The purpose of the Plan is to encourage the employees who are integral to the success of the business of the Company to continue their employment by providing them with flexibility in meeting their future income needs. This Plan is unfunded and maintained primarily for the purpose of providing deferred compensation for a select group of management or highly compensated employees within the meaning of Title I of ERISA, and all decisions concerning who is to be considered a member of that select group and how this Plan shall be administered and interpreted shall be consistent with this intention.

ARTICLE II

ELIGIBILITY

2.1 Eligible Employees.

(a) **General Rule.** An individual is an Eligible Employee if he or she (i) is a Full-Time Domestic Employee or a Full-Time Expatriate Employee, (ii) has at least \$300,000 of Eligible Compensation for the year prior to the Election Year, and (iii) has attained the title of Vice President or higher.

(b) **Individuals First Employed During Election Year or Plan Year.** Subject to the approval of the Administrator in his or her sole discretion, an individual who is first employed by the Company during the Election Year or the Plan Year is an Eligible Employee if his or her Eligible Compensation, together, if applicable, with the amount of any Variable Incentive Compensation that will be payable to such individual in the next annual bonus cycle pursuant to a written bonus guarantee, is greater than \$300,000, and he or she is employed as or is to be nominated for the title of Vice President or higher at the first opportunity following his or her commencement of employment with the Company.

(c) **Disqualifying Factors.** An individual shall not be an Eligible Employee if either (i) as of the deadline for submission of elections specified in Section 3.1(a), the individual's wages have been attached or are being garnished or are otherwise restrained pursuant to legal process, or (ii) within 13 months prior to the deadline for submission of elections specified in Section 3.1(a), the individual has made a hardship withdrawal of Elective 401(k) Deferrals as defined under the 401(k) Plan.

ARTICLE III

DEFERRAL ELECTIONS; ACCOUNTS

3.1 Deferral Elections.

(a) **Timing and Manner of Making of Elections.** An election to defer Compensation for payment in accordance with Article V shall be made by submitting to the Administrator such forms as the Administrator may prescribe in whatever manner that the Administrator directs. Each election submitted must specify a Maximum Deferral and a Deferral Percentage with respect to each category of Compensation to be deferred. All elections by a Participant to defer Compensation under the Plan must be received by the Administrator or such person as he or she may designate for the purpose by no later than October 15 of the Election Year (or such later date as the Administrator, in his or her sole discretion, may specify in any particular instance) or, in the event such date is not a business day, the immediately preceding business day; provided, however, that the Eligible Employee's election to defer a Sign-On Bonus must be part of such Eligible Employee's terms and conditions of employment agreed to prior to the Eligible Employee's first day of employment with the Company.

(b) **Irrevocability of Deferral Election.** Except as provided in Sections 3.5 and 5.5, an election to defer the receipt of any Compensation made under Section 3.1(a) is irrevocable once submitted to the Administrator or his or her designee. The Administrator's acceptance of an election to defer Compensation shall not, however, affect the contingent nature of such Compensation under the plan or program under which such Compensation is payable.

(c) **Application of Election.** The Participant's Deferral Percentage will be applied to each payment of Compensation to which the Participant's deferral election applies, provided that the aggregate of the Participant's Deferred Amounts shall not exceed the Participant's Maximum Deferral. If a Participant has made deferral elections with respect to more than one category of Compensation, this Section 3.1(c) shall be applied separately with respect to each such category.

3.2 Crediting to Accounts.

(a) **Initial Deferrals.** A Participant's Deferred Amounts will be credited to the Participant's Account as soon as practicable (but in no event later than the end of the following month) after the last day of the Fiscal Month during which such Deferred Amounts would, but for deferral, have been paid and will be accounted for in accordance with Section 3.4. No interest will accrue, nor will any adjustment be made to an Account, for the period until the Deferred Amounts are credited.

(b) **Private Fund Return Options.** Upon the closing of any Private Return Option, a Participant's Account will be credited with a number of units determined by dividing by \$1,000 the sum of the following: (1) the portion of the Account Balance that the Participant has elected to allocate to the Private Return Option, as of the day prior to the closing date; and (in the case of ML Ventures only) (2) the Participant's Initial Leveraged Amount (computed in accordance with Section 3.4(c)).

