporting Period with respect to the Platform taken as a whole; and
8. PricewaterhouseCoopers LLP, an independent registered public accounting firm, has issued an attestation report for the Platform on the Asserting Party's assessment of compliance with the Applicable Servicing Criteria as of June 30, 2014 and for the Reporting Period.

¹ FIA Card Services, National Association ("FIA") is responsible for the processing of collections received with respect to the credit card receivables held by BA Master Credit Card Trust II.

- FIA has engaged one vendor – FiServ Solutions Inc. – that performed specific and limited payment processing activities addressed by criterion 1122(d)(2)(i) during the twelve-month period ended June 30, 2014.

² FIA currently utilizes two payment prioritization methodologies when servicing credit card accounts -- the cardholder cycle payment methodology (utilized for customer calculations such as balance subject to finance charge, finance charges billed, and statement balance reporting functions) and the daily trust payment methodology (utilized for reporting on the assets in the BA Master Credit Card Trust II portfolio). The two methodologies agree on the total outstanding balance for each credit card account, but they vary with respect to the component principal receivable and finance charge receivable balances, primarily due to differences in the prioritization applied to payments and credit adjustments under each of the two methodologies. Please refer to "*Variances in Trust Reporting Compared with Cardholder Reporting*" in the endnotes to Exhibit 99.1 in the registrant's distribution report on Form 10-D, filed with the SEC on September 15, 2014, for a description of the two payment prioritization methodologies utilized by FIA and their differences.

FIA does not consider differences in the payment priorities applied to collections under each of the two methodologies, or the resulting variance in the component principal receivable and finance charge receivable balances, to give rise to instances of non-compliance with respect to --

- criterion 1122(d)(2)(i), so long as those collections are applied correctly under the daily trust payment methodology and are otherwise deposited into the appropriate custodial bank accounts and related bank clearing accounts within the timeframes specified in the transaction agreements;
- criterion 1122(d)(3)(i)(B), so long as those collections are applied correctly under the daily trust payment methodology and information provided in reports to investors is otherwise calculated in accordance with the terms specified in the transaction agreements; and

- criterion 1122(d)(3)(ii), so long as those collections are applied correctly under the daily trust payment methodology and amounts due to investors are otherwise allocated and remitted in accordance with timeframes, distribution priorities and other terms set forth in the transaction agreements.

APPENDIX C

Material Instance of Non-Compliance

1122(d)(4)(v): The servicer's records regarding the pool assets agree with the servicer's records with respect to an obligor's unpaid principal balance.

FIA Card Services, National Association ("FIA") currently utilizes two payment prioritization methodologies when servicing credit card accounts. The cardholder cycle payment methodology is utilized for customer calculations such as balance subject to finance charge, finance charges billed, and statement balance reporting functions. The daily trust payment methodology is utilized for reporting on the assets in the BA Master Credit Card Trust II portfolio. FIA believes that these two methodologies have been utilized since approximately 1996.

The two current methodologies agree on the total outstanding balance for each credit card account, but they vary with respect to the component principal receivable and finance charge receivable balances. This variance is primarily due to differences in the prioritization applied to payments and credit adjustments under each of the two methodologies. Please refer to "*Variances in Trust Reporting Compared with Cardholder Reporting*" in the endnotes to Exhibit 99.1 in the registrant's distribution report on Form 10-D, filed with the SEC on September 15, 2014, for a description of the two payment prioritization methodologies utilized by FIA, their differences, and the resulting variance as of the end of the August 2014 Monthly Period.

FIA has begun to implement a systems initiative that will consolidate these methodologies into a single payment prioritization methodology. This initiative was originally expected to be completed by mid-2014 but has been delayed, and is currently expected to be completed by early 2015. Upon completion of this initiative, this consolidated methodology will prioritize payments and credit adjustments to balances similar to the cardholder methodology but will do so on a daily basis similar to the trust methodology.

