Industry Developments

Bank of America, National Association (“BANA”) issues credit cards on MasterCard’s and Visa’s networks. MasterCard and Visa are subject to settlement obligations relating to certain litigations and continue to be subject to significant ongoing litigations, including class actions, and increased competition. These settlements and litigations are based on, among other things, claimed violations of United States federal antitrust laws, claims that currency conversion fees were wrongly applied on purchases of goods and services in foreign countries, and claims alleging that the interchange charged by MasterCard and Visa is impermissible. The costs associated with these settlements, litigations and other matters could cause MasterCard and Visa to invest less in their networks and marketing efforts and could adversely affect the interchange paid to their member banks, including BANA.

Litigation

In 2005, a group of merchants filed a series of putative class actions and individual actions directed at interchange fees associated with Visa and MasterCard payment card transactions. These actions, which were consolidated in the U.S. District Court for the Eastern District of New York under the caption *In Re Payment Card Interchange Fee and Merchant Discount Anti-Trust Litigation* (Interchange), named Visa, MasterCard and several banks and bank holding companies, including Bank of America Corporation (“BAC”), as defendants. Plaintiffs alleged that defendants conspired to fix the level of default interchange rates and that certain rules of Visa and MasterCard related to merchant acceptance of payment cards at the point of sale were unreasonable restraints of trade under the Sherman Act. Plaintiffs sought unspecified damages and injunctive relief.

On October 19, 2012, defendants, including BAC, settled the matter. The settlement provided for, among other things, (i) payments by defendants to the class and individual plaintiffs totaling approximately \$6.6 billion, allocated proportionately to each defendant based upon loss-sharing agreements; (ii) distribution to class merchants of an amount equal to 10 basis points of default interchange across all Visa and MasterCard credit card transactions for a period of eight consecutive months, which period began on July 29, 2013, which otherwise would have been paid to Visa and MasterCard issuers, including BAC, and which effectively reduces credit interchange for that period of time; and (iii) modifications to certain Visa and MasterCard rules regarding merchant point of sale practices.

The district court granted final approval of the class settlement agreement on December 13, 2013. On June 30, 2016, the U.S. Court of Appeals for the Second Circuit vacated the judgment approving the settlement and remanded the case back to the district court for further proceedings. On November 23, 2016, counsel for the class filed a petition with the U.S. Supreme Court seeking review of the Second Circuit decision which was denied on March 27, 2017. As a result of the Second Circuit's decision, the Interchange class case was remanded to the district court, and the parties are in the process of coordinating the case with the already-pending actions brought by merchants who had opted out of the class settlement, as described below.

Following district court approval of the class settlement agreement in December 2013, a number of the class members opted out of the settlement, and many filed individual actions against the defendants. BAC was named as a defendant in one such individual action, as well as one action brought by cardholders alleging claims under the Sherman Act and under California state law. In addition, a number of these individual actions were filed that do not name BAC as a defendant. As a result of various loss-sharing agreements, however, BAC remains liable for any settlement or judgment in these individual suits where it is not named as a defendant. Now that the Interchange class case has been remanded to the district court, these individual actions will be coordinated as individual merchant lawsuits alongside the Interchange class case.

On November 26, 2014, the district court granted defendants' motion to dismiss the Sherman Act claim in the cardholder action, and on February 26, 2016, the court dismissed plaintiffs' California state law claims. The plaintiffs appealed these decisions to the U.S. Court of Appeals for the Second Circuit. On October 17, 2016, the Second Circuit affirmed the dismissal of plaintiffs' complaint and, on October 31, 2016, it denied plaintiffs' petition for rehearing *en banc*.

Regulatory Developments

On May 29, 2015, BANA entered into a Consent Order with the Office of the Comptroller of the Currency (the "OCC") to resolve its investigation relating to BANA's enterprise-wide compliance risk management program, compliance with the Servicemembers Civil Relief Act, and activities in connection with sworn document and collections litigation practices. In connection with entering into this Consent Order with the OCC, BANA was assessed \$30 million in civil monetary penalties and agreed to provide remediation to affected customer accounts. The OCC terminated this Consent Order on January 23, 2018.

Legal Proceedings Involving The Bank of New York Mellon

In the ordinary course of business, The Bank of New York Mellon is named as a defendant in or made a party to pending and potential legal actions. In connection with its role as trustee of certain residential mortgage-backed securitization ("RMBS") transactions, The Bank of New York Mellon has been named as a defendant in a number of legal actions brought by RMBS investors. These lawsuits allege that the trustee had expansive duties under the governing agreements, including the duty to investigate and pursue breach of representation and warranty claims against other parties to the RMBS transactions. While it is inherently difficult to predict the eventual outcomes of pending actions, The Bank of New York Mellon denies liability and intends to defend the litigations vigorously.

