Industry Developments

Bank of America, National Association (“BANA”) issues credit cards on MasterCard’s and Visa’s networks. MasterCard and Visa are subject to settlement obligations relating to certain litigations and continue to be subject to significant ongoing litigations, including class actions, and increased competition. These settlements and litigations are based on, among other things, claimed violations of United States federal antitrust laws, claims that currency conversion fees were wrongly applied on purchases of goods and services in foreign countries, and claims alleging that the interchange charged by MasterCard and Visa is impermissible. The costs associated with these settlements, litigations and other matters could cause MasterCard and Visa to invest less in their networks and marketing efforts and could adversely affect the interchange paid to their member banks, including BANA.

Litigation

In 2005, a group of merchants filed a series of putative class actions and individual actions directed at interchange fees associated with Visa and MasterCard payment card transactions. These actions, which were consolidated in the U.S. District Court for the Eastern District of New York under the caption *In Re Payment Card Interchange Fee and Merchant Discount Anti-Trust Litigation* (“Interchange”), named Visa, MasterCard and several banks and bank holding companies, including Bank of America Corporation, as defendants. Plaintiffs alleged that defendants conspired to fix the level of default interchange rates and that certain rules of Visa and MasterCard related to merchant acceptance of payment cards at the point of sale were unreasonable restraints of trade under the Sherman Act. Plaintiffs sought unspecified damages and injunctive relief.

On October 19, 2012, defendants, including Bank of America Corporation (“BAC”), settled the matter. The settlement provides for, among other things, (i) payments by defendants to the class and individual plaintiffs totaling approximately \$6.6 billion, allocated proportionately to each defendant based upon loss-sharing agreements; (ii) distribution to class merchants of an amount equal to 10 basis points of default interchange across all Visa and MasterCard credit card transactions for a period of eight consecutive months, which period began on July 29, 2013, which otherwise would have been paid to Visa and MasterCard issuers, including BAC, and which effectively reduces credit interchange for that period of time; and (iii) modifications to certain Visa and MasterCard rules regarding merchant point of sale practices.

The court granted final approval of the class settlement agreement on December 13, 2013. Several class members have appealed to the U.S. Court of Appeals for the Second Circuit. In addition, a number of the class members opted out of the settlement of their past damages claims. The cash portion of the settlement was adjusted downward as a result of these opt-outs.

BAC was named as a defendant in two of the opt-out suits brought by merchant class members. As a result of various sharing agreements from the main Interchange litigation, BAC remains liable for any settlement or judgment in opt-out suits where it is not named as a defendant. All but one of the opt-out suits filed to date have been consolidated in the U.S. District Court for the Eastern District of New York. In addition, in December 2013, a putative class action was filed by cardholders in the U.S. District Court for the Northern District of California, alleging claims under the Sherman Act and under California state law. In June 2014, the cardholder action was transferred to the Eastern District of New York and consolidated with the opt-out suits. On July 18, 2014, the court denied defendants’ motion to dismiss the complaints filed by the merchant class members who opted out of the settlement, and one of the two suits brought by the merchant class members has since been settled. On November 26, 2014, the court granted defendants’ motion to dismiss the Sherman Act claim brought by the cardholder plaintiffs, but denied the motion as to the state law claims; the parties have moved for reconsideration of this decision, and have also appealed to the U.S. Court of Appeals for the Second Circuit.

Regulatory Developments

On April 7, 2014, FIA Card Services, National Association (“FIA”) and BANA entered into separate Consent Orders with the Office of the Comptroller of the Currency (the “OCC”) and the Consumer Financial Protection Bureau (the “CFPB”). The Consent Order with the OCC resolves its investigation into billing and fulfillment practices concerning identity theft protection products, including those marketed and billed by vendors. The Consent Order with the CFPB resolves its investigation into billing and fulfillment practices concerning identity theft protection products, including those marketed and billed by vendors, and also resolves its investigation into marketing, sales and fulfillment practices concerning certain credit card debt cancellation products. Pursuant to the Consent Orders, FIA and BANA paid, in April 2014, \$45 million in civil monetary penalties and will provide approximately \$738 million in refunds to affected consumers, a substantial amount of which has previously been refunded to consumers. The penalties and customer refund payments are covered by previously established reserves. In addition, BANA has agreed to certain enhancements in its vendor, third-party provider and risk management programs for certain products.

Legal Proceedings Involving The Bank of New York Mellon

In the ordinary course of business, The Bank of New York Mellon is named as a defendant in or made a party to pending and potential legal actions. In connection with its role as trustee of certain residential mortgage-backed securitization (“RMBS”) transactions, The Bank of New York Mellon was named as a defendant in a lawsuit brought by a group of institutional investors. This lawsuit alleges that the trustee had expansive duties under the governing agreements, including the duty to investigate and pursue breach of representation and warranty claims against other parties to the RMBS transactions. While it is inherently difficult to predict the eventual outcomes of pending actions, The Bank of New York Mellon denies liability and intends to defend the litigation vigorously.

