MERRILL LYNCH & CO., INC.
Technology Market Index Target-Term Securities/SM/
due August 15, 2001

Merrill Lynch & Co., Inc., a Delaware corporation (hereinafter referred to as the "Company", which term includes any successor corporation under the Indenture herein referred to), for value received, hereby promises to pay to CEDE & CO., or registered assigns, the principal sum of TWENTY FIVE MILLION DOLLARS (\$25,000,000) (the "Principal Amount") plus the Supplemental Redemption Amount, as defined below, on August 15, 2001 (the "Stated Maturity").

Payment of the Principal Amount and the Supplemental Redemption Amount and any interest on any overdue amount thereof with respect to this Security shall be made at the office or agency of the Company maintained for that purpose in the Borough of Manhattan, The City of New York, in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

This Security is one of the series of Technology Market Index Target-Term Securities/SM/ due August 15, 2001 (the "Securities").

- -----
/SM/ "Market Index Target-Term Securities" is a service mark owned by Merrill Lynch & Co., Inc.

SUPPLEMENTAL REDEMPTION AMOUNT

- -----

The "Supplemental Redemption Amount" with respect to this Security equals:

	Ending Index Value - Benchmark Index Value
Principal Amount X	-----
	Benchmark Index Value

provided, however, that in no event will the Supplemental Redemption Amount be less than zero or more than \$10 per \$10 principal amount of Securities. The CBOE Technology Index (herein referred to as the "Index") is disseminated by the Chicago Board Options Exchange, Inc. (the "CBOE"). The "Benchmark Index Value" equals 189.48. The Ending Index Value will be determined by Merrill Lynch, Pierce, Fenner & Smith Incorporated (the "Calculation Agent", which term includes any successor thereto) and will equal the average (arithmetic mean) of the closing values of the Index determined on each of the first five Calculation Days during the Calculation Period. If there are fewer than five Calculation Days, then the Ending Index Value will equal the average (arithmetic mean) of the closing values of the Index on such Calculation Days, and if there is only one Calculation Day, then the Ending Index Value will equal the closing value of the Index on such Calculation Day. If no Calculation Days occur during the Calculation Period because of Market Disruption Events as defined below, then the Ending Index Value will equal the closing value of the Index determined on the last scheduled Index Business Day in the Calculation Period, regardless of the occurrences of a Market Disruption Event on such day. The "Calculation Period" means the period from and including the seventh scheduled Index Business Day prior to the Stated Maturity to and including the second scheduled Index Business Day prior to the Stated Maturity. "Calculation Day" means any Index Business Day during the Calculation Period on which a Market Disruption Event has not occurred. For purposes of determining the Ending Index Value, an "Index Business Day" is a day on which The New York Stock Exchange (the "NYSE") is open for trading and trading generally occurs in the over-the-counter market for equity securities and the Index or any successor index is calculated and published. All determinations made by the Calculation Agent shall be at the

sole discretion of the Calculation Agent and, absent a determination by the Calculation Agent of a manifest error, shall be conclusive for all purposes and binding on the Company and beneficial owners of the Securities.

ADJUSTMENTS TO THE INDEX; MARKET DISRUPTION EVENTS

2

If at any time the method of calculating the Index, or the value thereof, is changed in any material respect, or if the Index is in any other way modified so that such Index does not, in the opinion of the Calculation Agent, fairly represent the value of the Index had such changes or modifications not been made, then, from and after such time, the Calculation Agent shall, at the close of business in New York, New York, on each date that the closing value with respect to the Ending Index Value is to be calculated, make such adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a calculation of a value of a stock index comparable to the Index as if such changes or modifications had not been made, and calculate such closing value with reference to the Index, as adjusted. Accordingly, if the method of calculating the Index is modified so that the value of such Index is a fraction or a multiple of what it would have been if it had not been modified (e.g., due to a split in the Index), then the Calculation Agent shall adjust such Index in order to arrive at a value of the Index as if it had not been modified (e.g., as if such split had not occurred).

"Market Disruption Event" means either of the following events, as determined by the Calculation Agent:

(i) the suspension or material limitation (limitations pursuant to NYSE Rule 80A (or any applicable rule or regulation enacted or promulgated by the NYSE or any other self regulatory organization or the Securities and Exchange Commission of similar scope as determined by the Calculation Agent) on trading during significant market fluctuations shall be considered "material" for purposes of this definition), in each case, for more than two hours of trading in 5 or more of the securities included in the Index, or

(ii) the suspension or material limitation, in each case, for more than two hours of trading (whether by reason of movements in price otherwise exceeding levels permitted by the relevant exchange or otherwise) in option contracts on the Index which are traded on the CBOE.

For the purposes of this definition, a limitation on the hours in a trading day and/or number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange.