3.3 Minimum Requirements for Deferral.

(a) **Minimum Requirements.** Notwithstanding any other provision of this Plan, no deferral will be effected under this Plan with respect to a Participant if:

- (i) the Participant is not an Eligible Employee as of December 31, 2004,
- (ii) the Participant's election as applied to the Participant's Variable Incentive Compensation (determined by substituting the Election Year for the Plan Year) or Adjusted Compensation (determined by substituting the Fiscal Year immediately prior to the Fiscal Year ending in the Election Year for the Fiscal Year ending in the Plan Year) would have resulted in an annual deferral of less than \$15,000, or
- (iii) the greater of (A) the sum of (1) the "Medicare wages" amount listed on the Participant's W-2 form for the Plan Year, and (2) any Compensation that is accelerated which the Participant may receive in December of the Election Year which would have been payable in the Plan Year in the absence of the action of the Company to accelerate the payment, or (B) the Participant's Eligible Compensation for the Plan Year, is less than \$250,000;

provided, that any Participant who first becomes an employee of the Company during the Plan Year shall not be required to satisfy conditions (i) and (ii). Condition (ii) does not require a Participant's elections to result in an actual deferral of at least \$15,000.

(b) **Failure to Meet Requirements.** If the requirements of Section 3.3(a)(i) or (ii) are not met by a Participant to whom such requirements are applicable, such Participant's Deferred Amounts, if any, will be paid to such Participant, with adjustment to reflect the performance of any Selected Benchmark Return Option, as soon as practicable after it has

been determined that the requirements have not been met. If the requirements of Section 3.3(a)(iii) are not met by a Participant, the greater of such Participant's Deferred Amounts or Account Balance will be paid to such Participant as soon as practicable after it has been determined that the requirements have not been met.

3.4 Return Options; Adjustment of Accounts.

(a) **Selection of Private Fund Return Options.** In any year that a Private Fund partnership is offered as a return option, eligible Participants may select the Private Fund Return Option, provided that Merrill Lynch will have the discretion to alter the Participant's payout elections if this option is chosen. **Participants should be aware that once the closing of the relevant fund has occurred, Participants will not be able to change their elections. Participants should also be aware that in the event of a Capital Call Default, for certain Private Equity Funds, they may be penalized by having their Accounts adjusted downward in accordance with Section 3.4 (d).**

(b) **Selection of Mutual Fund Return Options.** Coincident with the Participant's election to defer Compensation, the Participant must select the percentage of the Participant's Account to be adjusted to reflect the performance of Mutual Fund Return Options, for use when a Participant's Account has a Liquid Balance. All elections shall be in multiples of 1%. A Participant may, by complying with such procedures as the Administrator may prescribe on a uniform and nondiscriminatory basis, including procedures specifying the frequency with respect to which such changes may be effected (but not more than 12 times in any calendar year), change the Selected Benchmark Return Options to be applicable with respect to his or her Account.

(c) **Selection of the ML Ventures Leverage Percentage by Eligible Participants.** Prior to the closing of the offering of an ML Ventures partnership, Leverage-Eligible Participants who select the ML Ventures Return Option on a leveraged basis must choose their Leverage Percentage, in accordance with standards determined by the Administrator, by submitting such forms as the Administrator shall prescribe. Prior to the closing of an ML Ventures partnership, the Administrator will determine each Leverage-Eligible Participant's Initial Leveraged Amount by applying such Participant's Leverage Percentage to the dollar value of the portion of the Participant's Account Balance allocated to the ML Ventures Return Option. The Initial Leveraged Amount will be recorded as the Leveraged Principal Amount, to which amount Interest Amounts will be added annually in accordance with Section 3.4(e).

(d) Adjustments of ML Ventures and other Private Fund Return Options.

- (i) Whenever a distribution is paid on an actual unit of an ML Ventures partnership or other Private Fund Return Option, an amount equal to such per unit distribution times the number of units in the Participant's Account will first be applied against any Debit Balance, as provided in Section 3.4(e), and then, if any portion of such distribution remains after the Debit Balance is reduced to zero, be credited to the Participant's Account to be indexed initially to ML Retirement Reserves and then to the Mutual Fund Return Option(s) chosen by the Participant.
- (ii) In the event of a Capital Call Default, a Participant's notional investment in the relevant fund will be capped. If this occurs, the number of units represented by the return option (including, in the case of ML Ventures, any leveraged units)

will be adjusted downward to reflect a smaller investment and resulting lower leverage.