The Bank of New York Mellon has provided us with the information in the paragraph above in response to the requirements of Regulation AB. Other than the above paragraph and the information concerning The Bank of New York Mellon specified in this Form 10-K under the caption *Item 1122 of Regulation AB: Compliance with Applicable Servicing Criteria* and in Exhibit 33.2 to this Form 10-K, The Bank of New York Mellon has not participated in the preparation of, and is not responsible for, any other information contained in this Form 10-K.

Item 1119 of Regulation AB: Affiliations and Certain Relationships and Related Transactions

Information required by Item 1119 of Regulation AB has been omitted from this report on Form 10-K in reliance on the Instruction to Item 1119.

Item 1122 of Regulation AB: Compliance with Applicable Servicing Criteria.

(a) Item 1122 Reports: Each of BANA, with respect to itself and its affiliated servicing participants, and The Bank of New York Mellon (each, a "Servicing Participant") has been identified by the registrant as a party participating in the servicing function with respect to the pool assets held by each of BA Master Credit Card Trust II and BA Credit Card Trust. Each Servicing Participant has completed a report on assessment of compliance with the servicing criteria applicable to such Servicing Participant (each, a "Report on Assessment"), which Reports on Assessment are attached as exhibits to this Form 10-K. In addition, each of the Servicing Participants has provided an attestation report (each, an "Attestation Report") by a registered independent public accounting firm regarding its related Report on Assessment. Each Attestation Report is attached as an exhibit to this Form 10-K. We have not independently verified the accuracy of The Bank of New York Mellon's assertions or the related attestations of its registered independent public accounting firm.

A Servicing Participant may engage one or more vendors to perform specific and limited activities that address all or a portion of one or more servicing criteria applicable to such Servicing Participant. Each Servicing Participant indicates that it has instituted policies and procedures to monitor whether its vendors' activities comply in all material respects with such servicing criteria, and has elected to take responsibility for assessing compliance with the servicing criteria applicable to its vendors' activities in such Servicing Participant's Report on Assessment.

Except as disclosed below, no Report on Assessment or related Attestation Report has identified (i) any material instance of noncompliance with the servicing criteria identified in such Report on Assessment as applicable to the related Servicing Participant or (ii) any material deficiency in such Servicing Participant's policies and procedures to monitor vendor compliance.

Exceptions:

The Bank of New York Mellon: The Bank of New York Mellon's Report on Assessment and the related Attestation Report prepared by KPMG LLP have identified material noncompliance with one servicing criterion applicable to The Bank of New York Mellon.

Servicing criterion 1122(d)(3)(i)(A) contemplates that reports to investors, including those to be filed with the Commission, are maintained in accordance with the transaction agreements and applicable Commission requirements. Specifically, such reports are prepared in accordance with timeframes and other terms set forth in the transaction agreements.

Noncompliance: The Bank of New York Mellon indicates that during the reporting period, certain reports to investors were not prepared in accordance with the timeframes set forth in the transaction agreements. These reports contain the information that is also required to be filed with the Commission in distribution reports on Form 10-D.

Remediation: The Bank of New York Mellon indicates that the above finding relates to reports sent to the registered holders of some resecuritization and repackage transactions. These reports were delivered outside the timeframe set forth in the transaction agreements. The Bank of New York Mellon further indicates that its management has enhanced controls in order to better ensure reports are delivered timely to investors. They also indicate that the related distribution reports on Form 10-D were timely filed with the Commission.

The Bank of New York Mellon has also confirmed that none of the identified instances of noncompliance involved the servicing of pool assets held by either BA Master Credit Card Trust II or by BA Credit Card Trust.

We have not independently verified the accuracy of The Bank of New York Mellon's assertions or the adequacy of its remediation efforts.

Platform-Level Reports:

Regulations of the SEC require that each servicing participant complete a report on assessment at a "platform" level, meaning that the transactions covered by the report on assessment should include all asset-backed securities transactions involving such servicing participant that are backed by the same asset type. Subsequent guidance from the SEC staff identifies additional parameters that a servicing participant may apply to define and further limit its platform. For example, a servicing participant may define its platform to include only transactions that were completed on or after January 1, 2006 (the effective date for Regulation AB) and that were registered with the SEC pursuant to the Securities Act of 1933. Each servicing participant is responsible for defining its own platform, and each platform will naturally differ based on various factors, including the servicing participant's business model, the transactions in which it is involved and the range of activities performed in those transactions.

