A day on which (i) the New York Stock Exchange (the "NYSE"), the American Stock Exchange and the Nasdaq Stock Market are open for trading and (ii) the Index or any Successor Index (as defined below) is calculated and published.

Merrill Lynch & Co., Inc., a Delaware corporation (hereinafter referred to as the “Company”, which term includes any successor corporation under the Indenture herein referred to), for value received, hereby promises to pay to CEDE & CO., or its registered assigns, the payment described below on the Maturity Date (as defined below) or upon an automatic call (as set forth below).

Payment or delivery of the amount due on this Global Note and any interest on any overdue amount thereof with respect to this Global Note shall be made at the office or agency of the Company maintained for that purpose in the Borough of Manhattan, The City of New York, in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

Automatic Call

This Global Note shall be automatically called and subject to mandatory redemption if the closing level of the Index on any Observation Date is greater than or equal to the applicable Call Level. If this Global Note is called pursuant to the preceding sentence, the Holder shall receive the Call Amount per Unit applicable to such Observation Date.

If this Global Note is automatically called on an Observation Date other than the Final Observation Date, the Company shall redeem this Global Note and pay the applicable Call Amount on the fifth Banking Business Day after the applicable Observation Date, subject to postponement as described below. If this Global Note is called on the Final Observation Date, the Company shall redeem this Global Note and pay the Call Amount on the Maturity Date.

If an Observation Date (other than the Final Observation Date) is not an Index Business Day or if there is a Market Disruption Event (as defined below) on such day, the applicable Observation Date shall be the immediately succeeding Index Business Day during which no Market Disruption Event shall have occurred or is continuing; provided that the closing level of the Index shall not be determined on a date later than the tenth scheduled Index Business Day after the scheduled Observation Date, and if such day is not an Index Business Day, or if there is a Market Disruption Event on such date, the Calculation Agent shall determine (or, if not determinable, estimate, in a manner which is considered commercially reasonable under the circumstances) the closing level of the Index on such tenth scheduled Index Business Day.

If the Final Observation Date is not an Index Business Day or if there is a Market Disruption Event on such day, the Final Observation Date shall be the immediately succeeding Index Business Day during which no Market Disruption Event shall have occurred or is continuing; provided that the closing level of the Index shall be determined (or, if not determinable, estimated by the Calculation Agent in a manner which is considered commercially reasonable under the circumstances) on a date no later than the second scheduled Index Business Day prior to the Maturity Date, regardless of the occurrence of a Market Disruption Event on that scheduled Index Business Day.

If, due to a Market Disruption Event or otherwise, an Observation Date (other than the Final Observation Date) is postponed so that it falls less than five Banking Business Days prior to the scheduled date for payment of the applicable Call Amount, the date on which the Call Amount for such Observation Date shall be paid, if any, shall be the fifth Banking Business Day following the Observation Date as postponed.

Payment on the Maturity Date

If this Global Note is not called on any Observation Date, on the Maturity Date, a Holder shall receive a cash payment per Unit equal to the Redemption Amount per Unit. The “Redemption Amount” with respect to each Unit shall be determined by the Calculation Agent and shall equal:

- (i) If the Ending Value (as defined below) is equal to or greater than the Threshold Level, \$10 per Unit; or
- (ii) If the Ending Value is less than the Threshold Level:

$$\$10 + \left(\$10 \times \left(\frac{\text{Ending Value} - \text{Threshold Level}}{\text{Starting Value}} \right) \times \text{Leverage Factor} \right)$$

The “Ending Value” shall equal the closing level of the Index on the Final Observation Date.

Adjustments to the Index; Market Disruption Events

If at any time the Index Publisher makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index so that the Index does not, in the opinion of the Calculation Agent, fairly represent the level of the Index had those changes or modifications not been made, then, from and after that time, the Calculation Agent shall, at the close of business in New York, New York, on each date that the closing value of the Index is to be calculated, make any adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a calculation of a level of a stock index comparable to the Index as if those changes or modifications had not been made, and calculate the closing level with reference to the Index, as so adjusted.