DISCONTINUANCE OF THE INDEX

If the CBOE discontinues publication of the Index and the CBOE or another entity publishes a successor or substitute index

3

that the Calculation Agent determines, in its sole discretion, to be comparable to such Index (any such index being referred to hereinafter as a "Successor Index"), then, upon the Calculation Agent's notification of such determination to the Trustee and the Company, the Calculation Agent will substitute the Successor Index as calculated by the CBOE or such other entity for the Index and calculate the Ending Index Value as described above in the section entitled "Supplemental Redemption Amount." Upon any selection by the Calculation Agent of a Successor Index, the Company shall cause notice thereof to be given to Holders of the Securities.

If the CBOE discontinues publication of the Index and a Successor Index is not selected by the Calculation Agent or is no longer published on any of the Calculation Days, the value to be substituted for the Index for any such Calculation Day used to calculate the Supplemental Redemption Amount at maturity will be a value computed by the Calculation Agent for each Calculation Day in accordance with the procedures last used to calculate the Index prior to any such discontinuance. If a Successor Index is selected or the Calculation Agent calculates a value as a substitute for the Index as described below, such Successor Index or value shall be substituted for the Index for all purposes, including for purposes of determining whether a Market Disruption Event exists.

If the CBOE discontinues publication of the Index prior to the period during which the Supplemental Redemption Amount is to be determined and the Calculation Agent determines that no Successor Index is available at such time, then on each Business Day until the earlier to occur of (i) the determination of the Ending Index Value and (ii) a determination by the Calculation Agent that a Successor Index is available, the Calculation Agent shall determine the value

that would be used in computing the Supplemental Redemption Amount as described above as if such day were a Calculation Day. The Calculation Agent will cause notice of each such value to be published not less often than once each month in The Wall Street Journal (or another newspaper of general circulation), and arrange for information with respect to such values to be made available by telephone.

GENERAL

This Security is one of a duly authorized issue of Securities of the Company, issued and to be issued under an Indenture, dated as of April 1, 1983, as amended and restated (herein referred to as the "Indenture"), between the Company and The Chase Manhattan Bank, formerly known as Chemical Bank (successor by merger to Manufacturers Hanover Trust Company), as Trustee (herein referred to as the "Trustee", which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made

4

for a statement of the respective rights thereunder of the Company, the Trustee and the Holders of the Securities, and the terms upon which the Securities are, and are to be, authenticated and delivered.

The Company hereby covenants for the benefit of the Holders of the Securities, to the extent permitted by applicable law, not to claim voluntarily the benefits of any laws concerning usurious rates of interest against a Holder of the Securities.

The Securities are not subject to redemption by the Company or at the option of the Holder prior to the Stated Maturity.

Upon the occurrence of an Event of Default with respect to the Securities, Holders of the Securities may accelerate the maturity of the Securities in the manner and with the effect provided in the Indenture. The amount payable to a Holder of this Security upon any acceleration permitted by the Securities, with respect to each \$10 principal amount thereof, will be equal to: (i) \$10, plus (ii) an additional amount of contingent interest calculated as though the date of early repayment were the Stated Maturity of the Securities.

In case of default in payment at the maturity date of the Securities (whether at their Stated Maturity or upon acceleration), from and after the maturity date the Securities shall bear interest, payable upon demand of the beneficial owners thereof, at the rate of 7.76% per annum (to the extent that payment of such interest shall be legally enforceable) on the unpaid amount due and payable on such date in accordance with the terms of the Securities to the date payment of such amount has been made or duly provided for. Interest on any overdue Principal Amount or Supplemental Redemption Amount, as the case may be, shall be payable on demand.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company and the Trustee with the consent of the Holders of not less than 66 2/3% in aggregate principal amount of the Securities at the time Outstanding, as defined in the Indenture, of each series affected thereby. The Indenture also contains provisions permitting the Holders of specified percentages in aggregate principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of each series, to waive compliance by the Company with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the

5

registration of transfer hereof or in exchange herefor or in lieu hereof whether or not notation of such consent or waiver is made upon this Security.

No reference herein to the Indenture and no provision of this Security or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Principal Amount plus the Supplemental Redemption Amount with respect to this Security and any interest on any overdue amount thereof at the time, place, and rate, and in the coin or currency, herein prescribed.

As provided in the Indenture and subject to certain limitations set forth therein and on the first page hereof, the transfer of this Security may be registered on the Security Register of the Company, upon surrender of this Security for registration of transfer at the office or agency of the Company in the Borough of Manhattan, The City of New York, duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Company duly executed by, the Holder hereof or by his attorney duly authorized in writing, and thereupon one or more new Securities, of authorized denominations and for

the same aggregate principal amount, will be issued to the designated transferee or transferees.