(iii) The ML Ventures Units and the Debit Balance will also be adjusted in accordance with Section 5.2 hereof in the event of a Participant's termination.

(e) **Adjustment of Debit Balance.** Any Debit Balance shall be reduced as soon as possible by any distributions relating to ML Ventures Units. Reductions of the Debit Balance, as provided in the foregoing sentence, shall be applied first to reduce the Debit Balance attributable to accrued Annual Charges and then, after all such accrued Annual Charges have been satisfied, to reduce any Leveraged Principal Amount. As of the last day of each Fiscal Year, Interest Amounts computed by the Administrator shall be added to the Leveraged Principal Amount. If on any date the Leveraged Principal Amount would be discharged completely as a result of distributions or chargeoffs, Interest Amounts will be computed through such date and added to the Leveraged Principal Amount as of such date.

(f) **Adjustment of Mutual Fund Return Balances.** While the Participant's Balances do not represent the Participant's ownership of, or any ownership interest in, any particular assets, the Balances attributable to Mutual Fund Return Options shall be adjusted to reflect credits or debits relating to distributions from any Private Fund Return Options or chargeoffs against the Debit Balance and to reflect the investment experience of the Participant's Mutual Fund Return Options in the same manner as if investments or dispositions in accordance with the Participant's elections had actually been made through the ML Benefit Services Platform and ML II Core Recordkeeping System, or any successor system used for keeping records of Participants' Accounts (the "ML II System"). In adjusting Accounts, the Participant will give instructions to the ML Benefit Services Platform which will be reflected as credits or debits as of the weekly processing of such instructions through the ML II System. This processing shall control the timing and pricing of the notional investments in the Participant's Mutual Fund Return Options in accordance with the rules of operation of the ML II System and its requirements for placing corresponding investment orders, as if orders to make corresponding investments or dispositions were actually to be made on the transaction processing date. In connection with the crediting of Deferred Amounts or distributions to the Participant's Account and distributions from or debits to the Account, appropriate deferral allocation instructions shall be treated as received from the Participant prior to the close of transactions through the ML II System on the relevant transaction processing date. Each Mutual Fund Return Option shall be valued using the Net Asset Value of the Mutual Fund Return Option as of the relevant transaction processing date; provided, that, in valuing a Mutual Fund Return Option for which a Net Asset Value is not computed, the value of the security involved for determining Participants' rights under the Plan shall be the price reported for actual transactions in that security through the ML II System on the relevant transaction processing date, without giving effect to any transaction charges or costs associated with such transactions; provided, further, that, if there are no such transactions effected through the ML II System on the relevant day, the value of the security shall be:

(i) if the security is listed for trading on one or more national securities exchanges, the average of the high and low sale prices for that day on the principal exchange for such security, or if such security is not traded on such principal exchange on that day, the average of the high and low sales prices on such exchange on the first day prior thereto on which such security was so traded;

- (ii) if the security is not listed for trading on a national securities exchange but is traded in the over-the-counter market, the average of the highest and lowest bid prices for such security on the relevant day; or
- (iii) if neither clause (i) nor (ii) applies, the value determined by the Administrator by whatever means he considers appropriate in his or her sole discretion.

All debits and charges against the Account shall be applied as a pro rata reduction of the portion of the Account Balance indexed to each of the Participant's Mutual Fund Return Options.

(g) **Annual Charge.** As of the last day of each Fiscal Year or such earlier day in December as the Administrator shall determine, an Annual Charge of 2.0% of the Participant's Original Deferred Amounts (exclusive of any appreciation or depreciation determined under Section 3.4 (f)) shall be applied to reduce the Account Balance.

- (i) In the event that all or any portion of the Account Balance is indexed to a Benchmark Return Option with less than daily liquidity, the Annual Charge will accrue as a Debit Balance and be paid out of future amounts credited to the Account Balance.
- (ii) In the event that the Participant elects to have the Account Balance paid in installments, the Annual Charge will be charged on the Remaining Deferred Amounts after giving effect to the installment payments.
- (iii) In the event that the Account Balance is paid out completely during a Fiscal Year prior to the date upon which the Annual Charge is assessed, a pro rata Annual Charge will be deducted from amounts to be paid to the Participant to cover that fraction of the Fiscal Year that Deferred Amounts (or Remaining Deferred Amounts in the case of installment payments) were maintained hereunder. The Annual Charge shall be applied as a pro rata reduction of the portion of the Account Balance indexed to each of the Participant's Selected Benchmark Return Options. In applying the Annual Charge, the pricing principles set forth in Section 3.4(f) will be followed.