“Market Disruption Event” means either of the following events as determined by the Calculation Agent:

- (A) the suspension of or material limitation on trading, in each case, for more than two hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange where component stocks of the Index trade as determined by the Calculation Agent (without taking into account any extended or after-hours trading session), in 20% or more of the stocks which then comprise the Index or any Successor Index; or
- (B) the suspension of or material limitation on trading, in each case, for more than two hours of trading, or during the one-half hour period preceding the close of

trading, on the primary exchange that trades options contracts or futures contracts related to the Index as determined by the Calculation Agent (without taking into account any extended or after-hours trading session), whether by reason of movements in price otherwise exceeding levels permitted by the relevant exchange or otherwise, in options contracts or futures contracts related to the Index, or any Successor Index.

For the purpose of determining whether a Market Disruption Event has occurred:

- (1) a limitation on the hours in a trading day and/or number of days of trading shall not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange;
- (2) a decision to permanently discontinue trading in the relevant futures or options contracts related to the Index, or any Successor Index, shall not constitute a Market Disruption Event;
- (3) a suspension in trading in a futures or options contract on the Index, or any Successor Index, by a major securities market by reason of (a) a price change violating limits set by that securities market, (b) an imbalance of orders relating to those contracts or (c) a disparity in bid and ask quotes relating to those contracts shall constitute a suspension of or material limitation on trading in futures or options contracts related to the Index;
- (4) a suspension of or material limitation on trading on the relevant exchange shall not include any time when that exchange is closed for trading under ordinary circumstances; and,
- (5) for the purpose of clauses (A) and (B) above, any limitations on trading during significant market fluctuations under NYSE Rule 80B, or any applicable rule or regulation enacted or promulgated by the NYSE or any other self regulatory organization or the Securities and Exchange Commission of similar scope as determined by the Calculation Agent, shall be considered "material".

Discontinuance of the Index

If the Index Publisher discontinues publication of the Index, and the Index Publisher or another entity publishes a successor or substitute index that the Calculation Agent determines, in its sole discretion, to be comparable to the Index (a "Successor Index"), then, upon the Calculation Agent's notification of that determination to the Trustee (as defined below) and the Company, the Calculation Agent shall substitute the Successor Index as calculated by the Index Publisher or any other entity and calculate the closing value of the Index on any Observation Date and/or the Ending Value. Upon any selection by the Calculation Agent of a Successor Index, the Company shall cause notice to be given to Holder of this Global Note.

In the event that the Index Publisher discontinues publication of the Index and:

- the Calculation Agent does not select a Successor Index; or

-
- the Successor Index is not published on an applicable Observation Date,

the Calculation Agent shall compute a substitute level for the Index in accordance with the procedures last used to calculate the Index before any discontinuance. If a Successor Index is selected or the Calculation Agent calculates a level as a substitute for the Index as described below, the Successor Index or level shall be used as a substitute for the Index for all purposes, including the purpose of determining whether a Market Disruption Event exists.

If the Index Publisher discontinues publication of the Index before an applicable Observation Date and the Calculation Agent determines that no Successor Index is available at that time, then on each Business Day until the earlier to occur of:

- the occurrence of an automatic call; or
- the determination of the Ending Value; or
- a determination by the Calculation Agent that a Successor Index is available,

the Calculation Agent shall determine the value that would be used in determining whether an automatic call has occurred, computing the Call Amount or the Redemption Amount, as applicable, as described in the preceding paragraph as if that day were an Observation Date. The Calculation Agent shall cause notice of each value to be published not less often than once each month in *The Wall Street Journal* or another newspaper of general circulation and arrange for information with respect to these values to be made available by telephone.

“Business Day” means any day on which (i) the Index or any Successor Index, if any, that has not been discontinued, is calculated and published and (ii) with respect to the Index, or any Successor Index, which has been discontinued, a day on which the applicable exchanges listing the stocks of companies used to calculate a substitute level for the Index following a discontinuance, referred to above, are open for trading.