The Securities are issuable only in registered form without coupons in denominations of \$10 and integral multiples thereof. As provided in the Indenture and subject to certain limitations set forth therein and on the first page hereof, the Securities are exchangeable for a like aggregate principal amount of Securities in authorized denominations, as requested by the Holder surrendering the same. If (x) any Depository is at any time unwilling or unable to continue as Depository and a successor depository is not appointed by the Company within 60 days, (y) the Company executes and delivers to the Trustee a Company Order to the effect that this Security shall be exchangeable or (z) an Event of Default has occurred and is continuing with respect to the Securities, this Security shall be exchangeable for Securities in definitive form of like tenor and of an equal aggregate principal amount, in denominations of \$10 and integral multiples thereof. Such definitive Securities shall be registered in such name or names as the Depository shall instruct the Trustee. If definitive Securities are so delivered, the Company may make such changes to the form of this Security as are necessary or appropriate to allow for the issuance of such definitive Securities.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or governmental charge payable in connection therewith.

6

Prior to due presentment of this Security for registration of transfer, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

All terms used in this Security which are defined in the Indenture but not in this Security shall have the meanings assigned to them in the Indenture.

Unless the certificate of authentication hereon has been executed by The Chase Manhattan Bank, the Trustee under the Indenture, or its successor thereunder, by the manual signature of one of its authorized officers, this Security shall not be entitled to any benefits under the Indenture or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed under its corporate seal.

Top Ten Yield Market Index Target-Term Securities/SM/
due August 15, 2006

Merrill Lynch & Co., Inc., a Delaware corporation (hereinafter referred to as the "Company", which term includes any successor corporation under the Indenture herein referred to), for value received, hereby promises to pay to CEDE & CO., or registered assigns, the principal sum of THIRTY FIVE MILLION DOLLARS (\$35,000,000) (the "Principal Amount") plus the Supplemental Redemption Amount, as defined below, on August 15, 2006 (the "Stated Maturity").

Payment of the Principal Amount and the Supplemental Redemption Amount and any interest on any overdue amount thereof with respect to this Security shall be made at the office or agency of the Company maintained for that purpose in the Borough of Manhattan, The City of New York, in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

This Security is one of the series of Top Ten Yield Market Index Target-Term Securities/SM/ due August 15, 2006 (the "Securities").

- -----
/SM/ "Market Index Target-Term Securities" is a service mark owned by Merrill Lynch & Co., Inc.

Supplemental Redemption Amount

The "Supplemental Redemption Amount" with respect to this Security equals:

Ending Index Value - Starting Index Value
Principal Amount X -----
Starting Index Value

provided, however, that in no event will the Supplemental Redemption Amount be less than \$2.40 per \$10 principal amount of the Securities (the "Minimum Supplemental Redemption Amount"). The Minimum Supplemental Redemption Amount is equivalent to a rate of return of 2.16% per annum, calculated on a semi-annual bond equivalent basis. The Top Ten Yield Index (herein referred to as the "Index") is calculated and disseminated by the American Stock Exchange (the "AMEX"). The "Starting Index Value" equals 100. The Ending Index Value will be determined by Merrill Lynch, Pierce, Fenner & Smith Incorporated (the "Calculation Agent", which term includes any successor thereto) and will equal the average (arithmetic mean) of the closing values of the Index determined on each of the first five Calculation Days during the Calculation Period. If there are fewer than five Calculation Days, then the Ending Index Value will equal the average (arithmetic mean) of the closing values of the Index on such Calculation Days, and if there is only one Calculation Day, then the Ending Index Value will equal the closing value of the Index on such Calculation Day. If no Calculation Days occur during the Calculation Period because of Market Disruption Events, then the Ending Index Value will equal the closing value of the Index determined on the last scheduled Index Business Day in the Calculation Period, regardless of the occurrence of a Market Disruption Event on such day. The "Calculation Period" means the period from and including the seventh scheduled Index Business Day prior to the Stated Maturity to and including the second scheduled Index Business Day prior to the Stated Maturity. "Calculation Day" means any Index Business Day during the Calculation Period on which a Market Disruption Event has not occurred. For purposes of determining the Ending Index Value, an "Index Business Day" is a day on which The New York Stock Exchange (the "NYSE") and the AMEX are open for trading and trading generally occurs in the over-the-counter market for equity securities and the Index is calculated and published by the

AMEX. All determinations made by the Calculation Agent shall be at the sole discretion of the Calculation Agent and, absent a determination by the Calculation Agent of a manifest error, shall be conclusive for all purposes and binding on the Company and beneficial owners of the Securities.