(h) **Rollover Option.** In the discretion of the Administrator or a designee, additional Benchmark Return Options, including Return Options with less than daily liquidity, may be offered to all Participants under the Plan or to a more limited group of Participants. In such event, Participants will be allowed, in such manner as the Administrator shall determine, to elect that all or a portion of Account Balances be indexed to such Benchmark Return Options.

- (i) With respect to Benchmark Return Options that do not provide daily liquidity: (A) payments under Article V will be made in accordance with a Participant's election at the time of the Participant's original deferral, with any adjustments required for the more limited liquidity of such Return Option; (B) Participants may be limited in their ability to elect, change or continue their Benchmark Return Options in accordance with such terms and conditions as the Administrator or a designee may determine; and (C) the Annual Charge shall be accrued and paid, when possible, upon liquidation of all or any portion of the Benchmark Return Option, provided that no payment shall be made to a Participant under Article V hereof until all accrued Annual Charges have been paid.

- (ii) In the event that such limited liquidity options include future ML Ventures Partnerships, the designated amounts shall be credited to such Participant, accounted for, adjusted and paid out to such Participant in accordance with the terms and conditions of this Plan as they related to the ML Ventures Return Option.

3.5 Rescission of Deferral Election.

(a) **Prior to December 1, 2004.** A deferral election hereunder may be rescinded at the request of a Participant only (i) on or before December 1, 2004, and (ii) if the Administrator, in his or her sole discretion and upon evidence of such basis that he or she finds persuasive (including a material applicable change in the Participant's U.S. Federal and/or foreign income tax rate during the period between October 31, 2004 and November 30, 2004), agrees to the rescission of the election. In the event that the Administrator agrees to the rescission, the Deferred Amounts, if any, credited to the Participant's Account will be paid to the Participant as soon as practicable thereafter, subject to reduction for any applicable withholding taxes.

(b) **Adverse Tax Determination.** Notwithstanding the provisions of Section 3.5(a), a deferral election may be rescinded at any time if (i) a change in law or a final determination is made by a court or other governmental body of competent jurisdiction that the election was ineffective to defer income for purposes of U.S. Federal, state, local or foreign income taxation and the time for appeal from this determination has expired, and (ii) the Administrator, in his or her sole discretion, decides, upon evidence of the occurrence of the events described in (i) hereof that he or she finds persuasive, to rescind the election. Upon such rescission, the Account Balance, including any adjustment for performance of the Selected Benchmark Return Options, will be paid to the Participant as soon as practicable, and no additional amounts will be deferred pursuant to this Plan.

(c) **Rescission For Amounts Not Yet Earned.** Upon the Participant's written request, the Administrator may in his or her sole discretion terminate any deferral elections made hereunder with respect to Compensation not yet earned and no further amounts will be deferred. In addition, in the event a Participant receives a hardship withdrawal under the 401(k) Plan, the Administrator shall, as of the date the Participant's Elective 401(k) Deferrals (as defined in the 401(k) Plan) are suspended under the 401(k) Plan as a result of such hardship withdrawal, terminate the Participant's deferrals under this Plan in accordance with the preceding sentence, as if the Participant had requested rescission in writing. In each case, amounts previously deferred will continue to be governed by the terms of this Plan.

ARTICLE IV

STATUS OF DEFERRED AMOUNTS AND ACCOUNT

4.1 No Trust or Fund Created; General Creditor Status.

Nothing contained herein and no action taken pursuant hereto will be construed to create a trust or separate fund of any kind or a fiduciary relationship between ML & Co. and any Participant, the Participant's beneficiary or estate, or any other person. Title to and beneficial ownership of any funds represented by the Account Balance will at all times remain in ML & Co.; such funds will continue for all purposes to be a part of the general funds of ML & Co. and may be used for any corporate purpose. No person will, by virtue of the provisions of this Plan,

have any interest whatsoever in any specific assets of the Company. TO THE EXTENT THAT ANY PERSON ACQUIRES A RIGHT TO RECEIVE PAYMENTS FROM ML & CO. UNDER THIS PLAN, SUCH RIGHT WILL BE NO GREATER THAN THE RIGHT OF ANY UNSECURED GENERAL CREDITOR OF ML & CO.