General

All percentages resulting from any calculation on the Notes shall be rounded to the nearest one hundred-thousandth of a percentage point, with five one-millionths of a percentage point rounded upwards. For example, 9.876545% (or .09876545) would be rounded to 9.87655% (or .0987655). All dollar amounts used in or resulting from any calculation shall be rounded to the nearest cent with one-half cent being rounded upward.

This Global Note is one of a duly authorized issue of the Company's Medium-Term Notes, Series C, and designated as Strategic Accelerated Redemption Securities which are due on the Maturity Date. The Notes are issued and to be issued under an indenture dated as of April 1, 1983, as amended and restated (the "Indenture"), between the Company and The Bank of New York (herein called the "Trustee", which term includes any successor Trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights thereunder of the Company, the Trustee and the Holders of the Notes and the terms upon which the Notes are to be authenticated and delivered.

Unless the certificate of authentication hereon has been executed by or on behalf of the Trustee with respect to the Notes under the Indenture, or its successor thereunder, by the manual signature of one of its authorized officers, this Global Note shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

The Notes are issuable only in registered form without coupons in the Denominations specified above. As provided in the Indenture and subject to certain limitations therein set forth, this Global Note is exchangeable for certificates representing notes of like tenor and of an equal Principal Amount as requested by the Holder surrendering the same. If (x) the Depository is at any time unwilling or unable to continue as depository and a successor depository is not appointed by the Company within 60 days, (y) the Company executes and delivers to the Trustee a Company Order to the effect that this Global Note shall be exchangeable or (z) an Event of Default has occurred and is continuing with respect to this Global Note, this Global Note shall be exchangeable for certificates representing the Notes in definitive form of like tenor and of an equal Principal Amount, in authorized denominations. Such definitive Notes shall be registered in such name or names as the Depository shall instruct the Trustee. If definitive Notes are so delivered, the Company may make such changes to the form of this Global Note as are necessary or appropriate to allow for the issuance of such definitive Notes.

In case an Event of Default with respect to this Global Note shall have occurred and be continuing, the amount payable to a Holder of this Global Note upon any acceleration permitted by the Notes, with respect to each Unit of this Global Note, shall be equal to the Redemption

Amount per Unit of this Global Note, as specified above, calculated as though the date of acceleration were the Maturity Date.

In case of default in payment of this Global Note, whether on the Maturity Date, as a result of an automatic call or upon acceleration, from and after such date this Global Note shall bear interest, payable upon demand of the Holders thereof, at the Default Rate, to the extent that payment of interest shall be legally enforceable, on the unpaid amount due and payable on such date in accordance with the terms of this Global Note to the date payment of such amount has been made or duly provided for.

The Default Rate with respect to this Global Note shall be the Federal Funds Rate, reset daily. "Federal Funds Rate" means:

- (1) the rate with respect to a particular interest determination date displayed on Reuters or any successor service on page FEDFUNDS1 under the heading "EFFECT" or any other page as may replace page FEDFUNDS1 on that service ("Reuters Page FEDFUNDS1"), or
- (2) if the rate referred to in clause (1) does not appear on Reuters Page FEDFUNDS1 or is not published by 3:00 P.M., New York City time, on the related calculation date, the rate with respect to a particular interest determination date for United States dollar federal funds as published in H.15 Daily Update, or other recognized electronic source used for the purpose of displaying the applicable rate, under the caption "Federal Funds (Effective)", or
- (3) if the rate referred to in clause (2) is not published by 3:00 P.M., New York City time, on the related calculation date, the rate with respect to a particular interest determination date calculated by the Calculation Agent as the arithmetic mean of the rates for the last transaction in overnight United States dollar federal funds arranged by three leading brokers of United States dollar federal funds transactions in The City of New York, which may include the agent or its affiliates, selected by the Calculation Agent prior to 9:00 A.M., New York City time, on the Business Day following that interest determination date, or
- (4) if the brokers selected by the Calculation Agent are not quoting as mentioned in clause (3), the Federal Funds Rate for the Business Day preceding the particular interest determination date.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company and the Trustee with the consent of the Holders of not less than 66 2/3% in aggregate principal amount of the Securities at the time Outstanding of each series affected thereby. Holders of specified percentages in aggregate principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of each series, are permitted to waive compliance by the Company with certain provisions of the Indenture and certain past

defaults under the Indenture and their consequences. Any such consent or waiver by the Holder of this Global Note shall be conclusive and binding upon such Holder and upon all future Holders of this Global Note and of any Note issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof whether or not notation of such consent or waiver is made upon this Global Note.