ASSERTION OF COMPLIANCE WITH
APPLICABLE SERVICING CRITERIA

The Bank of New York Mellon (formerly The Bank of New York), BNY Mellon Trust of Delaware (formerly BNYM (Delaware) and The Bank of New York Mellon Trust Company, N.A. (formerly The Bank of New York Trust Company, N.A.), (collectively, the "Company") provides this platform-level assessment of compliance with the servicing criteria specified in Item 1122(d) of Regulation AB promulgated by the Securities and Exchange Commission. Management has determined that the servicing criteria are applicable in regard to the servicing platform as of and for the period as follows:

Platform: Publicly-issued (i.e., transaction-level reporting initially required under the Securities Exchange Act of 1934, as amended) asset-backed securities issued on or after January 1, 2006 and like-kind transactions issued prior to January 1, 2006 that are subject to Regulation AB for which the Company provides trustee, securities administration or paying agent services, as defined and to the extent applicable in the transaction agreements, other than residential mortgage-backed securities and other mortgage-related asset-backed securities (the "Platform").

Period: Twelve months ended June 30, 2014 (the "Period").

Applicable Servicing Criteria: All servicing criteria set forth in Item 1122(d), to the extent required by the related transaction agreements as to any transaction, except as set forth in the column titled "Not Applicable To Platform" in Appendix 1 attached hereto.

With respect to servicing criterion 1122(d)(2)(vi) management has engaged a vendor to perform the activities required by the servicing criterion. Management has determined that this vendor is not considered a "servicer" as defined in Item 1101(j) of Regulation AB, and management has elected to take responsibility for assessing compliance with the servicing criterion applicable to this vendor as permitted by Interpretation 17.06 of the SEC Division of Corporation Finance Manual of Publicly Available Telephone Interpretations ("Interpretation 17.06"). Management has policies and procedures in place designed to provide reasonable assurance that the vendor's activities comply in all material respects with the servicing criterion applicable to the vendor. Management is solely responsible for determining that it meets the SEC requirements to apply Interpretation 17.06 for the vendor and related criterion.

With respect to the Platform and the Period, the Company provides the following assessment of compliance in respect of the Applicable Servicing Criteria:

1. The Company is responsible for assessing its compliance with the Applicable Servicing Criteria.
 2. The Company has assessed compliance with the Applicable Servicing Criteria including the servicing criterion for which compliance is determined based on Interpretation 17.06 as described above. In performing this assessment, management used the criteria set forth by the Securities and Exchange Commission in paragraph (d) of Item 1122 of Regulation AB.
 3. With respect to Applicable Servicing Criteria 1122(d)(2)(iii) and 1122(d)(4)(vii), there were no activities performed during the Period with respect to the Platform, because there were no occurrences of events that would require the Company to perform such activities.
 4. Based on such assessment, as of and for the Period, the Company has complied, in all material respects, with the Applicable Servicing Criteria other than as identified on Schedule A attached.
 5. Schedule B attached includes Management's discussion of the material instance of noncompliance noted in Schedule A, including remediation efforts taken by the Company.
- KPMG LLP, an independent registered public accounting firm, has issued an attestation report with respect to the Company's compliance with the Applicable Servicing Criteria as of and for the Period.

Schedule A

Material Instance of Noncompliance by the Company

Management's assessment of compliance with the Applicable Servicing Criteria set forth by the Securities and Exchange Commission in paragraph (d) of Item 1122 of Regulation AB for the Period, disclosed that a material instance of noncompliance occurred with respect to the servicing criterion set forth in Item 1122(d)(3)(ii), as follows:

- With respect to servicing criterion 1122(d)(3)(ii), certain distributions to investors were not remitted in accordance with the timeframes set forth in the transaction agreements.

Schedule B

Management's Discussion on Material Instance of Noncompliance by the Company

1122(d)(3)(ii): *Amounts due to investors are allocated and remitted in accordance with timeframes, distribution priority and other terms set forth in the transaction agreements.*

Noncompliance:

During the Period, for an automotive transaction in the Platform, certain amounts due to the related investors were not remitted in accordance with the timeframes set forth in the related transaction agreements.

Remediation:

When management became aware of such instance, the transaction was properly set-up on the Company's automated payment system and other controls designed to prevent such occurrences in the future were implemented. Notice of the failure was made available to investors in the transaction through the facilities of DTC on August 21, 2013 and on a Form 10-D filed on EDGAR on the same date, and investors were offered compensation for the one day remittance delay. The investor report was not revised as it accurately reflected the amounts due to investors and available for payment on the payment due date.