The Bank of New York Mellon has provided us with the information in the paragraph above in response to the requirements of Regulation AB. Other than the above paragraph and the information concerning The Bank of New York Mellon specified in this Form 10-K under the caption *Item 1122 of Regulation AB: Compliance with Applicable Servicing Criteria* and in Exhibit 33.2 to this Form 10-K, The Bank of New York Mellon has not participated in the preparation of, and is not responsible for, any other information contained in this Form 10-K.

Item 1122 of Regulation AB: Compliance with Applicable Servicing Criteria.

Merger of FIA into BANA: On October 1, 2014, FIA and BANA consummated the merger of FIA with and into BANA, with BANA as the surviving entity. References to “BANA” in this Annual Report on Form 10-K include BANA’s predecessors, including FIA, unless the context requires otherwise.

In connection with the merger, BANA assumed FIA’s rights and obligations with respect to its credit card business, including responsibility for originating the accounts in the Bank Portfolio and servicing the credit card receivables in the Master Trust II Portfolio.

(a) Item 1122 Reports: Each of BANA, with respect to itself and its affiliated servicing participants, and The Bank of New York Mellon (each, a “Servicing Participant”) has been identified by the registrant as a party participating in the servicing function with respect to the pool assets held by each of BA Master Credit Card Trust II and BA Credit Card Trust. Each Servicing Participant has completed a report on assessment of compliance with the servicing criteria applicable to such Servicing Participant (each, a “Report on Assessment”), which Reports on Assessment are attached as exhibits to this Form 10-K. In addition, each of the Servicing Participants has provided an attestation report (each, an “Attestation Report”) by a registered independent public accounting firm regarding its related Report on Assessment. Each Attestation Report is attached as an exhibit to this Form 10-K. We have not independently verified the accuracy of The Bank of New York Mellon’s assertions or the related attestations of its registered independent public accounting firm.

A Servicing Participant may engage one or more vendors to perform specific and limited activities that address all or a portion of one or more servicing criteria applicable to such Servicing Participant. Each Servicing Participant indicates that it has instituted policies and procedures to monitor whether its vendors’ activities comply in all material respects with such servicing criteria, and has elected to take responsibility for assessing compliance with the servicing criteria applicable to its vendors’ activities in such Servicing Participant’s Report on Assessment.

Except as disclosed below, no Report on Assessment or related Attestation Report has identified (i) any material instance of noncompliance with the servicing criteria identified in such Report on Assessment as applicable to the related Servicing Participant or (ii) any material deficiency in such Servicing Participant’s policies and procedures to monitor vendor compliance.

Exceptions:

Bank of America, National Association: BANA’s Report on Assessment and the related Attestation Report prepared by PricewaterhouseCoopers LLP have identified material noncompliance with one servicing criterion applicable to BANA – servicing criterion 1122(d)(4)(v), which contemplates that BANA’s records regarding the pool assets agree with its records with respect to an obligor’s unpaid principal balance.

Prior to February 5, 2015, BANA utilized two payment prioritization methodologies when servicing credit card accounts. The cardholder cycle payment methodology was utilized for customer calculations such as balance subject to finance charge, finance charges billed, and statement balance reporting functions. The daily trust payment methodology was utilized for reporting on the assets in the BA Master Credit Card Trust II portfolio.

The two previously utilized methodologies agreed on the total outstanding balance and total payments received for each credit card account, but they varied with respect to the component principal receivable and finance charge receivable balances. This variance was primarily due to differences in the prioritization applied to payments and credit adjustments under each of the two methodologies. Please refer to the endnotes to Exhibit 99.1 in the registrant’s distribution report on Form 10-D, filed with the SEC on March 16, 2015, for a description of the two payment prioritization methodologies previously utilized by BANA.

On February 5, 2015, BANA implemented a systems initiative that consolidated these methodologies into a single payment prioritization methodology. This consolidated methodology prioritizes payments and credit adjustments to balances similar to the cardholder methodology but does so on a daily basis similar to the trust methodology.

Platform-Level Reports:

Regulations of the SEC require that each servicing participant complete a report on assessment at a “platform” level, meaning that the transactions covered by the report on assessment should include all asset-backed securities transactions involving such servicing participant that are backed by the same asset type. Subsequent guidance from the SEC staff identifies additional parameters that a servicing participant may apply to define and further limit its platform. For example, a servicing participant may define its platform to include only transactions that were completed on or after January 1, 2006 (the effective date for Regulation AB) and that were registered with the SEC pursuant to the Securities Act of 1933. Each servicing participant is responsible for defining its own platform, and each platform will naturally differ based on various factors, including the servicing participant’s business model, the transactions in which it is involved and the range of activities performed in those transactions.