(b) Other Reports: BANA has completed an assertion letter which states that, as of December 31, 2017, its controls over the functions performed as servicer of BA Master Credit Card Trust II and BA Credit Card Trust are effective in providing reasonable assurance that BA Master Credit Card Trust II and BA Credit Card Trust assets in the possession of or under the control of BANA, as servicer, are safeguarded against loss from unauthorized use or disposition, as specified in the applicable agreements. PricewaterhouseCoopers LLP has produced an accountants report attesting to the fairness of such assertion as of December 31, 2017. Such assertion letter and related accountants report is attached as Exhibit 99.1 to this Form 10-K.

Item 1123 of Regulation AB: Servicer Compliance Statement.

BANA has been identified by the registrant as a servicer with respect to the pool assets held by each of BA Master Credit Card Trust II and BA Credit Card Trust. BANA has provided a statement of compliance with the related servicing agreement (the "Compliance Statement"), signed by an authorized officer of BANA. The Compliance Statement is attached as an exhibit to this Form 10-K.

ASSESSMENT OF COMPLIANCE WITH
APPLICABLE SERVICING CRITERIA

Management of The Bank of New York Mellon (formerly The Bank of New York), BNY Mellon Trust of Delaware (formerly BNYM (Delaware)) and The Bank of New York Mellon Trust Company, N.A. (formerly The Bank of New York Trust Company, N.A.), (collectively, the "Company") is responsible for assessing the Company's compliance with the servicing criteria set forth in Item 1122(d) of Regulation AB promulgated by the Securities and Exchange Commission. The Company's management has determined that the servicing criteria are applicable in regard to the servicing platform as of and for the period as follows:

Platform: Publicly-issued (i.e., transaction-level reporting initially required under the Securities Exchange Act of 1934, as amended) asset-backed securities issued on or after January 1, 2006 and like-kind transactions issued prior to January 1, 2006 that are subject to Regulation AB (including transactions subject to Regulation AB by contractual obligation) for which the Company provides trustee, securities administration, paying agent or custodial services, as defined and to the extent applicable in the transaction agreements, other than residential mortgage-backed securities and other mortgage-related asset-backed securities (the "Platform").

Period: The twelve months ended December 31, 2017 (the "Period").

Applicable Servicing Criteria: All servicing criteria set forth in Item 1122(d), to the extent required by the related transaction agreements as to any transaction, except as set forth in the column titled "Not Applicable To Platform" in Appendix 1 attached hereto.

With respect to servicing criterion 1122(d)(2)(vi) the Company's management has engaged a vendor to perform the activities required by the servicing criterion. The Company's management has determined that this vendor is not considered a "servicer" as defined in Item 1101(j) of Regulation AB, and the Company's management has elected to take responsibility for assessing compliance with the servicing criterion applicable to this vendor as permitted by the SEC's *Compliance and Disclosure Interpretation 200.06, Vendors Engaged by Servicers* ("C&DI 200.06"). The Company's management has policies and procedures in place designed to provide reasonable assurance that the vendor's activities comply in all material respects with the servicing criterion applicable to the vendor. The Company's management is solely responsible for determining that it meets the SEC requirements to apply C&DI 200.06 for the vendor and related servicing criterion.

With respect to the Platform as of and for the Period, the Company provides the following assessment of compliance in respect of the Applicable Servicing Criteria:

1. The Company's management is responsible for assessing the Company's compliance with the Applicable Servicing Criteria.
2. The Company's management has assessed compliance with the Applicable Servicing Criteria including the servicing criterion for which compliance is determined based on C&DI 200.06 as described above as of and for the Period. In making this assessment, management used the criteria set forth by the Securities and Exchange Commission in paragraph (d) of Item 1122 of Regulation AB.
3. With respect to servicing criterion 1122(d)(4)(iii), there were no activities performed during the Period with respect to the Platform, because there were no occurrences of events that would require the Company to perform such activities.
4. Based on such assessment, as of and for the Period, the Company has complied, in all material respects, with the Applicable Servicing Criteria other than as identified on Schedule A attached.
5. Schedule B attached includes Management's Discussion of Material Instances of Noncompliance by the Company noted in Schedule A, including remediation efforts taken by the Company.