To FIA Card Services, National Association

We have examined FIA Card Services, National Association's compliance with the servicing criteria set forth in Item 1122(d) of the Securities and Exchange Commission's Regulation AB for the asset-backed securities transactions backed by credit card receivables issued by the BA Credit Card Trust on or before June 30, 2014, for which transactions the Company acted as servicer, that were registered with the Securities and Exchange Commission pursuant to the Securities Act of 1933, as amended, where the related asset-backed securities were outstanding during the period from July 1, 2013 to June 30, 2014 (the "Platform"), as of and for the year ended June 30, 2014, excluding criteria which the Company has determined are not applicable to the servicing activities performed by it with respect to the Platform, as indicated in Appendix A to the accompanying *Certification Regarding Compliance with Applicable Servicing Criteria* (the "Compliance Statement"). Appendix B to the Compliance Statement identifies the individual asset-backed transactions and securities defined by management as constituting the Platform. Management is responsible for the Company's compliance with the servicing criteria. Our responsibility is to express an opinion on the Company's compliance with the servicing criteria based on our examination.

Our examination was conducted in accordance with attestation standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included examining, on a test basis, evidence about the Company's compliance with the applicable servicing criteria and performing such other procedures as we considered necessary in the circumstances. Our examination included testing of selected asset-backed transactions and securities that comprise the Platform, testing of selected servicing activities related to the Platform, and determining whether the Company processed those selected transactions and performed those selected activities in compliance with the applicable servicing criteria. Our procedures were limited to the selected transactions and servicing activities performed by the Company during the period covered by this report. Our procedures were not designed to detect noncompliance arising from errors that may have occurred prior to or subsequent to our tests that may have affected the balances or amounts calculated or reported by the Company during the period covered by this report. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Company's compliance with the servicing criteria.

We have been informed that, under the Company's interpretation of the specified requirements within the servicing agreements governing the BA Credit Card Trust, the Company allocates collections with respect to receivables for the purpose of investor and trust reporting among principal collections and finance charge collections using the Company's "Trust" method. By contrast, for the purpose of cardholder records, the Company utilized the "Cardholder" method. Except in relation to criterion 1122(d)(4)(v) as described in the following paragraph, the Company does not consider the use of two payment methodologies based on reporting type to be an instance of noncompliance. The Company's interpretation of the effects of the two methods on criteria 1122(d)(2)(i), 1122(d)(3)(i)(B) and 1122(d)(3)(ii) is disclosed within Appendix A to the Compliance Statement.

Our examination disclosed the following material noncompliance with the servicing criteria set forth in Item 1122(d)(4)(v) of Regulation AB applicable to the Company during the year ended June 30, 2014. For criterion 1122(d)(4)(v), the servicer's records regarding the pool assets did not agree with the servicer's records with respect to an obligors' unpaid principal balance.

T: (704) 344-7500, F: (704) 344-4100, www.pwc.com/us

In our opinion, except for the material noncompliance described in the preceding paragraph, FIA Card Services, National Association complied with the aforementioned applicable servicing criteria as of and for the year ended June 30, 2014 for the Platform, in all material respects.

Report of Independent Registered Public Accounting Firm

The Board of Directors:

The Bank of New York Mellon

BNY Mellon Trust of Delaware

The Bank of New York Mellon Trust Company, N.A.:

We have examined the compliance of The Bank of New York Mellon (formerly The Bank of New York), BNY Mellon Trust of Delaware (formerly BNYM (Delaware)) and The Bank of New York Mellon Trust Company, N.A. (formerly The Bank of New York Trust, Company, N.A.), (collectively, the "Company") with the servicing criteria set forth in Item 1122(d) of the Securities and Exchange Commission's Regulation AB for the publicly-issued (i.e. transaction-level reporting initially required under the Securities and Exchange Act of 1934, as amended) asset-backed securities issued on or after January 1, 2006 and like-kind transactions issued prior to January 1, 2006 that are subject to Regulation AB for which the Company provides trustee, securities administration or paying agent services, as defined and to the extent applicable in the transaction agreements, other than residential mortgage-backed securities and other mortgage-related asset-backed securities (the "Platform"), except for servicing criteria 1122(d)(1)(iii), 1122(d)(1)(iv), 1122(d)(4)(vi), 1122(d)(4)(viii), 1122(d)(4)(x), 1122(d)(4)(xi), 1122(d)(4)(xii), 1122(d)(4)(xiii) and 1122(d)(4)(xiv), which the Company has determined are not applicable to the activities it performs with respect to the Platform, as of and for the twelve months ended June 30, 2014. With respect to applicable servicing criteria 1122(d)(2)(iii) and 1122(d)(4)(vii), the Company has determined that there were no activities performed during the twelve months ended June 30, 2014 with respect to the Platform, because there were no occurrences of events that would require the Company to perform such activities. Management is responsible for the Company's compliance with the servicing criteria. Our responsibility is to express an opinion on the Company's compliance based on our examination.

Our examination was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included examining, on a test basis, evidence about the Company's compliance with the servicing criteria specified above and performing such other procedures as we considered necessary in the circumstances. Our examination included testing selected asset-backed transactions and securities that comprise the Platform, testing selected servicing activities related to the Platform, and determining whether the Company processed those selected transactions and performed those selected activities in compliance with the servicing criteria. Furthermore, our procedures were limited to the selected transactions and servicing activities performed by the Company during the period covered by this report. Our procedures were not designed to determine whether errors may have occurred either prior to or subsequent to our tests that may have affected the balances or amounts calculated or reported by the Company during the period covered by this report for the selected transactions or any other transactions. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Company's compliance with the servicing criteria.

As described in the Company's Assertion of Compliance with Applicable Servicing Criteria, for servicing criterion 1122(d)(2)(vi), the Company has engaged a vendor to perform the activities required by this servicing criterion. The Company has determined that this vendor is not considered a "servicer" as defined in Item 1101(j) of Regulation AB, and the Company has elected to take responsibility for assessing compliance with the servicing criterion applicable to this vendor as permitted by Interpretation 17.06 of the SEC Division of Corporation Finance Manual of Publicly Available Telephone Interpretations ("Interpretation 17.06"). As permitted by Interpretation 17.06, the Company has asserted that it has policies and procedures in place designed to provide reasonable assurance that the vendor's activities comply in all material respects with the servicing criterion applicable to the vendor. The Company is solely responsible for determining that it meets the SEC requirements to apply Interpretation 17.06 for the vendor and related criterion as described in its Assertion of Compliance with Applicable Servicing Criteria, and we performed no procedures with respect to the Company's eligibility to apply Interpretation 17.06.

Our examination disclosed the following material noncompliance with servicing criterion 1122(d)(3)(ii), as applicable to the Company during the twelve months ended June 30, 2014 as follows:

- With respect to servicing criterion 1122(d)(3)(ii), certain distributions to investors were not remitted in accordance with the timeframes set forth in the transaction agreements.

In our opinion, except for the material noncompliance described above, the Company complied, in all material respects, with the aforementioned servicing criteria, including criterion 1122(d)(2)(vi) for which compliance is determined based on Interpretation 17.06 as described above, as of and for the twelve months ended June 30, 2014.

We do not express an opinion or any form of assurance on Schedule B, "Management's Discussion on Material Instance of Noncompliance by the Company", to the Company's Assertion of Compliance with Applicable Servicing Criteria.

SERVICER COMPLIANCE STATEMENT
FIA Card Services, National Association
BA Credit Card Trust

The undersigned, a duly authorized officer of FIA Card Services, National Association (the "Bank"), as Servicer pursuant to the Second Amended and Restated Pooling and Servicing Agreement dated as of October 20, 2006 (as amended, supplemented or otherwise modified from time to time, the "Pooling and Servicing Agreement") by and between the Bank and The Bank of New York Mellon, as trustee (the "Trustee"), as supplemented by the Third Amended and Restated Series 2001-D Supplement dated as of March 2, 2009 (as amended, supplemented or otherwise modified from time to time, the "Supplement"), by and between the Bank and the Trustee, and the Second Amended and Restated Indenture dated as of October 20, 2006 (the "Indenture") by and between BA Credit Card Trust and The Bank of New York Mellon, as indenture trustee, does hereby certify that:

1. The Bank is Servicer under the Pooling and Servicing Agreement.
2. The undersigned is duly authorized as required pursuant to the Pooling and Servicing Agreement and the Supplement to execute and deliver this Certificate to the Trustee.
3. This Certificate is delivered pursuant to Section 3.05 of the Pooling and Servicing Agreement and Section 23 of the Supplement.
4. During the twelve-month period ended June 30, 2014 (the "Reporting Period") a review of the Servicer's activities and of its performance under the Pooling and Servicing Agreement, the Supplement and the Indenture has been made under my supervision.
5. To the best of my knowledge, based on such review and as more fully set forth in Appendix A attached hereto (which describes two payment prioritization methodologies utilized by the Bank when servicing credit card accounts), the Servicer has fulfilled all of its obligations under the Pooling and Servicing Agreement, the Supplement and the Indenture in all material respects throughout the Reporting Period.

IN WITNESS WHEREOF, the undersigned has duly executed this Certificate this 19th day of September 2014.

Variations in Trust Reporting Compared with Cardholder Reporting

The Bank currently utilizes two payment prioritization methodologies when servicing credit card accounts -- the cardholder cycle payment methodology (utilized for customer calculations such as balance subject to finance charge, finance charges billed, and statement balance reporting functions) and the daily trust payment methodology (utilized for reporting on the assets in the BA Master Credit Card Trust II portfolio). The two methodologies agree on the total outstanding balance for each credit card account, but they vary with respect to the component principal receivable and finance charge receivable balances, primarily due to differences in the prioritization applied to payments and credit adjustments under each of the two methodologies. Cardholder payments have been, and continue to be, applied and recorded to cardholder accounts in accordance with cardholder agreements under the cardholder methodology.

Please refer to "Variations in Trust Reporting Compared with Cardholder Reporting" in the endnotes to Exhibit 99.1 in the registrant's distribution report on Form 10-D, filed with the SEC on September 15, 2014, for a description of the two payment prioritization methodologies utilized by the Bank, their differences, and the resulting variance as of the end of the August 2014 Monthly Period.

The Bank does not consider differences in the prioritization applied to payments and credit adjustments under each of the two methodologies, or the resulting variance in the component principal receivable and finance charge receivable balances, to constitute a failure to fulfill its obligations under the Pooling and Servicing Agreement, the Supplement and the Indenture in all material respects, so long as collections are applied correctly under each of the methodologies.

To FIA Card Services, National Association:

We have examined management's assertion, included in the accompanying report by management, titled "Report of Management on BA Master Credit Card Trust II and BA Credit Card Trust Internal Control" (the "Report"), that FIA Card Services, National Association (the "Company"), a wholly owned subsidiary of Bank of America Corporation, maintained effective internal control over the functions performed as servicer of the BA Master Credit Card Trust II (the "Master Trust") and the BA Credit Card Trust (the "Note Trust", together with the Master Trust, the "Trusts"), including each series of the Master Trust and each tranche of the Note Trust as specified in the Report, as of June 30, 2014 to provide reasonable assurance that Trusts' assets in the possession of or under the control of the servicer are safeguarded against loss from unauthorized use or disposition as specified in the Second Amended and Restated Pooling and Servicing Agreement for the Master Trust dated October 20, 2006 (the "PSA") between the Company, BA Credit Card Funding, LLC and The Bank of New York Mellon (the "Trustee"), the Series Supplement to Second Amended and Restated Pooling and Servicing Agreement for the Master Trust for each series as specified in the Report (the "Series Supplements") between the Company, BA Credit Card Funding, LLC and the Trustee, the Second Amended and Restated Indenture for the Note Trust dated October 20, 2006 (the "Indenture") and the Amended and Restated BAseries Indenture Supplement dated June 10, 2006 (the "Indenture Supplement"), both between the Note Trust and the Trustee (the PSA, Series Supplements, Indenture and Indenture Supplement, together the "Agreements"). The Company's management is responsible for maintaining effective internal control over the functions performed as servicer of the Trusts. Our responsibility is to express an opinion on management's assertion based on our examination.