(b) Other Reports: BANA has completed an assertion letter which states that, as of June 30, 2015, its controls over the functions performed as servicer of BA Master Credit Card Trust II and BA Credit Card Trust are effective in providing reasonable assurance that BA Master Credit Card Trust II and BA Credit Card Trust assets in the possession of or under the control of BANA, as servicer, are safeguarded against loss from unauthorized use or disposition, as specified in the applicable agreements. PricewaterhouseCoopers LLP has produced an accountants report attesting to the fairness of such assertion as of June 30, 2015. Such assertion letter and related accountants report is attached as Exhibit 99.1 to this Form 10-K.

Item 1123 of Regulation AB: Servicer Compliance Statement.

BANA has been identified by the registrant as a servicer with respect to the pool assets held by each of BA Master Credit Card Trust II and BA Credit Card Trust. BANA has provided a statement of compliance with the related servicing agreement (the “Compliance Statement”), signed by an authorized officer of BANA. The Compliance Statement is attached as an exhibit to this Form 10-K.

AMENDED AND RESTATED ARTICLES OF ASSOCIATION
OF
BANK OF AMERICA, NATIONAL ASSOCIATION

Charter Number 13044

FIRST. The title of this Association shall be “Bank of America, National Association,” operating in Latin America under the corporate name “BankBoston, N.A.”

SECOND. The main office of the Association shall be in the City of Charlotte, County of Mecklenburg and State of North Carolina. The general business of the Association shall be conducted at its main office and its branches.

THIRD. The board of directors of this Association shall consist of not less than five nor more than twenty-five persons, the exact number to be fixed and determined from time to time by resolution of a majority of the full board of directors or by resolution of the shareholders. Each director shall own common or preferred stock of the Association or of a holding company owning the Association in an amount sufficient to satisfy the applicable requirements of the national banking laws, regulations and rules in effect from time to time.

Any vacancy in the board of directors may be filled by action of a majority of the remaining directors between meetings of shareholders. The board of directors may not increase the number of directors to a number which: (1) exceeds by more than two the number of directors last elected by shareholders where the number was fifteen or less; and (2) exceeds by more than four the number of directors last elected by shareholders where the number was sixteen or more, but in no event shall the number of directors exceed twenty-five.

Terms of directors, including directors selected to fill vacancies, shall expire at the next regular meeting of shareholders at which directors are elected, unless the directors resign or are removed from office.

Despite the expiration of a director's term, the director shall continue to serve until his or her successor is elected and qualifies or until there is a decrease in the number of directors and his or her position is eliminated.

FOURTH. There shall be an annual meeting of the shareholders to elect directors and transact whatever other business may be brought before the meeting. It shall be held at the main office or any other convenient place the board of directors may designate, on the day of each year specified therefor in the Bylaws. If no election is held on the day fixed, an election may be held on any subsequent day within sixty days of the day fixed, to be designated by the board of directors, or, if the directors fail to fix the day, by shareholders representing two-thirds of the shares issued and outstanding.

In all elections of directors, the number of votes each common shareholder may cast will be determined by multiplying the number of shares he or she owns by the number of directors to be elected. Those votes may be cumulated and cast for a single candidate or may be distributed among two or more candidates in the manner selected by the shareholder. On all other questions, each common shareholder shall be entitled to one vote for each share of stock held by him or her.

A director may resign at any time by delivering written notice to the board of directors, its chairperson, or to the Association, which resignation shall be effective when the notice is delivered unless the notice specifies a later effective date.

A director may be removed by shareholders at a meeting called to remove him or her, when notice of the meeting stating that the purpose or one of the purposes is to remove him or her is provided, if there is a failure to fulfill one of the affirmative requirements for qualification, or for cause, provided, however, that a director may not be removed if the number of votes sufficient to elect him or her under cumulative voting is voted against his or her removal.

FIFTH. The authorized amount of capital stock of this Association shall be 250,000,000 shares of common stock with a par value of Twenty Dollars (\$20) each; but the capital stock may be increased or decreased from time to time, according to the provisions of the laws of the United States.

In the event of any increase in common stock of this Association by the sale of additional shares thereof, each shareholder shall be entitled to subscribe to such additional shares of common stock in proportion to the number of shares of common stock owned by the shareholder at the time the increase is authorized by the shareholders, unless another time subsequent to the date of the shareholders' meeting is specified in a resolution adopted by the shareholders at the time the increase is authorized. The board of directors shall have the power to prescribe a reasonable period of time within which the preemptive rights to subscribe to the new shares of capital stock must be exercised.