4.2 Non-Assignability.

The Participant's right or the right of any other person to the Account Balance or any other benefits hereunder cannot be assigned, alienated, sold, garnished, transferred, pledged, or encumbered except by a written designation of beneficiary under this Plan, by written will, or by the laws of descent and distribution.

4.3 Effect of Deferral on Benefits Under Pension and Welfare Benefit Plans.

The effect of deferral on pension and welfare benefit plans in which the Participant may participate will depend upon the provisions of each such plan, as amended from time to time.

ARTICLE V

PAYMENT OF ACCOUNT

5.1 Manner of Payment.

(a) **Regular Payment Elections.** A Participant's Account Balance will be paid by the Company, as elected by the Participant at the time of his or her deferral election, either in a single payment to be made, or in the number of annual installments (not to exceed 15) chosen by the Participant to commence, (i) in the month following the month of the Participant's Retirement or death, (ii) in any month and year selected by the Participant after the end of 2005, or (iii) in any month in the calendar year following the Participant's Retirement; provided that, if a Participant's election would result in payment (in the case of a single payment) or commencement of payment (in the case of installment payments) after the Participant's 70th birthday, then, notwithstanding the Participant's elections, the Company will pay, or commence payment of, the Participant's Account Balance in the month following the Participant's 70th birthday unless the Participant continues to be an active full time employee at such time, in which case the Company will pay, or commence payment of, the Participant's Account Balance in the month following the Participant's cessation of active service (to the extent payment has not already been made or commenced). The amount of each annual installment, if applicable, shall be determined by multiplying the Account Balance as of the last day of the month immediately preceding the month in which the payment is to be made by a fraction, the numerator of which is one and the denominator of which is the number of remaining installment payments (including the installment payment to be made). **In the event that immediately prior to the lump sum payment or the initial installment payment, all or any portion of a Participant's Account Balance remains indexed to a Benchmark Return Option with less than daily liquidity, such payment shall be adjusted, if necessary, for the liquidity restraints of the Benchmark Return Option and, in the case of an election of 11 or more installment payments commencing upon Retirement or a date certain coincident with Retirement, shall be delayed until such Account Balance is fully liquid.**

(b) **Modified Installment Payments.** In lieu of one of the regular payment elections provided for in Section 5.1(a), a Participant may elect to receive the Account Balance in at least 11 but no more than 15 annual installment payments ("modified installment payments"), such

modified installment payments to commence on the last business day in March in the year following the Participant's Retirement or death (the "Initial Payment Date"), **provided that, in the event that immediately prior to the initial payment of such installment payments, all or any portion of a Participant's Account Balance remains indexed to a Benchmark Return Option with less than daily liquidity, such initial payment shall be delayed until such Account Balance is fully liquid.** The modified installment payments shall be computed in accordance with last sentence of Section 5.1(a) and will in all other respects be treated like regular installment payments under the Plan. By electing modified installment payments, the Participant agrees that at any time prior to the last day of February immediately preceding a Participant's Initial Payment Date (the "Determination Date"), ML & Co. shall have the right, without the consent of the Participant or any beneficiary, to change the Participant's method of payment to 11 annuitized payments ("annuitized payments"), in the event that, in the sole discretion of the Administrator, it is determined that such a change is necessary or appropriate in order to preserve the intended state tax benefits of the modified installment payments to the Participant or any beneficiary. In the event that the Administrator determines that annuitized payments shall be made, the amount of the annuitized payments will be determined by applying the Discount Rate, as defined below, to the Account Balance as of the Determination Date to create a stream of 11 equal annual payments. If annuitized payments are to be made, then the Account Balance shall cease to be adjusted pursuant to Section 3.4 as of the Determination Date (except that a pro rata Annual Charge will be deducted from the Account Balance prior to calculation of the annuitized payments to cover the fraction of the Fiscal Year preceding the Determination Date) and the Company's only obligation to the Participant shall be to make the annuitized payments when due. As used herein, Discount Rate shall mean ML & Co.'s then-applicable after-tax cost of borrowing and is defined as $(A) \times (B)$, where (A) is equal to 1 minus ML & Co.'s then-effective tax rate, expressed as a decimal, and (B) is equal to the sum of: (i) the annual yield on the then-current 5-year U.S. Treasury Note, and (ii) a spread (which will not be less than 0.10%) indicative of ML & Co.'s borrowing cost for transactions of similar structure and average maturity to the annuity, as determined by ML & Co.