Our examination was conducted in accordance with attestation standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included obtaining an understanding of internal control over the functions performed by the Company as servicer of the Trusts, testing and evaluating the design and operating effectiveness of internal control, and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

Because of inherent limitations in any internal control, misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of internal control over the functions performed by the Company as servicer of the Trusts to future periods are subject to the risk that the internal control may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, management's assertion that the Company maintained effective internal control over the functions performed as servicer of the Trusts to provide reasonable assurance that Trusts' assets in the possession of or under the control of the servicer are safeguarded against loss from unauthorized use or disposition as of June 30, 2014 as specified within the Agreements is fairly stated, in all material respects, based on the following criteria specified in the Report:

- Funds collected are remitted to the Trustee in accordance with the Agreements.
- The Trusts' assets are segregated from those retained by the Company in accordance with the Agreements.

T: (704) 344 7500, F: (704) 344 4100, www.pwc.com/us

- Expenses incurred by the Trusts are calculated and remitted in accordance with the Agreements.
- The additions of accounts to the Trusts are authorized in accordance with the Agreements.
- The removals of accounts from the Trusts are authorized in accordance with the Agreements.
- The Trusts' assets amortizing out of the Trusts are calculated in accordance with the Agreements.
- Monthly Trust reports generated in the form of "Exhibits" and provided to the Trustee are reviewed by a Vice President or above prior to distribution.
- Monthly Trust reports generated in the form of "Exhibits" contain all information required by the Agreements.

Report of Management on BA Master Credit Card Trust II and BA Credit Card Trust Internal Control

FIA Card Services, National Association ("FIA" or the "Company"), a wholly owned subsidiary of Bank of America Corporation, is responsible for establishing and maintaining effective internal control over the functions performed as the servicer of the BA Master Credit Card Trust II and the BA Credit Card Trust (the "Trusts" or individually, the "Trust"). These internal controls are designed to provide reasonable assurance to the Company's management and board of directors that Trusts' assets in the possession of or under the control of the servicer are safeguarded against loss from unauthorized use or disposition, as specified in the applicable Pooling and Servicing Agreement, Series Supplements, Indenture and BAseries Indenture Supplement (together the "Agreements") as specified in Appendix I, between FIA as Seller and Servicer, in the case of the Pooling and Servicing Agreement and the Series Supplements, or BA Credit Card Trust, in the case of the Indenture and the BAseries Indenture Supplement, and the applicable Trustee (specific Agreements and Trustees are listed in Appendix I).

Because of inherent limitations in any internal control, no matter how well-designed, misstatements due to error or fraud may occur and not be detected, including the possibility of the circumvention or overriding of internal control. Accordingly, even effective internal control can provide only reasonable assurance with respect to the achievement of any objectives of internal control. Further, because of changes in conditions, the effectiveness of internal control may vary over time.

The Company has determined that the objectives of controls with respect to servicing and reporting of the Trusts' assets are to provide reasonable, but not absolute assurance that:

- Funds collected are remitted to the Trustee in accordance with the Agreements.
 - The Trusts' assets are segregated from those retained by FIA in accordance with the Agreements.
 - Expenses incurred by the Trusts are calculated and remitted in accordance with the Agreements.
 - The additions of accounts to the Trusts are authorized in accordance with the Agreements.
 - The removals of accounts from the Trusts are authorized in accordance with the Agreements.
-

Trust Internal Control (continued)

- The Trusts' assets amortizing out of the Trusts are calculated in accordance with the Agreements.
- Monthly Trust reports generated in the form of "Exhibits" and provided to the Trustee are reviewed by a Vice President or above prior to distribution.
- Monthly Trust reports generated in the form of "Exhibits" contain all information required by the Agreements.

The Company assessed its internal control over the functions performed as servicer of the Trusts in relation to these criteria. Based upon this assessment, the Company believes that, as of June 30, 2014, its internal controls over the functions performed as servicer of the Trusts are effective in providing reasonable assurance that Trusts' assets in the possession of or under the control of the servicer are safeguarded against loss from unauthorized use or disposition, as specified in the Agreements.