Unless otherwise specified in the Articles of Association or required by law, (1) all matters requiring shareholder action, including amendments to the Articles of Association must be approved by shareholders owning a majority voting interest in the outstanding voting stock, and (2) each shareholder shall be entitled to one vote per share.

Unless otherwise specified in the Articles of Association or required by law, all shares of voting stock shall be voted together as a class, on any matters requiring shareholder approval. If a proposed amendment would affect two or more classes or series in the same or a substantially similar way, all the classes or series so affected must vote together as a single voting group on the proposed amendment.

Shares of the same class or series may be issued as a dividend on a pro rata basis and without consideration. Shares of another class or series may be issued as a share dividend in respect of a class or series of stock if approved by a majority of the votes entitled to be cast by the class or series to be issued unless there are no outstanding shares of the class or series to be issued. Unless otherwise provided by the board of directors, the record date for determining shareholders entitled to a share dividend shall be the date the board of directors authorizes the share dividend.

If a shareholder is entitled to fractional shares pursuant to preemptive rights, a stock dividend, consolidation or merger, reverse stock split or otherwise, the Association may: (a) issue fractional shares; or (b) in lieu of the issuance of fractional shares, issue scrip or warrants entitling the holder to receive a full share upon surrendering enough scrip or warrants to equal a full share; (c) if there is an established and active market in the Association's stock, make reasonable arrangements to provide the shareholder with an opportunity to realize a fair price through sale of the fraction, or purchase of the additional fraction required for a full share; (d) remit the cash equivalent of the fraction to the shareholder; or (e) sell full shares representing all the fractions at public auction or to the highest bidder after having solicited and received sealed bids from at least three licensed stock brokers; and distribute the proceeds pro rata to shareholders who otherwise would be entitled to the fractional shares. The holder of a fractional share is entitled to exercise the rights for shareholder, including the right to vote, to receive dividends, and to participate in the assets of the Association upon liquidation, in proportion to the fractional interest. The holder of scrip or warrants is not entitled to any of these rights unless the scrip or warrants explicitly provide for such rights. The scrip or warrants may be subject to such additional conditions as: (1) the scrip or warrants will become void if not exchanged for full shares before a specified date; and (2) that the shares for which the scrip or warrants are exchangeable may be sold at the option of the Association and the proceeds paid to scripolders.

The Association, at any time and from time to time, may authorize and issue debt obligations, whether or not subordinated, without the approval of the shareholders. Obligations classified as debt, whether or not subordinated, which may be issued by the Association without the approval of shareholders, do not carry voting rights on any issue, including an increase or decrease in the aggregate number of the securities, or the exchange or reclassification of all or part of securities into securities of another class or series.

Two series of Preferred Stock designated Series A Non-Cumulative Preferred Stock and Series B Non-Cumulative Preferred Stock respectively are hereby established and authorized to be issued as described in the attached Sections 5.01, 5.02, and 5.03, which Sections are incorporated into this Article Fifth.

SIXTH. The board of directors shall appoint one of its members president of this Association, and one of its members chairperson of the board and shall have the power to appoint one or more vice presidents, a secretary who shall keep minutes of the directors' and shareholders' meetings and be responsible for authenticating the records of the Association, and such other officers and employees as may be required to transact the business of this Association. A duly appointed officer may appoint one or more officers or assistant officers if authorized by the board of directors in accordance with the Bylaws.

SEVENTH. The board of directors shall have the power to:

- (1) Define the duties of the officers, employees and agents of the Association.
- (2) Delegate the performance of its duties, but not the responsibility for its duties, to the officers, employees, and agents of the Association.
- (3) Fix the compensation and enter into employment contracts with its officers and employees upon reasonable terms and conditions consistent with applicable law.
- (4) Dismiss officers and employees.

- (5) Require bonds from officers and employees and to fix the penalty thereof.
- (6) Ratify written policies authorized by the Association's management or committees of the board.
- (7) Regulate the manner in which any increase or decrease of the capital of the Association shall be made, provided that nothing herein shall restrict the power of shareholders to increase or decrease the capital of the Association in accordance with law, and nothing shall raise or lower from two-thirds the percentage required for shareholder approval to increase or reduce the capital.
- (8) Manage and administer the business and affairs of the Association.
- (9) Adopt initial bylaws, not inconsistent with law or the articles of association, for managing the business and regulating the affairs of the association.
- (10) Amend or repeal bylaws, except to the extent that the Articles of Association reserve this power in whole or in part to shareholders.
- (11) Make contracts.
- (12) Generally to perform all acts that are legal for a board of directors to perform.