To the Board of Directors of Bank of America, National Association

We have examined management's assertion, included in the accompanying *Certification Regarding Compliance with Applicable Servicing Criteria*, that Bank of America, National Association (the "Company") complied with the servicing criteria set forth in Item 1122(d) of the Securities and Exchange Commission's Regulation AB for the asset-backed securities transactions backed by credit card receivables issued by the BA Credit Card Trust on or before December 31, 2017, for which transactions the Company acted as servicer, that were registered with the Securities and Exchange Commission pursuant to the Securities Act of 1933, as amended, where the related asset-backed securities were outstanding during the period from January 1, 2017 to December 31, 2017 (the "Platform"), as of December 31, 2017 and for the year then ended, excluding the criteria noted in Appendix A to management's assertion, which the Company has determined are not applicable to the servicing activities performed by it with respect to the Platform. Appendix B to management's assertion identifies the individual asset-backed transactions and securities defined by management as constituting the Platform. Bank of America, National Association's management is responsible for its assertion and for the Company's compliance with the applicable servicing criteria. Our responsibility is to express an opinion on management's assertion about the Company's compliance with the applicable servicing criteria based on our examination.

Our examination was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertion about compliance with the applicable servicing criteria is fairly stated, in all material respects, and, accordingly, included examining, on a test basis, evidence about the Company's compliance with the applicable servicing criteria and performing such other procedures as we considered necessary in the circumstances. Our examination included testing of selected asset-backed transactions and securities that comprise the Platform, testing of selected servicing activities related to the Platform, and determining whether the Company processed those selected transactions and performed those selected activities in compliance with the applicable servicing criteria. Our procedures were limited to the selected transactions and servicing activities performed by the Company during the period covered by this report. Our procedures were not designed to detect noncompliance arising from errors that may have occurred prior to or subsequent to our tests that may have affected the balances or amounts calculated or reported by the Company during the period covered by this report. We believe that our examination provides, and that the evidence we obtained is sufficient and appropriate to provide, a reasonable basis for our opinion. Our examination does not provide a legal determination on the Company's compliance with the servicing criteria.

In our opinion, management's assertion that Bank of America, National Association complied with the aforementioned applicable servicing criteria as of and for the year ended December 31, 2017 for the Platform is fairly stated, in all material respects.

Report of Independent Registered Public Accounting Firm

The Board of Directors
The Bank of New York Mellon
BNY Mellon Trust of Delaware
The Bank of New York Mellon Trust Company, N.A.:

We have examined The Bank of New York Mellon's (formerly The Bank of New York), BNY Mellon Trust of Delaware's (formerly BNYM (Delaware)) and The Bank of New York Mellon Trust Company, N.A.'s (formerly The Bank of New York Trust Company, N.A.), (collectively, the Company) compliance with the servicing criteria set forth in Item 1122(d) of the Securities and Exchange Commission's Regulation AB for the publicly-issued (i.e., transaction-level reporting initially required under the Securities and Exchange Act of 1934, as amended) asset-backed securities issued on or after January 1, 2006 and like-kind transactions issued prior to January 1, 2006 that are subject to Regulation AB (including transactions subject to Regulation AB by contractual obligation) for which the Company provides trustee, securities administration, paying agent or custodial services, as defined and to the extent applicable in the transaction agreements, other than residential mortgage-backed securities and other mortgage-related asset-backed securities (the Platform), except for servicing criteria 1122(d)(1)(iii), 1122(d)(1)(iv), 1122(d)(1)(v), 1122(d)(2)(iii), 1122(d)(4)(vi), 1122(d)(4)(vii), 1122(d)(4)(viii), 1122(d)(4)(x), 1122(d)(4)(xi), 1122(d)(4)(xii), 1122(d)(4)(xiii) and 1122(d)(4)(xiv), which the Company has determined are not applicable to the activities it performs with respect to the Platform (the Servicing Criteria), as of and for the twelve months ended December 31, 2017. With respect to applicable servicing criterion 1122(d)(4)(iii), the Company has determined that there were no activities performed during the twelve months ended December 31, 2017 with respect to the Platform, because there were no occurrences of events that would require the Company to perform such activities. Management is responsible for the Company's compliance with the Servicing Criteria. Our responsibility is to express an opinion on the Company's compliance with the Servicing Criteria based on our examination.