ADJUSTMENTS TO THE INDEX; MARKET DISRUPTION EVENTS

If at any time the method of calculating the Index, or the value thereof, is changed in any material respect, or if the Index is in any other way modified so that such Index does not, in the opinion of the Calculation Agent, fairly represent the value of the Index had such changes or modifications not been made, then, from and after such time, the Calculation Agent shall, at the close of business in New York, New York, on each date that the closing value with respect to the Ending Index Value is to be calculated, make such adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a calculation of a value of a stock index comparable to the Index as if such changes or modifications had not been made, and calculate such closing value with reference to the Index, as adjusted. Accordingly, if the method of calculating the Index is modified so that the value of such Index is a fraction or a multiple of what it would have been if it had not been modified (e.g., due to a split in the Index), then the Calculation Agent shall adjust such Index in order to arrive at a value of the Index as if it had not been modified (e.g., as if such split had not occurred).

"Market Disruption Event" means either of the following events, as determined by the Calculation Agent:

(i) the suspension or material limitation (limitations pursuant to NYSE Rule 80A (or any applicable rule or regulation enacted or promulgated by the NYSE or any other self regulatory organization or the Securities and Exchange Commission of similar scope as determined by the Calculation Agent) on trading during significant market fluctuations shall be considered "material" for purposes of this definition), in the trading of one or more of the securities underlying the Index on any exchange in the United States or in the over-the-counter market for more than two hours of trading or during the period one-half hour prior to the close of such trading, or

(ii) the suspension or material limitation (whether by reason of movements in price otherwise exceeding levels permitted by the relevant exchange or otherwise) in option contracts related to one or more of the securities underlying the Index traded on any exchange for more than two hours of trading or during the period one-half hour prior to the close of such trading.

For the purposes of this definition, a limitation on the hours in a trading day and/or number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange.

DISCONTINUANCE OF THE INDEX

If the AMEX discontinues publication of the Index and the AMEX or another entity publishes a successor or substitute index that the Calculation Agent determines, in its sole discretion, to be comparable to such Index (any such index being referred to hereinafter as a "Successor Index"), then, upon the Calculation Agent's notification of such determination to the Trustee and the Company, the Calculation Agent will substitute the Successor Index as calculated by the AMEX or such other entity for the Index and calculate the Ending Index Value as described above in the section entitled "Supplemental Redemption Amount." Upon any selection by the Calculation Agent of a Successor Index, the Company shall cause notice thereof to be given to Holders of the Securities.

If the AMEX discontinues publication of the Index and a Successor Index is not selected by the Calculation Agent or is no longer published on any of the Calculation Days, the value to be substituted for the Index for any such Calculation Day used to calculate the Supplemental Redemption Amount at maturity will be a value computed by the Calculation Agent for each Calculation Day in accordance with the procedures last used to calculate the Index prior to any such discontinuance. If a Successor Index is selected or the Calculation Agent calculates a value as a substitute for the Index as described below, such Successor Index or value shall be substituted for the Index for all purposes, including for purposes of determining whether a Market Disruption Event exists.

If the AMEX discontinues publication of the Index prior to the period during which the Supplemental Redemption Amount is to be determined and the Calculation Agent determines that no Successor Index is available at such time, then on each Business Day until the earlier to occur of (i) the determination of the Ending Index Value and (ii) a determination by the Calculation Agent that a Successor Index is available, the Calculation Agent shall determine the value that would be used in computing the Supplemental Redemption Amount as described above as if such day were a Calculation Day. The Calculation Agent will cause notice of each such value to be published not less often than once each month in The Wall Street Journal (or another newspaper of general circulation), and arrange for information with respect to such values to be made available by

telephone.

As provided in the Indenture and subject to certain limitations set forth therein and on the first page hereof, the Securities are exchangeable for a like aggregate principal amount of Securities in authorized denominations, as requested by the Holder surrendering the same. If (x) any Depository is at any time unwilling or unable

to continue as Depository and a successor depository is not appointed by the Company within 60 days, (y) the Company executes and delivers to the Trustee a Company Order to the effect that this Security shall be exchangeable or (z) an Event of Default has occurred and is continuing with respect to the Securities, this Security shall be exchangeable for Securities in definitive form of like tenor and of an equal aggregate principal amount, in denominations of \$10 and integral multiples thereof. Such definitive Securities shall be registered in such name or names as the Depository shall instruct the Trustee. If definitive Securities are so delivered, the Company may make such changes to the form of this Security as are necessary or appropriate to allow for the issuance of such definitive Securities.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or governmental charge payable in connection therewith.

Prior to due presentment of this Security for registration of transfer, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

All terms used in this Security which are defined in the Indenture but not in this Security shall have the meanings assigned to them in the Indenture.

Unless the certificate of authentication hereon has been executed by The Chase Manhattan Bank, the Trustee under the Indenture, or its successor thereunder, by the manual signature of one of its authorized officers, this Security shall not be entitled to any benefits under the Indenture or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed under its corporate seal.