Any and all of these functions may be carried out by officers, employees, or agents of the Association and the delegation of the performance of the board of directors' duties shall be considered authorized when the action taken by the officers, employees, or agents of the Association is in accordance with the provisions of the bylaws of the Association, the directives of the board of directors, or the powers and duties incumbent in any position held by the officers, employees, or agents.

EIGHTH. The board of directors shall have the power to change the location of the main office to any other place within the limits of Charlotte, North Carolina, without the approval of the shareholders, and shall have the power to establish or change the location of any branch or branches of the Association to any other location permitted under applicable law, without the approval of the shareholders subject to approval by the Office of the Comptroller of the Currency.

NINTH. The corporate existence of this Association shall continue until terminated according to the laws of the United States.

TENTH. These Articles of Association may be amended by the affirmative vote of the holders of a majority of the stock of this Association, unless the vote of the holders of a greater amount of stock is required by law, and in that case by the vote of the holders of such greater amount. Although prior approval by the board of directors is not necessary prior to consideration by shareholders, the Association's board of directors may propose one or more amendments to the Articles of Association for submission to the shareholders.

¹ Bank of America, National Association (“BANA”) is responsible for the processing of collections received with respect to the credit card receivables held by BA Master Credit Card Trust II.

- BANA has engaged one vendor – FiServ Solutions Inc. – that performed specific and limited payment processing activities addressed by criterion 1122(d)(2)(i) during the twelve-month period ended June 30, 2015.

² Prior to February 5, 2015, BANA utilized two payment prioritization methodologies when servicing credit card accounts. The cardholder cycle payment methodology was utilized for customer calculations such as balance subject to finance charge, finance charges billed, and statement balance reporting functions. The daily trust payment methodology was utilized for reporting on the assets in the BA Master Credit Card Trust II portfolio. The two previously utilized methodologies agreed on the total outstanding balance and total payments received for each credit card account, but they varied with respect to the component principal receivable and finance charge receivable balances. This variance was primarily due to differences in the prioritization applied to payments and credit adjustments under each of the two methodologies. Please refer to the endnotes to Exhibit 99.1 in the registrant’s distribution report on Form 10-D, filed with the SEC on March 16, 2015, for a description of the two payment prioritization methodologies previously utilized by BANA.

On February 5, 2015, BANA implemented a systems initiative that consolidated these methodologies into a single payment prioritization methodology. This consolidated methodology prioritizes payments and credit adjustments to balances similar to the cardholder methodology but does so on a daily basis similar to the trust methodology.

BANA does not consider differences in the prioritization applied to payments and credit adjustments under each of the two methodologies, or the resulting variance in the component principal receivable and finance charge receivable balances, to give rise to instances of non-compliance with respect to --

- criterion 1122(d)(2)(i), so long as those collections were applied correctly under the daily trust payment methodology and were otherwise deposited into the appropriate custodial bank accounts and related bank clearing accounts within the timeframes specified in the transaction agreements;
- criterion 1122(d)(3)(i)(B), so long as those collections were applied correctly under the daily trust payment methodology and information provided in reports to investors was otherwise calculated in accordance with the terms specified in the transaction agreements; and
- criterion 1122(d)(3)(ii), so long as those collections were applied correctly under the daily trust payment methodology and amounts due to investors were otherwise allocated and remitted in accordance with timeframes, distribution priorities and other terms set forth in the transaction agreements.

³ BANA is responsible for transaction processing, clearing and settlement, and posting and billing services with respect to the credit card receivables held by BA Master Credit Card Trust II.

- BANA has engaged one vendor – Total System Services (“TSYS”) – as a technology provider for the consumer credit card processing platform/system of record. TSYS performed transaction processing, clearing and settlement, and posting and billing services for US Consumer Credit Cards – activities addressed by criteria 1122(d)(2)(i), 1122(d)(4)(iv), 1122(d)(4)(v), and 1122(d)(4)(xiv) from February 5, 2015 through June 30, 2015.

Material Instance of Non-Compliance

1122(d)(4)(v): The servicer's records regarding the pool assets agree with the servicer's records with respect to an obligor's unpaid principal balance.

ASSERTION OF COMPLIANCE WITH
APPLICABLE SERVICING CRITERIA

The Bank of New York Mellon (formerly The Bank of New York), BNY Mellon Trust of Delaware (formerly BNYM (Delaware)) and The Bank of New York Mellon Trust Company, N.A. (formerly The Bank of New York Trust Company, N.A.), (collectively, the “Company”) provide this platform-level assessment of compliance with the servicing criteria specified in Item 1122(d) of Regulation AB promulgated by the Securities and Exchange Commission. Management has determined that the servicing criteria are applicable in regard to the servicing platform as of and for the period as follows:

Platform: Publicly-issued (i.e., transaction-level reporting initially required under the Securities Exchange Act of 1934, as amended) asset-backed securities issued on or after January 1, 2006 and like-kind transactions issued prior to January 1, 2006 that are subject to Regulation AB for which the Company provides trustee, securities administration, paying agent or custodial services, as defined and to the extent applicable in the transaction agreements, other than residential mortgage-backed securities and other mortgage-related asset-backed securities (the “Platform”).