No reference herein to the Indenture and no provision of this Global Note or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay with respect to each Unit hereof the cash payment with respect to each Unit of this Global Note, as specified above and interest on this Global Note, if any, at the time, place and rate, and in the coin or currency, herein prescribed.

As provided in the Indenture and subject to certain limitations set forth therein and on the face hereof, the transfer of this Global Note may be registered on the Security Register of the Company, upon surrender of this Global Note for registration of transfer at the office or agency of the Company in the Borough of Manhattan, The City of New York, duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Company duly executed by, the Holder hereof or by his attorney duly authorized in writing, and thereupon one or more new certificates representing the Notes of authorized denominations, of like tenor and for the same Principal Amount shall be issued to the designated transferee or transferees.

Prior to due presentment of this Global Note for registration of transfer, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Global Note is registered as the owner hereof for all purposes, whether or not this Global Note be overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

The Company and each Holder and beneficial owner (by acceptance hereof) hereby agree (in the absence of an administrative determination, judicial ruling or other authoritative guidance to the contrary) to characterize and treat this Global Note for all tax purposes as a pre-paid cash-settled forward contract linked to the level of the Index.

The Indenture and this Global Note shall be governed by and construed in accordance with the laws of the State of New York.

All terms used in this Global Note which are defined in the Indenture but not in this Global Note shall have the meanings assigned to them in the Indenture.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed under its corporate seal.

Merrill Lynch & Co., Inc.

New York, New York 10080

Ladies and Gentlemen:

As your counsel, we have examined a copy of the Restated Certificate of Incorporation, as amended, of Merrill Lynch & Co., Inc. (the "Company"), certified by the Secretary of State of the State of Delaware. We are familiar with the corporate proceedings had in connection with the proposed issuance and sale by the Company to Merrill Lynch, Pierce, Fenner & Smith Incorporated ("MLPF&S"), pursuant to a Distribution Agreement dated March 31, 2006 (the "Distribution Agreement") between the Company and MLPF&S, of the Company's Strategic Accelerated Redemption SecuritiesSM Linked to the Dow Jones Industrial AverageSM due April 2, 2010 (the "Notes") in an amount equal to \$81,750,000 aggregate principal amount of the Notes. We have also examined a copy of the Indenture between the Company and The Bank of New York as successor Trustee, dated as of April 1, 1983, as amended (the "Indenture"), and the Company's Registration Statement on Form S-3 (File No. 333-132911) relating to the Notes (the "Registration Statement").

Based upon the foregoing and upon such further investigation as we deemed relevant in the premises, we are of the opinion that:

1. The Company has been duly incorporated under the laws of the State of Delaware.

2. The Notes have been duly and validly authorized by the Company and, when the Notes have been duly executed and authenticated in accordance with the terms of the Indenture and delivered against payment therefor as set forth in the Distribution Agreement, the Notes will constitute valid and legally binding obligations of the Company, enforceable against the Company in accordance with their terms, except to the extent that enforcement thereof may be limited by bankruptcy, moratorium, insolvency, reorganization or similar laws relating to or affecting creditors' rights generally and except as enforcement thereof is subject to general principles of equity (regardless of whether enforcement is considered in a proceeding in equity or at law).

We consent to the filing of this opinion as an exhibit to the Registration Statement and as an exhibit to the Current Report of the Company on Form 8-K dated April 2, 2008.

Very truly yours,

/s/ SIDLEY AUSTIN LLP