(c) **Merrill Lynch's Right to Alter Payment Date.** Notwithstanding the provisions of Sections 5.1(a) and (b), if the Participant chooses an illiquid private equity benchmark, the Administrator may, in his or her sole discretion, direct that the Account Balance be paid as amounts are distributed by the underlying private equity fund rather than in accordance with the Participant's original elections.

5.2 Termination of Employment.

(a) **Death, Retirement, Rule of 45.** Upon a Participant's death or Retirement (as defined in this Plan), or termination when the Participant complies with the Rule of 45 (as defined in this Plan) prior to payment, the Account Balance will be paid, in accordance with the Participant's elections and as provided in Section 5.1(a) or (b), as applicable, to the Participant or to the Participant's beneficiary (in the event of death); provided, however, that (1) in the event that the Participant enters into competition with the business of Merrill Lynch, he or she will not be eligible for Retirement or Rule of 45 treatment under this Section 5.2 (a) and (2) in the event that a beneficiary of the Participant's Account is the Participant's estate or is otherwise not a natural person, then (i) if the Participant has elected a regular payment election pursuant to Section 5.1(a), the applicable portion of the Account Balance will be paid in a single payment to such beneficiary notwithstanding any election of installment payments, and (ii) if the Participant has elected modified installment payments pursuant to Section 5.1(b), the applicable portion of the Account Balance will continue to be payable as modified installment payments or annuitized payments, as the case may be, in accordance with Section 5.1(b), but only to a single person consisting of the administrator or executor of the Participant's estate or another

person lawfully designated by the administrator or executor (and in the event no such person is designated within a reasonable time, payment will be made in a lump sum).

(b) Other Termination of Employment — Forfeiture of Leverage .

(1) If the Participant's employment terminates at any time for any other reason than those described in Section 5.2 (a), then, notwithstanding the Participant's elections hereunder, any Available Balance will be paid to the Participant, as soon as practicable, in a single payment to the extent that the Account Balance is fully liquid, or as available, as soon thereafter as is practicable, notwithstanding the Participant's elections hereunder.

(2) In the event that a Participant's employment terminates at any time for any reason other than death or disability or in the event that the Participant qualifies for Retirement under this Plan, such Participant will forfeit all rights to the unvested leveraged portion of such Participant's ML Ventures Units, including any future Leveraged Distributions, unless the Administrator, in his or her sole discretion, determines that such forfeiture would be detrimental to Merrill Lynch; provided, however, that such forfeiture will not occur: if (a) the Participant is terminated by ML & Co. as the result of a reduction in staff, (b) the Participant delivers to ML & Co. a release of claims (in a form approved by the Administrator and counsel) he or she may have against the corporation or any of its subsidiaries, and (3) such Participant complies with the terms of such release. In the event of such forfeiture, the Participant's Account Balance and Debit Balance will be restated, as of the date of termination, to reflect what such balances would have been had the Participant selected no leverage under Section 3.4(c). To the extent necessary, the Participant's Account Balance will also be adjusted, as of the date of the termination, to credit the Participant with the amount of any Unleveraged Distributions that were previously applied to the repayment of the Leveraged Principal Amount and any Interest Amounts and, to the extent necessary, any Leveraged Distributions paid out to the Participant will be restated as a Debit Balance. Leveraged and Unleveraged Distributions shall be deemed to have been applied and distributed proportionately. All calculations hereunder shall be made by the Administrator and shall be final and conclusive.

(c) **Leave of Absence, Transfer or Disability.** The Participant's employment will not be considered as terminated if the Participant (1) is on an approved leave of absence; (2) transfers or is transferred but remains in the employ of the Company or an unconsolidated affiliate; or (3) is eligible to receive disability payments under the ML & Co. Basic Long-Term Disability Plan.