Period: Twelve months ended June 30, 2015 (the “Period”).

Applicable Servicing Criteria: All servicing criteria set forth in Item 1122(d), to the extent required by the related transaction agreements as to any transaction, except as set forth in the column titled “Not Applicable To Platform” in Appendix 1 attached hereto.

With respect to servicing criterion 1122(d)(2)(vi) management has engaged a vendor to perform the activities required by the servicing criterion. Management has determined that this vendor is not considered a “servicer” as defined in Item 1101(j) of Regulation AB, and management has elected to take responsibility for assessing compliance with the servicing criterion applicable to this vendor as permitted by the SEC’s *Compliance and Disclosure Interpretation (“C&DI”) 200.06, Vendors Engaged by Servicers (C&DI 200.06)* (formerly SEC Manual Telephone Interpretation 17.06). Management has policies and procedures in place designed to provide reasonable assurance that the vendor’s activities comply in all material respects with the servicing criterion applicable to the vendor. Management is solely responsible for determining that it meets the SEC requirements to apply C&DI 200.06 for the vendor and related criterion.

With respect to the Platform as of and for the Period, the Company provides the following assessment of compliance in respect of the Applicable Servicing Criteria:

1. The Company is responsible for assessing its compliance with the Applicable Servicing Criteria.
2. The Company has assessed compliance with the Applicable Servicing Criteria including the servicing criterion for which compliance is determined based on C&DI 200.06 as described above. In performing this assessment, management used the criteria set forth by the Securities and Exchange Commission in paragraph (d) of Item 1122 of Regulation AB.
3. With respect to Applicable Servicing Criteria 1122(d)(2)(iii) and 1122(d)(4)(vii), there were no activities performed during the Period with respect to the Platform, because there were no occurrences of events that would require the Company to perform such activities.
4. Based on such assessment, as of and for the Period, the Company has complied, in all material respects, with the Applicable Servicing Criteria.

KPMG LLP, an independent registered public accounting firm, has issued an attestation report with respect to Management's Assertion of Compliance with the Applicable Servicing Criteria as of and for the Period.

Report of Independent Registered Public Accounting Firm

To Bank of America, National Association

We have examined Bank of America, National Association's compliance with the servicing criteria set forth in Item 1122(d) of the Securities and Exchange Commission's Regulation AB for the asset-backed securities transactions backed by credit card receivables issued by the BA Credit Card Trust on or before June 30, 2015, for which transactions the Company acted as servicer, that were registered with the Securities and Exchange Commission pursuant to the Securities Act of 1933, as amended, where the related asset-backed securities were outstanding during the period from July 1, 2014 to June 30, 2015 (the "Platform"), as of and for the year ended June 30, 2015, excluding criteria which the Company has determined are not applicable to the servicing activities performed by it with respect to the Platform, as indicated in Appendix A to the accompanying *Certification Regarding Compliance with Applicable Servicing Criteria* (the "Compliance Statement"). Appendix B to the Compliance Statement identifies the individual asset-backed transactions and securities defined by management as constituting the Platform. Management is responsible for the Company's compliance with the servicing criteria. Our responsibility is to express an opinion on the Company's compliance with the servicing criteria based on our examination.

Our examination was conducted in accordance with attestation standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included examining, on a test basis, evidence about the Company's compliance with the applicable servicing criteria and performing such other procedures as we considered necessary in the circumstances. Our examination included testing of selected asset-backed transactions and securities that comprise the Platform, testing of selected servicing activities related to the Platform, and determining whether the Company processed those selected transactions and performed those selected activities in compliance with the applicable servicing criteria. Our procedures were limited to the selected transactions and servicing activities performed by the Company during the period covered by this report. Our procedures were not designed to detect noncompliance arising from errors that may have occurred prior to or subsequent to our tests that may have affected the balances or amounts calculated or reported by the Company during the period covered by this report. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Company's compliance with the servicing criteria.