Our examination was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Company's compliance with the Servicing Criteria and performing such other procedures as we considered necessary in the circumstances. Our examination included testing selected asset-backed transactions and securities that comprise the Platform, testing selected servicing activities related to the Platform, and determining whether the Company processed those selected transactions and performed those selected activities in compliance with the Servicing Criteria. Furthermore, our procedures were limited to the selected transactions and servicing activities performed by the Company during the period covered by this report. Our procedures were not designed to determine whether errors may have occurred either prior to or subsequent to our tests that may have affected the balances or amounts calculated or reported by the Company during the period covered by this report for the selected transactions or any other transactions. We believe that our examination provides a reasonable basis for our qualified opinion. Our examination does not provide a legal determination on the Company's compliance with the Servicing Criteria.

As described in the Company's Assessment of Compliance with Applicable Servicing Criteria, for servicing criterion 1122(d)(2)(vi), the Company has engaged a vendor to perform the activities required by this servicing criterion. The Company has determined that this vendor is not considered a "servicer" as defined in Item 1101(j) of Regulation AB, and the Company has elected to take responsibility for assessing compliance with the servicing criterion applicable to this vendor as permitted by the SEC's *Compliance and Disclosure Interpretation (C&DI) 200.06, Vendors Engaged by Servicers* (C&DI 200.06). As permitted by C&DI 200.06, the Company has asserted that it has policies and procedures in place designed to provide reasonable assurance that the vendor's activities comply in all material respects with the servicing criterion applicable to the vendor. The Company is solely responsible for determining that it meets the SEC requirements to apply C&DI 200.06 for the vendor and related servicing criterion as described in its assertion, and we performed no procedures with respect to the Company's eligibility to apply C&DI 200.06.

Our examination disclosed the following material noncompliance with servicing criterion 1122(d)(3)(i)(A), as applicable to the Company during the twelve months ended December 31, 2017. Certain reports to investors were not prepared in accordance with the timeframes set forth in the transaction agreements.

In our opinion, except for the material noncompliance described above, the Company complied, in all material respects, with the aforementioned Servicing Criteria, including servicing criterion 1122(d)(2)(vi) for which compliance is determined based on C&DI 200.06 as described above, as of and for the twelve months ended December 31, 2017.

We do not express an opinion or any form of assurance on the statements in Management's Discussion of Material Instances of Noncompliance by the Company as set forth in Schedule B to the Company's Assessment of Compliance with Applicable Servicing Criteria.

To the Board of Directors of Bank of America, National Association

Bank of America, National Association's management is responsible for its assertion. Our responsibility is to express an opinion on management's assertion based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertion is fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about management's assertion. Management's Assertion on BA Master Credit Card Trust II and BA Credit Card Trust Internal Control

Bank of America, National Association ("BANA" or the "Company"), a wholly owned subsidiary of Bank of America Corporation, performs certain functions as the servicer of the BA Master Credit Card Trust II and the Bank of America Credit Card Trust (the "Trusts") which are defined within the sections of the transaction agreements listed in Appendix I hereto. Per Section 3.06 of the Fourth Amended and Restated Pooling and Servicing Agreement for the BA Master Credit Card Trust II dated December 17, 2015, as amended, between BANA as Seller and Servicer and The Bank of New York Mellon as Trustee, BANA is responsible for establishing and maintaining internal controls to provide reasonable assurance that Trust assets in the possession of or under the control of BANA are safeguarded against loss from unauthorized use or disposition. BANA has established the trust asset servicing control objectives and related controls pertaining to safeguarding Trust assets in its possession or under its control against loss from unauthorized use or disposition as set forth in Appendix II, "BANA's Control Objectives and Related Control Activities on the Servicing of the Trust Assets." BANA is responsible for establishing the trust asset servicing control objectives and related controls, in Appendix II and for the suitability of the design, implementation, and operating effectiveness of the controls.

Because of the inherent limitations of an examination engagement, together with the inherent limitations of internal control, an unavoidable risk exists that some material misstatements may not be detected, even though the examination is properly planned and performed in accordance with the attestation standards. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

We have evaluated whether our controls were suitably designed, implemented and operating effectively to achieve the control objectives as of December 31, 2017. The criteria against which the controls were evaluated are the control objectives set forth in Appendix II. Based on our evaluation, we assert that:

- The controls set forth in Appendix II were suitably designed and implemented as of December 31, 2017 to provide reasonable, but not absolute, assurance that the control objectives included in Appendix II would be achieved, if those controls were complied with satisfactorily, and;
- The controls set forth in Appendix II were operating with sufficient effectiveness to provide reasonable, but not absolute, assurance that the control objectives included in Appendix II were achieved as of December 31, 2017.