(d) **Discretion to Alter Payment Date.** Notwithstanding the provisions of Sections 5.2(a) and (b), if the Participant's employment terminates for any reason, the Administrator may, in his or her sole discretion, direct that the Account Balance be paid at some other time or that it be paid in installments; provided that no such direction that adversely affects the rights of the Participant or his or her beneficiary under this Plan shall be implemented without the consent of the affected Participant or beneficiary.

5.3 Withholding of Taxes.

ML & Co. will deduct or withhold from any payment to be made or deferred hereunder any U.S. Federal, state or local or foreign income or employment taxes required by law to be withheld or require the Participant or the Participant's beneficiary to pay any amount, or the balance of any amount, required to be withheld.

5.4 Beneficiary.

(a) **Designation of Beneficiary.** The Participant may designate, in a writing delivered to the Administrator or his or her designee before the Participant's death, a beneficiary to receive payments in the event of the Participant's death. The Participant may also designate a contingent beneficiary to receive payments in accordance with this Plan if the primary beneficiary does not survive the Participant. The Participant may designate more than one person as the Participant's beneficiary or contingent beneficiary, in which case (i) no contingent beneficiary would receive any payment unless all of the primary beneficiaries predeceased the Participant, and (ii) the surviving beneficiaries in any class shall share in any payments in proportion to the percentages of interest assigned to them by the Participant.

(b) **Change in Beneficiary.** The Participant may change his or her beneficiary or contingent beneficiary (without the consent of any prior beneficiary) in a writing delivered to the Administrator or his or her designee before the Participant's death. Unless the Participant states otherwise in writing, any change in beneficiary or contingent beneficiary will automatically revoke prior such designations of the Participant's beneficiary or of the Participant's contingent beneficiary, as the case may be, under this Plan only; and any designations under other deferral agreements or plans of the Company will remain unaffected.

(c) **Default Beneficiary.** In the event that a Participant does not designate a beneficiary, or no designated beneficiary survives the Participant, the Participant's beneficiary shall be the Participant's surviving spouse, if the Participant is married at the time of his or her death and not subject to a court-approved agreement or court decree of separation, or otherwise the person or persons designated to receive benefits on account of the Participant's death under the ML & Co. Basic Group Life Insurance Plan (the "Life Insurance Plan"). However, if an unmarried Participant does not have coverage in effect under the Life Insurance Plan, or the Participant has assigned his or her death benefit under the Life Insurance Plan, any amounts payable to the Participant's beneficiary under the Plan will be paid to the Participant's estate.

(d) **If the Beneficiary Dies During Payment.** If a beneficiary who is receiving or is entitled to receive payments hereunder dies after the Participant dies, but before all the payments have been made, the portion of the Account Balance to which that beneficiary was entitled will be paid as soon as practicable in one lump sum to such beneficiary's estate and not to any contingent beneficiary the Participant may have designated; provided, however, that if the beneficiary was receiving modified installment payments or annuitized payments pursuant to Section 5.1(b), the applicable portion of the Account Balance will continue to be paid as modified installment payments or annuitized payments, as the case may be, in accordance with Section 5.1(b), but only to a single person consisting of the administrator or executor of the beneficiary's estate or another person lawfully designated by the administrator or executor (and in the event no such person is designated within a reasonable time, payment will be made in a lump sum).

5.5 Hardship Distributions.

ML & Co. has the sole discretion, but shall not be required to, pay to the Participant, on such terms and conditions as the Administrator may establish, such part or all of the Account Balance as he or she may, in his or her sole discretion based upon substantial evidence submitted by the Participant, determine necessary to alleviate hardship caused by an unanticipated emergency or necessity outside of the Participant's control affecting the Participant's personal or family affairs. Such payment will be made only at the Participant's

written request and with the express approval of the Administrator and will be made on the date selected by the Administrator in his or her sole discretion. The balance of the Account, if any, will continue to be governed by the terms of this Plan. Hardship shall be deemed to exist only on account of expenses for medical care (described in Code Section 213(d)) of the Participant, the Participant's spouse or the Participant's dependents (described in Code Section 152); payment of unreimbursed tuition and related educational fees for the Participant, the Participant's spouse or the Participant's dependents; the need to prevent the Participant's eviction from or, foreclosure on, the Participant's principal residence; unreimbursed damages resulting from a natural disaster; or such other financial need deemed by the Administrator in his or her sole discretion to be immediate and substantial.