We have been informed that, under the Company's interpretation of the specified requirements within the servicing agreements governing the BA Credit Card Trust, prior to February 5, 2015, the Company allocated collections with respect to receivables for the purpose of investor and trust reporting among principal collections and finance charge collections using the Company's "Trust" method. By contrast, for the purpose of cardholder records, the Company utilized the "Cardholder" method. Effective February 5, 2015, the Company implemented a system initiative that consolidated the methodologies into a single payment prioritization methodology. Except in relation to criterion 1122(d)(4)(v) as described in the following paragraph, the Company does not consider the use of two payment methodologies based on reporting type to be an instance of noncompliance. The Company's interpretation of the effects of the two methods on criteria 1122(d)(2)(i), 1122(d)(3)(i)(B) and 1122(d)(3)(ii) is disclosed within Appendix A to the Compliance Statement.

Our examination disclosed the following material noncompliance with the servicing criteria set forth in Item 1122(d)(4)(v) of Regulation AB applicable to the Company during the year ended June 30, 2015. For criterion 1122(d)(4)(v), the servicer's records regarding the pool assets did not agree with the servicer's records with respect to an obligor's unpaid principal balance during the period July 1, 2014 to February 4, 2015.

In our opinion, except for the material noncompliance described in the preceding paragraph, Bank of America, National Association complied with the aforementioned applicable servicing criteria as of and for the year ended June 30, 2015 for the Platform, in all material respects.

Furthermore, our procedures were limited to the selected transactions and servicing activities performed by the Company during the period covered by this report. Our procedures were not designed to determine whether errors may have occurred either prior to or subsequent to our tests that may have affected the balances or amounts calculated or reported by the Company during the period covered by this report for the selected transactions or any other transactions. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Company's compliance with the servicing criteria.

As described in the Company's Assertion of Compliance with Applicable Servicing Criteria, for servicing criterion 1122(d)(2)(vi), the Company has engaged a vendor to perform the activities required by this servicing criterion. The Company has determined that this vendor is not considered a "servicer" as defined in Item 1101(j) of Regulation AB, and the Company has elected to take responsibility for assessing compliance with the servicing criterion applicable to this vendor as permitted by the SEC's *Compliance and Disclosure Interpretation ("C&DI") 200.06, Vendors Engaged by Servicers* (C&DI 200.06) (formerly SEC Manual Telephone Interpretation 17.06). As permitted by C&DI 200.06, the Company has asserted that it has policies and procedures in place designed to provide reasonable assurance that the vendor's activities comply in all material respects with the servicing criterion applicable to the vendor. The Company is solely responsible for determining that it meets the SEC requirements to apply C&DI 200.06 for the vendor and related criterion as described in its Assertion of Compliance with Applicable Servicing Criteria, and we performed no procedures with respect to the Company's eligibility to apply C&DI 200.06.

In our opinion, management's assertion that the Company complied with the aforementioned servicing criteria, including servicing criterion 1122(d)(2)(vi) for which compliance is determined based on C&DI 200.06 as described above, as of and for the twelve months ended June 30, 2015 is fairly stated, in all material respects.

Variances in Trust Reporting Compared with Cardholder Reporting

Prior to February 5, 2015, BANA utilized two payment prioritization methodologies when servicing credit card accounts. The cardholder cycle payment methodology was utilized for customer calculations such as balance subject to finance charge, finance charges billed, and statement balance reporting functions. The daily trust payment methodology was utilized for reporting on the assets in the BA Master Credit Card Trust II portfolio.

The two previously utilized methodologies agreed on the total outstanding balance and total payments received for each credit card account, but they varied with respect to the component principal receivable and finance charge receivable balances. This variance was primarily due to differences in the prioritization applied to payments and credit adjustments under each of the two methodologies. Please refer to the endnotes to Exhibit 99.1 in the registrant's distribution report on Form 10-D, filed with the SEC on March 16, 2015, for a description of the two payment prioritization methodologies previously utilized by BANA.

BANA does not consider differences in the prioritization applied to payments and credit adjustments under each of the two methodologies, or the resulting variance in the component principal receivable and finance charge receivable balances, to have constituted a failure to fulfill its obligations under the Pooling and Servicing Agreement, the Supplement and the Indenture in all material respects, so long as payments and credit adjustments were applied correctly under each of the methodologies.

On February 5, 2015, BANA implemented a systems initiative that consolidated these methodologies into a single payment prioritization methodology. This consolidated methodology prioritizes payments and credit adjustments to balances similar to the cardholder methodology but does so on a daily basis similar to the trust methodology.