5.6 Domestic Relations Orders.

Notwithstanding the Participant's elections hereunder, ML & Co. will pay to, or to the Participant for the benefit of, the Participant's spouse or former spouse the portion of the Participant's Account Balance specified in a valid court order entered in a domestic relations proceeding involving the Participant's divorce or legal separation. Such payment will be made net of any amounts the Company may be required to withhold under applicable federal, state or local law. After such payment, references herein to the Participant's "Deferred Amounts" (including, without limitation, for purposes of determining the Annual Charge applicable to any remaining Account Balance) shall mean the Participant's original Deferred Amounts times an amount equal to one minus a fraction, the numerator of which is the gross amount (prior to withholding) paid pursuant to the order, and the denominator of which is the Participant's Account Balance immediately prior to payment.

5.7 No Actions Permitted that Would Cause Constructive Receipt.

Notwithstanding any provision of the Plan to the contrary, no acceleration or other modification of the time or form of payment of any amount under the Plan shall be permitted to the extent that such acceleration or modification would cause any Participant or Beneficiary to be in constructive receipt of any amount hereunder.

ARTICLE VI

ADMINISTRATION OF THE PLAN

6.1 Powers of the Administrator.

The Administrator has full power and authority to interpret, construe and administer this Plan so as to ensure that it provides deferred compensation for the Participants as members of a select group of management or highly compensated employees within the meaning of Title I of ERISA. The Administrator's interpretations and construction hereof, and actions hereunder, including any determinations regarding the amount or recipient of any payments, will be binding and conclusive on all persons for all purposes. The Administrator will not be liable to any person for any action taken or omitted in connection with the interpretation and administration of this Plan unless attributable to his or her willful misconduct or lack of good faith. The Administrator may designate persons to carry out the specified responsibilities of the Administrator and shall not be liable for any act or omission of a person as designated.

6.2 Grantor Trust.

Creation of Trust. The Administrator shall be empowered (but shall not be required) to create a grantor trust to hold assets representing the amounts deferred under this Plan on such terms and conditions as the Administrator shall approve. The trustee of the grantor trust shall be a party unaffiliated with the Company.

6.3 Payments on Behalf of an Incompetent.

If the Administrator finds that any person who is entitled to any payment hereunder is a minor or is unable to care for his or her affairs because of disability or incompetency, payment of the Account Balance may be made to anyone found by the Administrator to be the committee or other authorized representative of such person, or to be otherwise entitled to such payment, in the manner and under the conditions that the Administrator determines. Such payment will be a complete discharge of the liabilities of ML & Co. hereunder with respect to the amounts so paid.

6.4 No Right of Set-Off.

Unless specifically authorized by a Participant, the Company shall have no right of set-off with respect to any Participant's Account Balances or Account under the Plan and unless so authorized, the Company shall not withhold any sums owed to a Participant under the Plan.

6.5 Corporate Books and Records Controlling.

The books and records of the Company will be controlling in the event that a question arises hereunder concerning the amount of Adjusted Compensation, Incentive Compensation, Sign-On Bonus, Eligible Compensation, the Deferred Amounts, the Account Balance, the designation of a beneficiary, or any other matters.

ARTICLE VII

MISCELLANEOUS PROVISIONS

7.1 Litigation.

The Company shall have the right to contest, at its expense, any ruling or decision, administrative or judicial, on an issue that is related to the Plan and that the Administrator believes to be important to Participants, and to conduct any such contest or any litigation arising therefrom to a final decision.

7.2 Headings Are Not Controlling.

The headings contained in this Plan are for convenience only and will not control or affect the meaning or construction of any of the terms or provisions of this Plan.

7.3 Governing Law.

To the extent not preempted by applicable U.S. Federal law, this Plan will be construed in accordance with and governed by the laws of the State of New York as to all matters, including, but not limited to, matters of validity, construction, and performance.

7.4 Amendment and Termination.

ML & Co., through the Administrator, reserves the right to amend or terminate this Plan at any time, except that no such amendment or termination shall adversely affect the right of a Participant to his or her Account Balance (as reduced by the Annual Charge, the Debit Balance or the Leveraged Principal Amount and Interest thereon, as set forth in Section 3.4) as of the date of such amendment or termination.