Report of Independent Registered Public Accounting Firm

To Bank of America, National Association:

We have examined management's assertion, included in the accompanying report by management, titled "Report of Management on BA Master Credit Card Trust II and BA Credit Card Trust Internal Control" (the "Report"), that Bank of America, National Association (the "Company"), a wholly owned subsidiary of Bank of America Corporation, maintained effective internal control over the functions performed as servicer of the BA Master Credit Card Trust II (the "Master Trust") and the BA Credit Card Trust (the "Note Trust", together with the Master Trust, the "Trusts"), including each series of the Master Trust and each tranche of the Note Trust as specified in the Report, as of June 30, 2015 to provide reasonable assurance that Trusts' assets in the possession of or under the control of the servicer are safeguarded against loss from unauthorized use or disposition as specified in the Third Amended and Restated Pooling and Servicing Agreement for the Master Trust dated October 1, 2014 (the "PSA") between the Company, BA Credit Card Funding, LLC and The Bank of New York Mellon (the "Trustee"), the Series Supplement to Third Amended and Restated Pooling and Servicing Agreement for the Master Trust for each series as specified in the Report (the "Series Supplements") between the Company, BA Credit Card Funding, LLC and the Trustee, the Third Amended and Restated Indenture for the Note Trust dated October 1, 2014 (the "Indenture") and the Second Amended and Restated BAseries Indenture Supplement dated October 1, 2014 (the "Indenture Supplement"), both between the Note Trust and the Trustee (the PSA, Series Supplements, Indenture and Indenture Supplement, together the "Agreements"). The Company's management is responsible for maintaining effective internal control over the functions performed as servicer of the Trusts. Our responsibility is to express an opinion on management's assertion based on our examination.

Our examination was conducted in accordance with attestation standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included obtaining an understanding of internal control over the functions performed by the Company as servicer of the Trusts, testing and evaluating the design and operating effectiveness of internal control, and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

Because of inherent limitations in any internal control, misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of internal control over the functions performed by the Company as servicer of the Trusts to future periods are subject to the risk that the internal control may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, management's assertion that the Company maintained effective internal control over the functions performed as servicer of the Trusts to provide reasonable assurance that Trusts' assets in the possession of or under the control of the servicer are safeguarded against loss from unauthorized use or disposition as of June 30, 2015 as specified within the Agreements is fairly stated, in all material respects, based on the following criteria specified in the Report:

- Funds collected are remitted to the Trustee in accordance with the Agreements.
- The Trusts' assets are segregated from those retained by the Company in accordance with the Agreements.

Report of Management on BA Master Credit Card Trust II and BA Credit Card Trust Internal Control

Bank of America, National Association (“BANA” or the “Company”), a wholly owned subsidiary of Bank of America Corporation, is responsible for establishing and maintaining effective internal control over the functions performed as the servicer of the BA Master Credit Card Trust II and the BA Credit Card Trust (the “Trusts” or individually, the “Trust”). These internal controls are designed to provide reasonable assurance to the Company’s management and board of directors that Trusts’ assets in the possession of or under the control of the servicer are safeguarded against loss from unauthorized use or disposition, as specified in the applicable Pooling and Servicing Agreement, Series Supplements, Indenture and BAseries Indenture Supplement (together the “Agreements”) as specified in Appendix I, between BANA as Seller and Servicer, in the case of the Pooling and Servicing Agreement and the Series Supplements, or BA Credit Card Trust, in the case of the Indenture and the BAseries Indenture Supplement, and the applicable Trustee (specific Agreements and Trustees are listed in Appendix I).

Because of inherent limitations in any internal control, no matter how well-designed, misstatements due to error or fraud may occur and not be detected, including the possibility of the circumvention or overriding of internal control. Accordingly, even effective internal control can provide only reasonable assurance with respect to the achievement of any objectives of internal control. Further, because of changes in conditions, the effectiveness of internal control may vary over time.

The Company has determined that the objectives of controls with respect to servicing and reporting of the Trusts’ assets are to provide reasonable, but not absolute assurance that:

- Funds collected are remitted to the Trustee in accordance with the Agreements.
 - The Trusts’ assets are segregated from those retained by BANA in accordance with the Agreements.
 - Expenses incurred by the Trusts are calculated and remitted in accordance with the Agreements.
 - The additions of accounts to the Trusts are authorized in accordance with the Agreements.
 - The removals of accounts from the Trusts are authorized in accordance with the Agreements.
-

Trust Internal Control (continued)

- The Trusts' assets amortizing out of the Trusts are calculated in accordance with the Agreements.
- Monthly Trust reports generated in the form of "Exhibits" and provided to the Trustee are reviewed by a Vice President or above prior to distribution.
- Monthly Trust reports generated in the form of "Exhibits" contain all information required by the Agreements.

The Company assessed its internal control over the functions performed as servicer of the Trusts in relation to these criteria. Based upon this assessment, the Company believes that, as of June 30, 2015, its internal controls over the functions performed as servicer of the Trusts are effective in providing reasonable assurance that Trusts' assets in the possession of or under the control of the servicer are safeguarded against loss from unauthorized use or disposition, as specified in the Agreements.
